Proceedings of The School Board.

The Board of School Comissioners for Carroll county held a meeting on Monday, the 4th instant; all the Commissioners were present.

Messrs. Jesse P. Weybright, S. R. Weybright, Geo. T. Ritter and Peter Baumgardner, a delegation from the Keysville district, came before the Board in the interest of a new school house at Keysville. The delegation represented that the present house is old, too small, and badly in need of reconstruction. The citizens of that community claim that in providing for the future as well as for the present, the house now in use should be taken away and replaced by a new two room house.

The Board stated to the delegation that similar request from different parts of the county are often before the Commissioners for several years; also that it is the practice of the Board, where the improvements are found to be necessary, to relieve the situation just as soon as the way to do it will appear. The members of the delegation were informed that two years ago urgent requests were brought before the Board for an addition to the West End school in Westminster in order to relieve the crowded condition which exists in this town. The Board then decided that in 1909 or 1910 an effort would be made to meet the demands by putting an addition to the West End school house in Westminster. This crowded condition has been discussed at every meeting of the Commissioners for the last three or four months, and it is the purpose of the Board as expressed in these meetings, to put up the addition at the West End the coming summer. These facts were stated to the gentlemen on the delegation, so that they might more fully understand the anxiety of the Board to give the relief just as soon as the Commissioners can see their way to do it.

It was ordered that ten dollars be paid toward the erection of belfrey at Freedom, Mexico and Baust's.

This being the season when many pupils drop out to help on the farm, the Superintendent was directed to close the assistants' rooms, and to close a few schools known as small schools, when the attendance falls below the number of pupils required to keep the school open legally and properly. Usually about three known as small schools and four or five assistants belong to this class.

MARRIED.

At Salem Lutheran parsonage this city, March 27th, 1910, by Rev. R. W. Doty, Miss Grace Gamber, of Gamber, and Mr. Chas. R. Dull, of Patapsco.

IN MEMORIAM.

In loving remembrance of my dear husband, Nathaniel Zile, who died one year ago, April 9th, 1909.

One year on earth without his presence,
One year of loneliness, grief and pain,
But still I smile amid my tears
In knowing my loss is but his gain.

I miss him in my joys and sorrows,
He was my life, my center and my sun;
And yet I would not call him back,
But whisper, "O, God, Thy will be done,"
By his Wife.

One lonely year dear papa,
God only knows how lonely.

Keep green, dear God, a grave that lies,
Beneath the wide and starry skies;
Keep sweet with sleep and give him rest,
Whose hands are folded on his breast.
By his daughter, Linnie.
