AMERICAN SENTINEL.

WESTMINSTER, MARYLAND.

JOS. D. BROOKS, Editor.

Entered at the Postoffice at Westminster, Md., as Second-class matter.

FRIDAY, AUGUST 12, 1910.

In the leading editorial in its issue of July 15, 1910, the Democratic Advocate in speaking of its party says :

"Another thing that the leaders have omitted to do is to lay down a positive policy to guide the party in event of victory. A source of our weakness, heretofore, has been that the Democratic party was simply a party of opposition as it told the people only in general terms its proposed policy."

Good afternoon. Has the Colonel read you out of the Democratic party ?

This is the season of the year when the Democratic party begins to "view with alarm."

"Back to the farm" sounds very well, but when a fellow has, for several years, indulged in the gayeties of city life he cannot "come back." We think "stay on the farm" is a much better movement.

It would have made no difference what sort of a tariff bill had been passed by the last Congress the Democratic party would have opposed it.

It is only a party of opposition. The Democratic Advocate says so, and it ought to know.

The Payne-Aldrich tariff law was not made in secret, but in the open. It was not railroaded through either House of Congress but was fully and carefully considered, debated and amended. It is the law of the land and should have a fair trial before being condemned by our Democratic friends.

In our issue of July 29th, we printed in large type on our first page a lot of names of fruits &c. which were intended to be used by housewives as labels. The word "plums" was inadvertently set up in the composing room as "plumbs," a mistake liable to happen in any office.

From the amount of guying we have received we are convinced that our paper is thoroughly read by the public. One lady in Chicago wrote us that we were "plumb wrong."

Many insectivorous birds live in the South during the winter and in the spring come into Maryland to hatch their young. These birds protect our crops from numerous insects and are therefore very valuable. As soon, however, as the young birds come out of the nest some worthless cats devour them. If we would protect these birds we must get rid of the cats. When a cat acquires a taste for the young birds or young chickens there is no better remedy than a shot gun.

The public schools of the county will soon open but we have heard of no effort being made to supply the lower grades with more teachers. We suspect it will be the same old story and that nothing less than a revolution will bring the authorities to the realization that the people of the county intend to have their children properly taught.

No human being can properly teach 40 or 50 young children. If the proper foundation is not laid all later teaching amounts to nothing.

We have received a copy of the first issue of The Evening Press, a new daily newspaper published in Frederick City, Md. It is a clean, well printed 8 page journal and is dated August 2 1910. It states that it will be issued every evening, except Sunday, will be independent in all things and devoted to the interests of the people of the town and county of Frederick.

The staff is composed of the following well known gentlemen :

Paul Winchester. Editor ; Fabian Posey, General Manager; Alban M. Wood, Advertising Manager.

The offices are at 43 South Market street, Frederick, Md. We welcome The Evening Press into newspaperdom and wish it all kinds of success.

The County Debt.

The Democratic politicians of this county are everlastingly talking about the county being out of debt. We hear it in every campaign ; but they do not fool the knowing ones. The School Commissioners owe $22,000. Whose debt is it, and how was it contracted ?

If the county has a balance of $47,659.-80 why don't the County Commissioners pay off the $22,000 and thus lift a load from the School Commissioners ? The very fact that a debt of $22,000 is saddled on the schools of the county, instead of being wiped out entirely, is evidence of the position of the Democrats of this county as regards any increase in the teachers' salaries. Having the legislature pass a bill requiring the School Commissioners to pay off the debt was only a subterfuge to fool some people.

The county is not out of debt so long as the $22,000 remains unpaid. Pay it and relieve the School Commissioners.
