REPUBLICAN CANDIDATE FOR CONGRESS,

HON. WILLIAM B. BAKER,

OF HARFORD COUNTY.

Don't fail to see that every Republican who is not Registered attends to it on Tuesday, October 4th.

In the leading editorial in its issue of July 15, 1910, the Democratic Advocate in speaking of its party says :

"Another thing that the leaders have omitted to do is to lay down a positive policy to guide the party in event of victory. A source of our weakness, heretofore, has been that the Democratic party was simply a party of opposition as it told the people only in general terms its proposed policy."

Just remember that Hon. William B. Baker is one of the fathers of the excellent rural free delivery of mail now enjoyed by the people of this county.

Are you hankering for 46 cent wheat and a Coxey's Army? If so, vote the Democratic ticket this fall. If you want the present condition to exist vote for William B. Baker for Congress.

This is a rural county and this city a rural town. A glance at that bank deposit of $5,779,909.15, which grew up under a Republican administration ought to convince the thoughtful voters of Carroll county that it is to their interest to keep the Republican party in power at Washington.

When the McKinley tariff was in operation the Democratic party "viewed with alarm" the constant rise in farm products. When it got into power and repealed the McKinley law, and the prices of farm product went sliding down the toboggan, it again "viewed with alarm" the wreck and ruin it had wrought.

Cheap Shoes.

Sometime ago we were told that if the duty was removed from imported rawhides we would be able to purchase our shoes so much cheaper ; that it was the everlasting tariff that was making the price of shoe leather so high. In obedience to the apparent unanimous appeal a Republican congress removed the duty on all imported rawhides, thereby depriving the Government of considerable revenue.

Have the promised lower prices of shoes materilized? Do you get any better shoes for the same amount of money ? If you do not, do you think it is fair to deprive the Government of the former revenue received by it from the tariff on rawhides ? We are told by our low tariff and free trade Democratic friends that if the accursed tariff is removed from imported articles we will be able to buy many things so much cheaper and life will be one long sweet song. Do you think their scheme has panned out very well in the matter of shoes ? If the principles announced by the Democrats did not pan out on shoes do you know of any article of clothing or merchandise which can be used to make the thing work out according to the ideas of our Democratic friends ?

Lest You Forget.

Speaking of free trade and low tariff, if our Democratic friends should succeed in carrying out their ideas what do you think will become of the vast army of mechanics and laborers that is employed in our factories? Didn't they, the Democrats, immediately after the adoption of the McKinley tariff, raise a howl about the high prices which they alleged had been brought about by it? And don't you remember that in 1892 the people elected Grover Cleveland, president, because they believed the pretty story told by our Democratic friends ? How they, the Democrats, were going to make everything so cheap that no man need want for anything &c.? You remember all that, don't you?

You also remember the result too, don't you ? You remember that a Mr. Wilson, of West Virginia, was made chairman of the committee of Ways and Means of the House and that the so-called Wilson Bill was finally adopted. Don't you remember our factories were all closed and the farmers were called upon to help feed the poor people who had organized themselves into an army and were roaming over the country begging for food? Have you forgotten about the soup houses that were opened in all the large cities for the purpose of feeding the poor men out of work ? Have you forgotten that corn went down to $1.25 per barrel, wheat to 46 cents a bushel and some other farm products could hardly be given away ?

Have you forgotten how Mr. McKinley, when he was the candidate of the Republican party for President, announced from the stump that we had better get our factories re-opened and see the smoke curl up from a thousand chimneys than to adopt a silver standard of money at a ratio of 16 to 1, as advocated by the Democrats? Have you forgotten how, after the election of Mr. McKinley and the adoption of the Dingley tariff, and the repeal of Democratic Wilson law, the factories and mines resumed operations and all idle men went back to work and a shout for joy went up from the depending women and children of the land ?

Have you forgotten how the prices of farm produce rose step by step until the present era of prosperity dawned upon the farmers? Have you forgotten that during the operation of the Democratic Wilson tariff that farmers in Carroll county were being sold out by the wholesale and that many farmers voluntarily quit because of the condition of the country ? Have you forgotten that since the restoration of the Republican party to power the banks in Carroll county have increased in number until now we have 20, with a total deposit of $5,779,809.15?

In 1892 the Democratic party told you what it would do if it were put in power, and you know the result. In 1896, Mr. Bryan, the then candidate of the Democratic party, told you what the Democratic party would do if it were put in power. You also know the result of that election and what has been the condition of the country ever since. The Democratic party is again asking to be entrusted with power. Can you trust it ? Would you take back into your employ a man who had wrecked your business and driven you into bankruptcy ?

ALL HIS LOVED ONES MURDERED

Phoenixville, Pa., September 20.—Returning tonight from his work in a nearby granite mine, John Saus, of Byers, 11 miles west of here, became alarmed at the absence of a light in the house, and entering his home was horrified to discover the dead bodies of his wife and two small daughters. Later, in the yard of his home, he found his seven-year old son, who died while being hurried to the Phoenixville Hospital. The skulls of all were broken, as if by an axe or club, and the identity of the murderer is as yet a mystery.

The crime has aroused the entire countryside, and searching parties heavily armed tonight scoured the hills in the vicinity of the quiet little village for a fellow workman of Saus, who boarded with him and is under suspicion. This man was not at work this afternoon, and he cannot be found.

SCARCITY OF WATER IN BALTIMORE

Baltimore is passing through a period of acute danger at this time. If the water supply, which is now getting very low, should be reduced as to be sufficient only for drinking purposes, it would be an almost immeasurable calamity. Factories would be shut down for lack of power and an army of people would be idle and without the means of earning their daily bread. If during the failure of the water supply a conflagration should occur a whole section of the city might be destroyed while the firemen were looking helplessly at the flames. Every home would be in distress.

I. O. O. F. GRAND LODGE ELECTS

Atlanta, Sept. 20.—The Sovereign Grand Lodge of the Independent Order of Odd Fellows elected the following officers on Tuesday, at Atlanta, Georgia.

Grand Sire—John B. Cockrum, Indianapolis.

Deputy Grand Sire—C. A. Keller, San Antonio, Texas.

Grand Secretary—John B. Goodwin, Baltimore, re-elected.

Grand Treasurer—M. Richards Muckle, Philadelphia, re-elected.

Deputy Grand Sire Cockrum succeeds W. L. Kuykendall, now Past Grand Sire.

Baltimore is on the verge of a water famine. In Highlandtown the water is shut off at night in order to save it for the following day. Our people should stop sprinkling lawns and gardens during this drouth. We can not tell when we might be called upon to do without water.

John Turnbull, Jr., probably the oldest and one of the best known merchants of Baltimore, died on Monday at the great age of 94 years and 9 months. The firm of John Turnbull, Jr., & Co. has for nearly two generations been one of the most highly respected business houses in Baltimore.

Because of the rapidly increasing freight business, the Western Maryland Railway has placed an order for several new locomotives of the heavy freight type. It is expected that they will be delivered within the next 30 days.

FALLS BOTTOM ITEMS

Owing to the affliction of our pastor, Rev. B. K. Betts, we have been deprived of his preaching, but we have been having very good meetings. We are glad to learn that he is improving.

Mrs. George A. Fleming and daughter, Frances, have returned home from their visit to friends and relatives in Baltimore and Washington.

Mr. and Mrs. William Grimes and family, Mr. R. F. Gosnell and Miss Elsie Fowble visited Mr. and Mrs. Evan L. Gosnell on Sunday last.

The tournament held in the grove of Mr. James M. Pickett, near here, was a decided success.

The farmers of this vicinity are quite busy cutting off corn and sowing wheat.

ATTENTION TEACHERS

I am quite sure I voice the sentiment of the entire association of teachers in saying that our institute was the best we have held and that the new departure, the group plan, was quite a success.

That all the teachers might be benefited by the instruction given in section A, for instance, we suggest that those teachers exchange their new ideas with the teachers of section B. C. & D., and vice versa. This will leave some good work to be done by the association. Now if you approve of this suggestion, select the best things from your notes and preserve them till the second meeting of the association.

As was announced by Prof. Simpson at the last session of the institute, the Round Table on Spelling will occupy mainly the time of the association at its meeting in November.

Prof. Geo. F. Morelock, who will lead in this discussion, will appoint his associates and furnish them with outline of discussion. Following this some time will be allowed for general talk.

The above suggestion, Exchange of Ideas, will be considered and the general routine of business of the association attended to.

Suggestion for a song book for our associations will also be in order.

Yours for a successful year in school,

EMORY C. EBAUGH, Pres.
