Commencement Week Decorations.

To the Citizens of Westminster:—

The Commencement Week of Western Maryland College is always more or less of a festive occasion and attracts a very considerable number of visitors to our city. But this year it will be of unusual interest on account of the celebration of President Lewis' twenty-fifth anniversary and prospects indicate an unusual attendance. It is to be a "home-coming week" for all old students and has been extensively advertised.

We take this means of suggesting to and urging upon our merchants and our citizens in general the fitness of joining in this celebration and helping it along in any way possible, but especially by putting up suitable decorations and insignia.

A generous display of bunting, flags and banners will give our city a gala appearance and show to our guests as well as to ourselves that we appreciate the College as a material and intellectual asset to our community.

It should be a matter of civic pride to make the best showing we can at this time and help in bringing about the success of the celebration.

The date is June 9-14, and the college colors are "Green and Gold."

Jesse S. Myers, John H. Cunningham, Fred. D. Miller, W. Frank Thomas, E. O. Grimes, Jr., Charles O. Clemson, committee.

I heartly endorse the proposition and will aid you in the enterprise all I can. It is eminently proper that our townspeople should honor the College and the occasion in this way—a deserved mark of appreciation, and while contributing to the success of the celebration, it will at the same time benefit the town itself in the good impression made on the many strangers that will be in our midsts at this time.

I am glad to give you all the encourgement my office warrants and feel sure that a moment's consideration on the part of our citizens will bring a hearty response to your efforts.

Very truly yours,
ERNEST J. SPONSELLER,
Mayor.
