BURDENS LIFTED.

From Westminster Backs—Relief Proved by Lapse of Time.

Backache is a heavy burden;
Nervousness wears one out;
Rheumatic pain; urinary ills;
All are kidney burdens—
Daily effects of kidney weakness.
No use to cure the symptoms,
Relief is but temporary if the cause remains.
Cure the kinedys and you cure the cause.
Relief comes quickly—comes to stay.
Doan's Kidney Pills cure kidney ills;
Here's Westminster testimony.
Prove it by your neighbor's case.
The story of a permanent cure.

Harry C. Jones, cigar maker, Green street, Westminster, Md., says: "The statement I gave in 1907, publicly recommending Doan's Kidney Pills still holds good. For a long time I had trouble from my back and kidneys. The kidney secretions contained sediment and were irregular in passage, causing me annoyance. My back also ached and although I used various remedies I was not helped until I procured Doan's Kidney Pills at Moore's Drug Store. They restored me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ANNAPOLIS NEWS

Annapolis.—Judge Brashears has appointed William Williams, of Germantown, as bailiff of the Anne Arundel Circuit Court, vice H. Fletcher Basil, who died two weeks ago.

Annapolis.—Although it was expected that the series of aviation experiments to test the adaptability of aeroplanes for use in the naval service, as well as to instruct the younger officers, would get under way promptly, it is unlikely that the work will get its actual start until about the middle of next month. There has been quite a setback in the construction of the Curtiss hydroplane, one of the machines to be used in the tests, though the Wright biplane has been at Annapolis for the past two weeks. The prime reason for the delay in formally opening the school is the fact that Lieut. John Rodgers, who is to have charge of the instruction, went on leave. Lieut. T. G. Ellyson is the Curtiss pupil, and he will have charge of the instruction in manipulating the hydroplane.

THE NEWS OF MARYLAND

Frederick.—The conference of Maryland Mayors, which will be held here on October 15—the second day of the annual gathering of the Associated Boards of Trade of Maryland—is expected to be one of the features of the convention. Mayor Preston of Baltimore will preside, and addresses will be made by several of the most progressive executives in the State. The afternoon session that day will be given over to consultations by the Mayors, and President Taft will address the delegates at the end of the Mayor's session. Discussing the gathering of Mayors, Captain John D. Markey, secretary of the State body, said the gathering has been arranged with the hope that the bringing together of Maryland executives will make for a greater interest in the State body, and that it is thought that less progressive towns will reward the Association with the formation of more boards of trade in those cities which now have no such bodies.

Hagerstown.—The Edward L. Williams Company, formed for the purpose of real estate development, has been incorporated here with a capital of $10,000. The incorporators are Edward L. Williams and C. J. Spaulding, of Martinsburg, and Harry R. Beyard, of Hagerstown. Alexander Armstrong, Jr., is attorney for the company.

Union Bridge.—The board of trustees of the Postal Savings system at Washington has approved the Union Bridge Banking and Trust Company as a Government depository for postal savings funds at this point. The postmaster here is authorized to receive deposits on and after October 7.

Hyattsville.—The fall term of the Circuit Court for Prince George's county opens October 2. The docket is an unusually small one. The most serious criminal case that comes up for trial is that of young Morgan, who attempted to hold up the First National Bank at Laurel.

Cumberland.—Harry H. Weir, who was arrested here on a warrant charging him with illegally peddling cocaine in West Virginia, was taken to Pocahontas county on a requisition. It is charged his crimes cover three years. The minimum penalty for the offense in West Virginia is one year in the penitentiary.

Havre de Grace.—The will of Miss Alverda Hall, of Baltimore, filed for probate, leaves the bulk of her estate to Edward H. Hall in trust for the benefit of her sister, Eliza, for life, and the remainder to the rector of St. Mary's Church, Harford county.

Hagerstown.—Saturday the Hagerstown Postoffice became a postal savings depository. The first depositor was J. Brooke Boyle. Frank L. Bennett, assistant postmaster, will have charge of the department.

Cumberland. — The Cumberland Fair and Agricultural Association has closed a contract with George Mestach, the French aviator, to make two flights daily in his monoplane during the fair in Cumberland, October 3 to 7. Each flight is to be at a height of at least 1,000 feet.

Hagerstown. — Sharpsburg will hold an Old Home Week celebration next July to commemorate the one hundred and fifth anniversary of the founding of the town.

Hagerstown.—Charles Shrader, of Waynesboro, charged with stealing a horse belonging to W. F. McNeal, near Clay Hill, was arrested, and after a hearing was held for court in $1,000 bail.

Frederick.—Prof. Irving S. Biser, the leader of the Braddock Heights Orchestra, will continue at the head of that organization. The orchestra gained popularity on account of sacred concerts at Braddock Heights every Sunday evening this summer.

Port Deposit.—The Tome School for Boys reopened with vesper services in the school chapel. The enrollment this year is the largest in the history of the school. Every dormitory will be crowded to its utmost capacity. Thirty States are represented in the registration. The first of the course of lectures and entertainments for the year was given on Saturday evening by Thomas A. Daly, of Philadelphia. Rev. Dr. William Morgan, of Newark, N. J., will preach the first of the monthly school sermons in Memorial Hall on Sunday, October 1.

Upper Marlboro.—Governor Crothers has appointed Charles L. Turner a member of the Board of Liquor License Commissioners for Prince George's county, to succeed T. Howard Duckett, resigned. James A. Walters, of Surratt's, has received the appointment as jury commissioner, taking the place of George W. Hardy, who recently became a member of the Board of Election Supervisors in place of Charles L. Turner, of Aquasco.

Frederick.—The incorporation papers of the Valentine Manufacturing Company were filed here in the clerk's office. The principal office of the company will be at Rocky Ridge, near this city. The capital stock is $75,000, divided into 7,500 shares at the par value of $10 a share. The directors named are Elsworth G. Valentine, Doran E. Albaugh and Rozsell J. Bowen. The company will manufacture medicines.

Baltimore.—Appreciating the public demand for a complete recount of the votes cast in Baltimore in the recent primary and realizing the practical impossibility of their party beginning a real campaign until the charges of fraud connected with the count of the votes are thoroughly sifted, 15 leading Democrats of the State held a long conference with Governor Crothers Tuesday night at the Hotel Rennert, and after a discussion of the present situation unanimously passed a resolution requesting the Governor to convene the Legislature in extra session so that it can speedily recount the votes and the exact results be definitely known.

Scarcely ever has a Governor been so strongly appealed to and never have demands for an extra session been so convincingly presented. The Governor from the first exposures of fraud has fully appreciated the conditions both in the city and counties, but the arguments made to him Tuesday night made a deep impression.

COMMERCIAL

Weekly Review of Trade and Market Reports.

New York.—R. G. Dun & Co.'s Weekly Review of Trade says:

Looking at the situation as a whole, it is apparent that the volume of general business is still much below producing capacity, and there is little speculative anticipation of possible future wants. What is not so clearly appreciated is that the everyday requirements of the American people, even on a more economical basis, are increasing with the normal growth of population, and that slowly, but surely, the gap between capacity and consumption is being bridged. That capital is halted in entering upon large enterprises by the signs of the world's unrest, which appear now in one country and then in another, and which cause disturbance to the international markets, is plain enough, but business men are apparently learning to adjust their affairs gradually to these unsettled conditions and to do business while big problems are being solved.

Bradstreet's says:

This week's reports regarding distributing trade are more favorable than they have been for some little time past. Not only is there a better feeling as to the future, but trade in a number of lines has actually improved. Dry goods seem to be in the forefront as regards new demands, thus indicating that recent price reductions, especially in cottons, had a beneficial effect. Other staple lines, such as groceries, wool, clothing and wearing apparel in general, also share in the enlarged buying movement.
