Barrel Spray Pumps

Do you know that we can save you four dollars on your Barrel Pump

A $20.00 PUMP FOR $16.00

This Empire King spray pump has a **solid seamless brass cylinder.** The plunger and rod are also made of solid brass, no **leather** nor **rubber** to become worn and give trouble.

The agitator rotates instead of working up and down as it does in some other pumps. This insures a thorough mixing of the solution. Another nice feature of this pump is the **brush on the agitator.** This brush keeps the strainer perfectly clean and makes it impossible for dirt to be drawn up in the pump. This feature alone is worth dollars to the buyer.

We also carry a cheaper pump made by the Myers people. This pump has a brass lined cylinder and is an excellent pump in all respects only the air chamber is not as large as the above.

EBENEZER

Notes of Ebenezer church work. Winfield Circuit

Ebenezer has elected officers for the summer session of Sunday school with Mr. Wm. Conaway as Supt. The School will begin in April.

An interesting and highly edifying Adult Bible Study class has been this winter with Mr. S. Starnbaugh as teacher.

The Epworth League has been using the inspiring hymn, written by pastor Rev. H. C. Hall, entitled "The Call To Service," and sung to the tune of "Battle Hymn." Fifty copies are in preparation and are to be used at the regular devotional meeting The next meeting will be held April 7. Everybody welcome.

Plans are being made for extensive repairs on this church during the coming summer.

Rev. H. C. Hall, the pastor, has gone to conference. The membership is asking and earnestly hoping he may be returned to the circuit.

Mr. Eli Null, of Roseville, has sold his farm and moved to Snydersburg.

FIVE MILLION INCHES OF PUBLICITY

Anti-tuberculosis Movement Greatly Assisted by Newspapers and Magazines.

Publicity in newspapers and magazines to the amount of 1,500,000 inches a year on tuberculosis and its prevention is being given by the press of the United States, according to an estimate issued to-day by The National Association for the Study and Prevention of Tuberculosis.

If all the publicity on tuberculosis given by the press of this country in the year ending April 1st were gathered in one paper, the National Association estimates it would make a paper of over 6250 pages. In the last four years, during which time an active publicity campaign has been carried on, the National Association estimates that over 5,000,000 inches or over 90 miles of press notices on tuberculosis have been published.

"Publicity is the very heart of the educational campaign against tuberculosis", says Dr. Livingston Farrand, the Executive Secretary of the National Association. "Largely because of the intelligent coperation of the press, has the anti-tuberculosis movement in this country been able to become, as it is, the greatest organized movement of its kind in the world. When tuberculosis shall have become a rare disease, the American press may justly claim a large share in this gigantic movement."

1t MILTON A. SULLIVAN

MANCHESTER

The promoter of many surprises and the author of deep laid plans to surprise some friends clean out of their boots was the victim of a complete surprise Saturday evening last in the person of Miss Fannie G. Ross, who had been to Baltimore on Friday on business, returning Saturday morning and busied herself to be in readiness to entertain her brother, Mr. Joseph M. Motter and wife, of Baltimore, Saturday evening, the day of her birth. The guests arrived and had been entertained at supper and were enjoying the social circle about eight o'clock, when the door bell rang and in walked twenty-five of her friends carrying bundles and packages that contained a shower of birthday presents. They also extended a shower of birthday congratulations. That Miss Ross was completely surprised was shown by her countenance, but soon became herself again, had all the wraps laid aside, and the social circle was again in full swing. Everyone wanted to know what the packages contained and very soon there was a general unwrapping of bundles, all of which contained useful culinary articles. The guests were taken to the dining room and feasted upon ice cream, cake coffee, etc., which had been prepared at the home of Mrs. William H. Shower, a sister of Miss Ross, and who was the principle promoter of what proved to be an enjoyable affair to all present. There were four showers connected with the affair. The company went from the home of Mrs. A. H. Geiselman, the place of meeting to the home of the host in a shower of rain. They gave her a shower of presents follwed by a shower of congratulations and a Shower manipulated the presents.

On Thursday evening, 21st, inst., the members of Carroll Encampment and the members of the base ball team gave a supper to the members of the Ten Nights In A Barroom cast, and some friends who assisted in the play, in the banquet room of the I. O. O. F. hall which proved to be an enjoyable affair. Plates were laid for 27, all of whom did full justice to the chicken, oysters, etc. Switchel had his appetite sharpened to the limit—someone said he had two borrowed ones hidden in his vest—and he made a wreck of a lot of stuff. Report has it that he was like Alexander the Great who conquered the world and then wept because there were no more worlds for him to conquer. They really got through eating before midnight. Toastmaster, Howard Hoffman called on Prof. Bowlus who gave them an instructive talk on the success in life, including the success in a play. Prof. Dooley followed with a talk on temperance side of the drama and how fallen man may be redeemed. Dr. H. M. Keller spoke on the financial success they had as well as the ups and downs they experienced before it was ready for the public. Miss Treva Burgoon gave a fine recitation and with Switchel sang a temperance song. After this interesting period, Mr. Edward tuned the strings on the violin and the company indulged in a hop.

Mrs. William Lloyd had a company of her lady friends to a quilting at her home on N. Main St., Tuesday, that proved to be quite an enjoyable occasion to all present. The host, with her cheerfull disposition received her guests with open arms and soon had all to feel that it was to be a day of enjoyment, even if the quilting was not O. K., while the guests, on the other hand had come full of merriment, which at once made fun alive all day long. But when we come to note the dinner, as one of the guests told us, it was out of sight for goodness, with all the good things the season could afford while the table appointments were first class in every respect. All this feasting was followed by five o'clock refreshments of fruit, cake, confectionery, lemonade, coffee, chocolate, etc., to which the merry company did justice. We should not wonder that they are not still smacking their lips at the thought of their feasting. Those present were: Mesdames William Lloyd, Robert Shower, Allen Lippy, Clinton Lippy, Frank Brilhart, David Barnhart, Seward Smith, John P. Frank and Geo. Leese, Misses Mary and Susie Bixler, Anna M. Reed, Amanda Reed, Treva Lippy, Bell Frank, Irma G. Barnhart and Ruth Lippy.

Miss Corinne Sherman, who was the betrothe and bride in the tableau of Harrison Fisher's Great Periods in a Young Girl's Life," mentioned in our last, entertained the characters of the same, with a number of intimate friends, in honor of the same, on Monday evening at her home, on North Main street, that was quite an enjoyable affair. Among the amusemtnts was the driving 30 peanuts. Fine refreshments were served.

At the sale of the late Christian Hunt's property, the bidding was quite spirited, particularly on the household goods. The children and grandchildren were anxious to have some of the familiar things of the old home that brought about good prices. The farm of 72 acres was purchased by Mr. Christian Hunt, Jr., for $6350. Two shares of the Manchester Bank, par value $10, brought $40 a share; and fertilizer stock brought $10 per share and $30 per share.

Mr. William H. T. J. Lamotte spent Friday in Baltimore to bid Mr. and Mrs. Thorndike farewell, who left on Saturday morning for Philadelphia, Pa.

Mrs. C. Miller spent several days in Baltimore to see her son, Charles H. Miller start upon his first trip West since his illness.

Our section had a heavy covering of sleet on trees and bushes Sunday last.

Mrs Baltozer, who was brought home from the hospital on the 18th, has had several relapses.

Mr. Edward Kneller moved into his new home on South Main street and Mr. H. Albaugh occupied the home vacated by Mr. K.. Mr. John H. Staub moved from the Gregory house on York street to the new house next adjoining on Tuesday. Mr. Gregory will occupy the house vacated.

To be right about the age of Mr. Ira G. Lawyer as well as the birthplace we give his own account published in the Sentinel several years ago. He was born in the old stone house at Bachman's Mill, Bachman's Valley, May 14. 1826.

P. O. S. OF A. TO BANQUET

Smallwood Camp No. 63 Patriotic Order Sons of America held a largely attended and enthusiastic meeting on Wedesday night, and decided to have its annual "set-out" on Wednesday night April 17th. Messrs. Edward Arnold, Marion Bitzel and James Klohr were appointed as the committee of arrangements. It was determined that each member should have the privilege of bringing with him one friend.

UNION MILLS ITEMS

As Dennis Cretin, one of the teamsters of the B. F. Shriver Co., was coming up the pike, about noon, on the 26th inst., with a six-horse load of seed peas, he met near Herbert Essig's, the automobile of Dr. Fitzhugh, at which his team took fright, the horses suddenly swung around, on the near side, forcing one front wheel so far under the wagon that the latter, with its heavy load, was upset, and Cretin, who was walking by the side of the saddle horse, was caught under it.

Dr. Fitzhugh, with the assistance of parties near by, released him from the wreckage, in an unconscious condition. He was later hastened back to Westminster in an automobile, and sent to Baltimore on the 1.35 P. M. train, to a hospital, for treatment, and he did not regain consciousness until he had nearly reached the city. At this writing the full extent of his injuries are not known. The horses were hurt but little. Mr. Cretin's wife, and his son, Harry L. Cretin, of this place, were notified of the accident, and went to Baltimore on an evening train, on the day of the accident.

Mrs. Elizabeth Feaser, of Union Mills, has the proud distinction of being a great great grandmother. Her daughter, Barbara E., married Ephraim J. Young, of our village. Their daughter, Catherine, married Howard J. Stitely, of Hagerstown, Md. Their daughter, Nellie, married John M. Kearney, of the same place, and their daughter, Mary Elizabeth Kearney, aged four months, is the great, great grand daughter of Mrs. Feeser, above mentioned. Mrs F. is the widow of the late Jacob J. Feeser. She is eighty-five years of age, is in the enjoyment of good health, and is a most estimable woman.

Mr David J. W. Earhart, of Deep Run, is seriously ill with pneumonia.

Miss Bessie Shreeve is visiting the family of L. B. Gardner, of Mt. Washington, Md.

It is said that Irving Kroh and Abram Groft will start a tomato packing factory at Silver Run, this season, and they are now soliciting parties to plant tomatoes for them.

SHIPLEY

Smallwood Grange held a meeting March 26th. The topic for discussion was "The Selection of Seed Corn" and Mr. Elias G. Shipley, the grange lecturer, said that it was very imporant for the farmers to be careful in the selection of their seed as the corn this year was in the worst condition it has been in for many years, by reason of the wet season of last year. He said that about the holidays the corn had absorbed a great deal of dampness and the sudden change to severe cold weather had frozen the germs of the corn. The ordinary ear he said would produce about 400 ears of corn, and that the 400 ears would measure a barrel of corn which is worth $4 a barrel.

If therefore, the frozen corn was planted a considerable loss would result and the farmer might say things that would not sound well in a Sunday school. Mr. Shipley contended that the testing of corn was not very much trouble. All of the agricultural colleges and some of the public schools have been taught how to do it, and it would be well for farmers to learn how it is done. One way is to take a box five or six inches deep and fill it with good soil or sawdust and lay it off in squares and plant the corn in the spaces, taking six grains from the tip of each ear and some from the middle, marking or numbering the ears so as to correspond with the number of the squares or spaces. In a short time the grains of corn will sprout or you will know that they are worthless as seed. If the corn tested turns out to be worthless pass it on to the feed box. The topic for the next meeting will be "Seed Potatoes and Binder Twine."

Mr. Elias G. Shipley had some lumber sawed for the purpose of building a garage for his automobile, and a dairy. Mr. Howard Barnes did the work.

Mr. George Yingling is still on the sick list.

Mr. Marshal Carr is confined to his bed with rheumatism.

Mr. Reuben Frizzell wil lmove in with Mr. John Polster.

Mr. Albert Magins has accepted a position with Mr. Arthur Zile, of Winfield and will enter upon the discharge of his duties April 1st.

Mr. Clayton Bloom has moved in with his father, Mr. Granville Bloom.

Mr. Samuel Shue will move to New Windsor next week.

Mr. George McQuay has sold his property to Mr. Paul Wills.

Mr. and Mrs. Elias G. Shipley visited Mr. Almer Pickett Thursday. The latter is very sick.

The pupils and teachers of Morgan Run school have had a photograph made of the school and one desiring a copy may obtain it at the school. The school now numbers over 50 and is the largest ever known at Zion. Mr. Lewis Koontz is the teacher.

Mr. and Mrs. C. H. Wagner entertained Mr. and Mrs. J. H. Ward, Mr. and Mrs. J. P. Willhide and Mr. Ernest Shipley Tuesday evening.

Mr. Amon Shipley was in Baltimore the first of the week to see Mr. Harrison Shipley, who is at the Maryland General Hospital suffering from the injuries received by being thrown from a colt. He is improving slowly.

Mr. John T. Wagner, who has been at a hospital in Baltimore for treatment to his eyes, has returned home.

The stork visited the home of Mr. and Mrs. Nicholas Barber, March 22, 1912, and left them a fine girl.

Miss Viola and Susanna Caples entertained Misses Rosie, Julia and Tilly Wagner, Mr. William C. Caples, of Bloom and Mr. Charles Wagner, Sunday.

Mr and Mrs. Robert Caples entertained Misses Rosie, Julia and Lilly Wagner, Viola and Susanna Caples and Mr. Clarence Caples.

Mr. C. H. Wagner expects to move from Eastview to Westminster Monday next.

We have two lady farmers whose help walked off and they are now looking for help. Here is a chance for some one to do well.

A mare belonging to the Wolf stock farm dropped twin colts Wednesday evening of last week. They are both doing well. The mother has a pacing record of 2.07 and her sire a trotting record of 2.10

Messrs. Thomas and Company of this city, report the sale of the property formerly known as the Mitten property at Wakefield Valley, owned by Mr. Marshall Campbell, to Mr. Jasper Englar, of Wak field Valley.
