ONE OF WESTMINSTERS LEADING INDUSTRIES TO INCREASE ITS PLANT

At a well attended meeting of the Merchants and Manufacturers' Association of Westminster, held in the Firemen's Building Wednesday night, the association agreed unanimously to erect the building asked by the Westminster Brass and Metal Foundry Company in order that the Foundry Company may take care of its now rapidly growing business.

The Foundry Company agreed to lease the new building for the term of five years and pay an annual rental equal to the interest on the cost of construction and the taxes and insurance on the same. It is estimated that the addition including the purchase of land, will be about $2,000.

The Foundry Company now occupies the property of the association and the present rent of it together with the rent of the new buildings to be erected will liquidate the whole indebtedness within a space of six years.

The Foundry Company now employs 18 men with a payroll of $300 per week and when the new buildings have been erected it expects to employ about 25 more. The business of the company carried on in this city has no connection with the one in which it is interested in Waynesboro the latter is intended to take care of a character of business peculiar to Waynesboro.

The Foundry Company is in a prosperous condition and now has a bright future before it, all of which is due to the sound business judgment of its officers. Mr. Fred. D. Miller, one of our leading business men, is president and Mr. A. E. Moore and Mr. Allen Bacon are the real live wires of the concern.

A well-known Bostonian recently found in his trunk an old diary with the entry: "August 10, 1887. Went to the railroad station to see my sister off, and by some chance Harry Blank was there to see his sister off, and in the rush and noise and confusion we got mixed and I hugged his sister and he hugged mine."—Boston Transcript.

And thy blessed little spirit
Sweetly whispers God is love,

Here thy loss we deeply feel,

He can all our sorrows heal.

LOCAL ITEMS.

Sudden Death.—

We learn that on Friday evening Mr. John Babylon, of this county, died suddenly at the residence of Mr. John Rudesill, near Hanover, Pa. He arrived here late in the evening, apparently in good health, and partook of a hearty supper, soon after which he was attacked with paralysis, and in a few minutes expired.

Measels and Small Pox.—

Those two infectious diseases we learn are circulating in our community the former being quite prevalent in town, while several cases of the latter are reported in the neighborhood of Warfieldsburg, one of which proved fatal. At this season of the year persons can not be too careful of their health, even though no epidemics be prevalent, but when liable to such contagions should be more than ever solicitous.

Public Sale.—

The combined sales of Messre. David Henry and Elijah Wagner come off Tuesday next, where some fine stock and valuable farming implements are offered. Our friend Samuel Cover will sell his stock and farming implements also, on Wednesday next, and we would advise all who want good stock to attend. The fact of there being few sales this Spring, renders chances very desirable.

UNITED STATES SENATOR

On Thursday of last week, Hon. Reverdy Johnson was chosen, on joint ballot of the two Houses of the Legislature, to fill the vacancy occurring in the United States Senate by the expiration of the term of Hon. Anthony Kennedy. Mr. Johnson's wide-spread reputation renders unnecessary any commendation which our feelings might prompt us to add; and we will only state that when Maryland was convulsed by the machinations of a traitorous faction, he came forward to lend his talents and his energies in the service of his State, to check the progress and stifle the eristance of threatened ruin. As an appreciation of his eminent service in the United States Senate, whilst a member of that body on a former occasion, and as a grateful expression of her confidence in his ability and exalted patriotism, the State of Maryland has again sent him to the highest branch of the National Council, as the embodiment of her loyalty and the represtative of her greatness. We congratulate the Legislature on a choice creditable to themselves and satisfactory to the people of the State.
