AMERICAN SENTINEL

WESTMINSTER, MARYLAND

JOS. D. BROOKS, Editor

Published Every Tuesday and Friday Afternoon By The American Sentinel Company of Westminster, Maryland

OFFICE:
MAIN AND LIBERTY STREETS

Entered at the Postoffice at Westminster, Md., as Second-class matter.

Two papers for the same money.

A town meeting is "O-K"—when it does your way—otherwise not.

The delayed Easter bonnet was out Sunday. The day was ideal.

The ponies are running at Pimlico, and some of the patrons are going "broke".

Hon. Robert Lincoln, son of President Lincoln, is favorite of many Republicans for the nomination for President.

The Democrats of Maryland have a three cornered fight on their hands. The Wilson, Harmon and Clark bloomers have begun to boom.

The Sentinel is the only paper published in the county issued Tuesdays and Fridays. Look it over and then send us $1 for a year's subscription.

The citizens of the East End will expect something this year. All the mud streets of the town are at that end of the burg. The patience of Job is nearly exhausted.

Some "Knockers" said we could-n't do it, but just look at this issue and then tell them that they were mistaken. The Sentinel is the youngest old paper in the county.

A town meeting don't bind anyone. If it did we might as well dispense with the city election. The people have a right to a choice between two or more men. Put more candidates in the field. Do it now.

The fly campaign is looked upon as a movenment to get rid of the hog; hence the nomination of Mr. David E. Walsh, who represents the friends of the hog. If the enemies of the hog wish to make the issue acute they now have an opportunity to do so by nominating another candidate.

The recent letters to the Baltimore papers describing the Republican situation in this county were about as clear as mud. No one man, or set of men, knows anything about it. The situation is about as mixed as it could be. Organization people are divided and so are the anti-organization ones, and some others are for neither Mr. Taft nor Mr. Roosevelt.

There has been no concerted action in favor of any candidate and it is doubtful if any will be made. The Republicans of the county are intelligent enough to vote according to the dictates of their own consciences, having always in view the welfare of the party. This is a mighty bad county for bosses, dictators and rings.

THE SENTINEL

The Sentinel does not deal in dry goods, boots, shoes, notions or any other merchandise, neither does it try to control all the stores or other enterprises in Westminster; and a subscription to it or an advertisement inserted in it does not help your competitor keep his business going. It helps the individual or firm and assists the owners of the Sentinel to maintain an independent newspaper in so far as the merchants and other advertisers are concerned. Remember the Sentinel does not run a store, but tries to give you the news while it is fresh.

IN MEMORIAM.

HOOK—In loving remembrance of my mother, Mary S. Hook, who died one year ago—April 29 1911.

Dearest mother, how I miss you,
Since from earth you passed away,
And my heart is aching sorely
As I think of you each day.

O, how hard it was to part
With her, I loved so dear
One heart no greater trial knows,
No sorrow more severe.

By the beautiful gate she stands and waits,
My dear mother from pain set free;
I shall clasp her hands and feel her kiss
When the hinges turn for me.

By her daughter, Gertrude.
