Malony of Dayton, Md., was struck by the train bound from Frederick to Baltimore. Malony was so badly mangled and crushed that he died of his injuries while being taken to the University Hospital. The buggy was demolished. The horse escaped injury.

Malony was a traveling salesman for a shoe company of Baltimore, and left the city Monday. Going to Ridgeville early Tuesday morning Malony hired the rig from Robert Nelson and had started out to cover the surrounding territory. At 9.30 o'clock he reached the tracks of the Baltimore and Ohio, and there failed to see the approaching train or believed that the crossing could be made ahead of the rapidly moving locomotive. The buggy was struck fairly. It was torn away from the horse and Malony was pitched to the track in front of the engine, which passed over his body.

The crew of the train rushed the injured man to the hospital in a futile attempt to save his life as he died just before reaching Baltimore Malony was the third son of Thomas Malony of Dayton, Frederick county, Maryland.

GETTYSBURG CELEBRATION

Veterans of Both Armies Preparing for the Reunion

Gen. John R. King attended today the conference of the Pennsylvania Commission on the Fifth Anniversary of the Union Veterans and of the Confederate Veterans from every state in the country. Committees were appointed to confer with the House Committee on Rules and with Speaker Clark to provide for assistance from the government for the proper observance of the anniversary. The veterans desire that the Secretary of War shall provide all tents and other equipment as well as rations for the veterans and that an ample water supply be provided, as well as proper sanitation, sewerage and hospital facilities. An appropriation is proposed, not to exceed $150,000, to bear half the expenses of the reunion, the Gettysburg Commission to furnish a like sum out of the $250,000 appropriated for the celebration by the State of Pennsylvania. Addresses were made by prominent survivors of each of the two great armies giving assurance of reunited country and of the burial of all sectional hatred.

A report was read today from Secretary of War Stimson estimating an attendance of 40,000 veterans at the celebration. For these will be required 5,000 tents; 400 army ranges for cooking food, one field bakery, two large field hospitals and five infirmaries. The personnel of physicians, surgeons cooks and helpers will embrace about 1,800 men.

To care for the vast army of visitors during the celebration it will be necessary to almost reconstruct the town of Gettysburg and the surrounding country.

Comment was made today upon the fact that this is the greatest encampment of veteran soldiers ever attempted in the world. There will be at least 40,000 soldiers at Gettysburg whose average age in 72 years. The greatest previous encampment was at Chickamauga in 1898 when 35,000 men were assembled.

Drinking Fountain For Westminster

"Haven't you a town pump in Westminster where a fellow can get a drink?" asked a hot, tired and thirsty Odd Fellow who had marched all over Westminster in the recent big parade. And everyone has felt the need of some place where one can get not only water for his horse, but also a drink of water for himself. The W. C. T. U. has been planning for sometime to meet this need by erecting a public fountain at some central place. The county arganization at its executive session at Union Bridge last week voted to proceed at once with the work to erect the fountain which has already been ordered.

Hundreds of the citizens of Westminster and the county will use this fountain every day and the W. C. T. U. is going ahead in perfect confidence that the citizens of Westminster and the county will contribute to the "Fountain Fund". All the papers in Carroll county have consented to receive subscriptions for the fund so you may send your subscription to The American Sentinel and The Democratic Advocate, of Westminster; The Carroll Record, of Taneytown; The Pilot, of Union Bridge, and The Enterprise, of Hampstead. Contribution boxes will be placed in the stores and any amount may be dropped into these boxes.

The committee appointed has received great encouragement from the Mayor and Council and the public will be kept informed as to the progress of the work The Fountain Committee consists of the following persons: Mrs. Franklin Fenby, Mrs. D.
