Fire And Storm Insurance

Consult me before insuring your properties as I am certain I can save you some money.

I am writing insurance every day, both Fire and Storm, and nothing is beneath my notice, as I take large and small, and both receive my best attention.

Fires take place when least expected and it is mighty comforting to know that you are being taken care of by a first class company. Examine your policies before they expire and let me renew them for you. Prices are low compared with the protection given.

A Short Talk on Coal
Our coal is as good as any coal that was ever dug out of the ground. The warm bosom of Mother Earth contains nothing that will generate more heat than this "coal of torrid temperature." It is "hot stuff," and the most economical coal we know of, results considered.

ESCAPES AN AWFUL FATE
A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, its the most reliable of all throat and lung medicines. Every bottle guaranteed. 50c. and $1.00. Trial bottle free at all druggists.

Fifty Years Ago

June 16, 1862.

Laying of a Corner Stone.

We learn that the corner stone of the new Lutheran Church, at Manchester will be laid with appropriate ceremonies on Tuesday, June 17th. Several eminent Ministers will be in attendance, and an earnest invitation is extended to the citizens of the county generally.

Property for sale—

It wil be seen by reference to another column, that Mr. Richard Manning offers for sale some valuable wood lots, only a short distance from town. Also a small farm near the Railroad, which can be purchased on reasonable terms. Those wishing to purchase property may not find a more favorable opportunity, as the indications now favor a rise.

Seasonable Showers.—

After a short season of drowth, we have been visited with a series of most refreshing showers, causing vegetation to spring up with surprising rapidity. Never within our recollection has the prospect of the growing crops presented a more flattering hope of an abundant harvest, and should a kind Providence protect us from the hail storms usually prevalent in the month of June, the crop of this county will be unusually large.

Encourage Home Enterprise.—

Many persons in our community have an idea that nothing can be so well done at home as abroad, and particularly has this been the case with persons desiring Photographic likenesses. Now we have always regarded this as criminally wrong and last week had an occular demonstration of the fact. Strolling into the gallery of our enterprising young friend, Henry B. Grammar, at West End, we observed that the rooms had been refitted in admirable style, and everything denoted a more extended business. On inquiry, we learned that he was determined to keep pace with the progress of the age, and was then fully prepared to furnish any kind of picture desired, in confirmation of which he displayed a large number of elegant specimens, such in fact as we have not seen equaled. The temptation was so great that we sat for a picture, and now advise our readers to "go and do likewise," assuring them of perfect satisfaction, and usually low charges.

MARRIED

On the 29th of April, by Rev. H. Hillery, Mr. David E. Stem and Miss Margaret V. B. Wilt, all of this county.

On the 27ult., by the same, Mr. Marion Wolf and Mrs. Mary Ann Wilson all of this county.

KILLED BY LIGHTNING

We understand that on Wednesday night last, Mr. Harry Miller, residing on the Turnpike between Cunningham's cross roads and Greenacstle was instantly killed by a stroke of lightning whilst lying in bed by the side of his wife. The latter was severely burned and other wise injured by the fluid, but is said to be in a fair way of recovery. Mr. Miller was but recently married, and is represented to have been a very clever and worthy man.

SHOOTS 14-YEAR-OLD GIRL

Man She Refused to Marry Then Tries to Kill Himself.

Phillipsburg, N. J., June 1.—"If I cannot have you, nobody else can."

"We are going on a long journey, Annie; pray for both of us."

These two sentences describe vividly Frederick J. Brown's torturing jealousy and the murderous purpose which he carried out.

Brown, twenty-three years old, killed Annie Lynch, a school girl of fourteen, thrusting his pistol so close to her bosom that its flash ignited her dress. The lovely and innocent child died in her mother's arms.

Brown, who served three years in the United States army, shot himself over the heart.

CONVENTION HALL TAKEN

Republican National Committee Begins Final Arrangements—Like Former Years.

Chicago, May 28.—Actual work was started to clear the scene for the final test of strength between President Taft and Theodore Roosevelt. The Coliseum was taken over formally by the national committee and the first move was made toward putting the big hall into shape.

The general plan for the interior will be much like that of former years. A new arrangement of seats has been made which gves the Coliseum a capacity of 11,188. There will be 1,932 seats on the platform, 400 seats for working newspaper men, 1,078 for delegates, 1,078 for alternates, 3,500 for visitors on the main floor and 3,200 for visitors in the gallery.

3 DROWNED IN CANOE

Fourth Member of the Party Was Rescued Unconscious from Stream.

St. Johnsbuy, Vt., May 31.—Three young people lost their lives in the Passumsic River through the capsizing of a canoe in the swift water above the city. Those drowned were Miss Harriet Ellis, aged 19; Miss Helen Smith, aged 18, and Herbert W. Smith, aged 23, brother of Helen. Louis Kimball, the fourth occupant of the boat, was rescued after he had become unconscious in his efforts to save Miss Ellis.

KAISER SPEAKS OF WAR

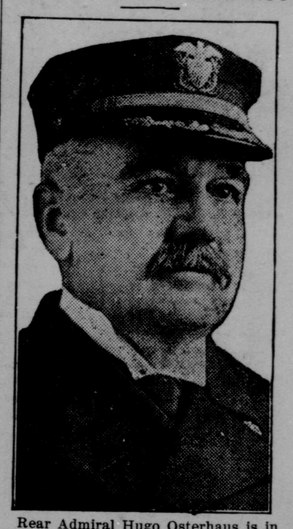

"Foreigner Forbidden to Destroy Our Industry," He Says.

Brandenburg, May 31.—The Kaiser in a speech at the unveiling of a monument here to the Elector Frederick I. referred to the war of 1870.

"When William I. in a long period of peace sharpened the sword which was necessary to win German unity," he said, "the foreigner was once and for all forbidden to ravage our fields and destroy our industry."

COAL MEN AT BAR

DEPARTMENT OF JUSTICE ORDERS INVESTIGATION OF RECENT PRICE INCREASES.

PUBLICITY IS NOW ASSURED

Meeker Decision Only Beginning of Attack on Predatory Anthracite Trust—Sherman Law Again To Be Invoked—Expects Investigators.

Washington, May 28.—Amazed at the revealations regarding the proposed extortion of the anthracite coal operators, and impressed by the highly suspicious uniformity in the increase in the price of coal, the Department of Justice has ordered a nation-wide investigation of "exchanges" and retail associations of dealers, with a view to determining whether there is a monopoly or a tacit understanding among dealers as well as among the operators themselves.

The investigations are being conducted by the United States attorneys in the districts from which have come complaints. A number of complaints have also been received at the Department of Justice from cities in the Northwest and Middle West.

Thus far the work of investigating the suspected local combines has been conducted by the agents of the respective United States attorneys, but it is quite probable that those of the Department of Justice will take part in the investigation. One of the objects of the investigations is to determine whether there is any relation between certain exchanges and the mine operators or railroads.

District Attorney Rotan of Philadelphia is conducting an examination into the status of the Philadelphia Coal Exchange and the Reading Company. Complaints were made that the recent advance in the price of coal was the result of an agreement on the part of the dealers, in violation of the anti-trust law, but before the Department of Justice acts against the concerns it will await the report of Mr. Rotan.

Unfolded in the so-called Meeker case, in which the Interstate Commerce Commission rendered a decision awarding reparation to the complainants of more than $10,000, is a typical example of the discrimination of mine owning railroads against independent concerns furnishing coal to New York city and other points.

TAFT WON'T INTERFERE

Our Naval Preparations Only to Guard Americans, He Informs Cuban President.

Washington, May 28.—In reply to President Gomez's telegram, President Taft wired:

"I am sincerely gratified to learn of your Government's energetic measures to put down the disturbance and to know that you are confident of being successful. As was fully explained to the Cuban Charge d'Affaires here, this Government's motive in sending ships to Key West, just as sending the Prairie to the Guantanamo naval station, was merely to be able to act promptly in case it should unfortunately become necessary to protect American life and property by rendering moral support or assistance to the Cuban Government.

"WILLIAM H. TAFT."

COURT LENIENT WITH BANKER

Sentence of Five Years for Man Who Stole $35,200 May End in Parole.

Stamford, Conn., May 31.—William H. Holly was sentenced in the Superior Court at Bridgeport to serve not less than one year nor more than five years in the State prison for embezzling $14,729 from the Stamford Savings Bank. He stole $35,200. He was arrested on Tuesday, April 9, 1912.

It is believed that Holly will be paroled at the end of one year.
