### ANOTHER LARGE INDUSTRY FOR CARROLL COUNTY

For the Sentinel.

In the very near future the Baltimore Roofing and Asbestos Manufacturing Company will start the erection of its plant at Finksburg, which is just a few miles from Westminster. This Company has purchased from the J. Wesley Zepp estate 19 3|4 acres of land, just above the Finksburg station on the main line of the Western Maryland Rail Road, where the plants of the OIL CITY ASBESTOS CO., and the KAYLOR ASBESTOS NOVELTY Company, sucessful going concerns, will be removed and where a large plant will be constructed and the business expanded. This combination together with the new plants to be constructed, will give Carroll county probably the largest manufacturing concern of its kind in the United States.

The above company was not created to exploit a new enterprise but to greatly extend and increase the business of two well known industries which are equipped with the most modern machinery, a well developed trade of six years growth good will and valuable working patents under which some of their products have been manufactured for years.

The Baltimore Roofing and Asbestos Manufacturing Company will erect at Finksburg a complete asbestos paper mill, roofing plant, asbestos cement plant, asphalt refinery, table top protector plant and a novelty plant. These plants will require a great deal of new machinery, together with the machinery now in use at the two above named plants, which will turn out many carloads of asbestos products daily and will give employment to a large number of male and female hands.

All of the plants of the new company at Finksburg will be operated by electric power generated at its own central station. Mr. O. R. Emigh, general manager, will live at Finksburg. The general offices and warehouse will be in Baltimore. This plant will mean much for Westminster and Carroll county as a great many of the skilled workmen will make their homes in Westminster. The pay roll, which will be large, will, as a matter of fact, pass through the Westminster banks. The different plants will be constructed of concrete, steel and brick.

### SAVED HIS WIFE

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery", writes Mr. F. "for a dreadful cough, when I was so week my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it is the most safe and reliable medicine for many throat and, lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsilitis, hemorrhages. A trial will convince you. 50 cents and $1.00. Guaranteed by all Druggists.

Leaves are falling. Babies don't fall away while taking Dr. Farhney's Teething Syrup, It makes sap— blood.

### A LOG ON THE TRACK

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. ### FORTUNES IN FACES

There's often much trutth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25c at all Druggists.
