Overland

A Foreword About 1913

And a Word of Adv ce to the Buyer

Most of you will remember that just before the 1912 season opened, we advised the public to wait and see what we had to offer before they bought.

We promised to save them considerable money. We told them how we could. And we did. Everyone knows that we made good on this. Tens of thousands followed our advice and profited by doing so. Our famous $900 Touring Car took the country by storm. It proved the equal of any $1200 car shown during the entire 1912 season. To date we have had to refuse thousands of orders for this model and more are still pouring in.

Our advice for 1913 is the same as it was for 1912. Wait for the Overland announcement.

We will make our 1913 announcement on August 17th. On this date the world at large will awaken to still more car for still less money.

A few week's w it cannot make much difference to you; yet it will make a big difference by saving you considerable money.

On August 17th you will get all the facts, specifications and particulars. Buy *The Saturday Evening Post* on that date. Watch the newspapers in your city.

On that date the new Overlands will be in every city in America—ready for your demonstration.

August 17th will be the red letter day of the 1913 automobile year.

Remember the date and . . . . . wait!

DO YOU KNOW, MR. VOTER, WHAT TAFT HAS DONE?

Well, if you don't it's because he has worked so quietly and yet so effectively that you have failed to notice it. You have had your mind distracted by the noise of wind-jamming politicians.

Mr. Taft works without brass-band accompaniments. He is not a politician—he is a gentleman and a statesman.

He is satisfied to work out his constructive plans and to let history give him due credit—even if you don't happen to know all he is doing and has done—even if he is not appreciated by unthinking people or those who won't take the trouble to learn for themselves what he has done for the country.

But you ought to know what he has done. It's your business, as a stockholder in the biggest concern on earth—the United States—to know Mr. Taft has—

Established postal banks, secured 43 indictments against unlawful trusts, created a Bureau of Mines, turned a deficit in the Treasury into a surplus, wiped out the "white slave" traffic, established a board to take the tariff out of politics, secured 30 million a year taxes from corporations, negotiated peace treaties which were defeated by Democrats and so-called "Progressives," vetoed Free Trade tariff bills which would have destroyed American industries, stopped "pork barrel" river and harbor appropriations, created a Court of Customs Appeals, urged and secured legislation for a parcels post, protected thousands of government employees from the "political axe," maintained peace in Cuba, abrogated the unjust Russian passport treaty, enforced the eight-hour law, upheld the Constitution of the United States, recommended world-wide investigation of the cost of living, insisted on the passage of an Employer's Liability and Workmen's Compensation Law, established a Children's Bureau, placed the Post Office on a self-sustaining basis, saved millions by business methods, pushed work on the Panama Canal, will apply Workingmen's Compensation Law to workmen in Canal zone, and many other acts and deeds too numerous even to mention briefly.

Now, for your own sake, don't you honestly think you deserve to have a man like Mr. Taft, who can so wisely and ably manage and direct your part of this big business of running the government?
