Mothers everywhere stick to it, and urge their friends to give it to children for Colic, Cramps, Diarrhoea and all Stomach and Bowel Ailments. You can depend on it. Don't worry! 25 cents at drug stores. Trial Bottle FREE by mail if you mention this paper. Drs. D. Fahrney & Son, Hagerstown, Md.

CURES COLIC IN TEN MINUTES.

POULTRY

COMBAT POULTRY YARD FOES

Some Essential Measures Outlined by Expert Poultrymen for Control of Insect Parasites.

Insect parasites are the cause of a great deal of annoyance and loss to poultrymen. Some essential measures as outlined by George M. Turpin for their control are:

Have the poultry houses separated from all other farm buildings.

Have all the interior fixtures of the poultry houses, such as roost-poles, nest boxes, feed hoppers, dropping doards, etc., removed so that every part of the interior can be readily cleaned and sprayed.

Keep a good dust bath to which the fowls may have access at all times of the day. Common road dust with fine ashes and powdered sulphur or air-slacked lime added is excellent. The road dust should be gathered during dry weather for use during the winter.

Spray the coops and fixtures with a good whitewash twice each year, adding two pounds of salt and one-fourth gallon of crude carbolic acid to every 50 galons of the spraying mixtur.

Setting hens should have access to a good dust bath such as mentioned above. If lice are found later on the chicks, rub lard in the feathers of the head and throat, and in bad cases also under the wings.

SHIPMENT OF BABY CHICKS

Little Fellows May Be Sent Long Distances by Express Without Danger or Discomfort.

One of the most interesting branches of the poultry business is the shipping of baby chicks hundreds, even thousands, of miles, and yet have them arrive in good condition for further growth and development. By shipping direct from the incubator when the chicks are one day old, advantage is taken of that period in the life of the chicks when nature intended that they should be without food, and they can therefore without injury or discomfort be sent long distances by express under any conditions of climate.

Chicks when first hatched require neither food or drink. Indeed, such is harmful. During the first seventy-two hours the chick's life is sustained by the assimilation of the yolk, for the embryo chick is developed from the white of the egg, and just before hatching the yolk is drawn up into its system and furnishes all the food any chick should have for the first three days of its life. It is during this period that chicks can be shipped as far as express can take them.

KEEPING RATS FROM POULTRY

By Inverting Tin Bucket on Posts Supporting House Rodents May Be Kept Away.

If there are many rats in your vicinity it will pay you to make it impossible for them to enter your poultry house. Put a post in the ground for every corner of the house, says a writer in the Iowa Homestead. Invert

Rat-Proof Hen House.

over the top of the post an old three-gallon tin bucket. Set your house on these posts and when Mr. Rat attempts to climb a post and go into the poultry house he simply goes up inside the bucket and does not accomplish his purpose.

HEN MANURE AS FERTILIZER

Has Greater Value Than Any Other Kind Used on Farm—Should Be Well Taken Care Of.

Hen manure as a fertilizer has greater value than any other fertilizer on the farm. It is generally supposed by some poultrymen that the manure will pay for taking care of the hens, but this depends much on how it is kept. The dropping boards under the roosts should be kept covered with some absorbent to preserve the strength of the droppings.

Land plaster or South Carolina rock is good. Never use wood ashes or lime with the poultry droppings. The ammonia or nitrogen would be set free, and part of the value of the fertilizer lost. The droppings should not be applied on a growing crop, or covered soil. Use it on corn by putting a handful on each hill at the time of last hoeing. It should be kept under cover until used.

Killing a Turkey.

The proper way to kill a turkey is to tie its feet together, hang on a pole, then cut the throat and allow to bleed freely. Dry pick, leaving head and wings on. After picking, dip in hot water and then in cold. This will give the skin a fresher look.

A RELIABLE MOTOR TRUCK CONTEST

The Washington Post has inaugurated a motor truck contest, to show relative value, which will take place May 5, 6, 7, 8. The Post says the general supply committee of the United States government has placed its seal of approval upon the contest. There will probably be many entries of trucks to take part in the test, which will be a severe one, over a long and difficult route. The Post says the average mileage each day will be held to about 70 miles, and it is intended to include the following points as nearly as possible: Washington, Rockville, Gaithersburg, Hyattstown, Frederick, Middletown, Boonsboro, Funkstown, Hagerstown, Greencastle, Chambersburg, Shippensburg, Carlisle, Mechanicsburg, Harrisburg, Steelton, Middletown, Elizabethton, Mount Joy, Columbia, Wrightsville, York, Westminster, Reisterstown, Baltimore, Relay, and Laurel.

ABOUT SUSPENSION FROM SCHOOLS

There was printed in your paper of February 7, 1913 the action of the Board of School Commissioners in reference to the Taneytown schools and certain pupils dismissed by the principal, W. L. Koontz on January 20th and 21st.

Some of the facts reported by the principal were very misleading. The parents of three of the boys carried the matter to the Board of School Commissioners and reported the true condition of the public schools of Taneytown. The Board of School Commissioners recognized the presentation of the conditions in our schools, reduced the suspension from May 24th to March 3rd but at the same time said we must uphold our teachers, and had their action with the names of all boys dismissed, with certain conditions for their return published in some of the county papers.

After exhausting all resources with the school authorities, who were upholding the action of the teacher whether lawful or unlawful, we employed an attorney who gave us the following law on expelling children from public schools, (See Acts of 1872 Chapter 377): "The Board of District School Trustees shall have power to suspend and expel pupils for cause; provided that an appeal shall lie to the board of county school commissioners, whose decision shall be final."

The attorney further says "The act of Mr. Koontz in the suspension of these children is ultra vires, illegal and improper, according to the law. The children, having been illegally suspended from school have the right to go back and continue their school work.

Our attorney presented the law to the superintendent, G. F. Morelock, who submitted it to the attorney of the Board who advised them that the Board was wrong and the opinion of the attorney for the patrons of the school was law. As a result of this, on March 5th, 1913, the parents of the five boys dismissed by the principal received the following letter, or one similar to it from Mr. W. L. Koontz. (This is a copy of one of the letters):

Mr. ———

Dear Sir:

The School Board decided to allow your boy, to return to school, if he desires, exempt from the conditions spoken of at our last meeting.

Very truly yours,
W. L. KOONTZ.

The conditions exempt from are the conditions published in your publication of February 7th, 1913.
Signed by
Three Patrons.

ECHOES FROM TANEYTOWN

Taneytown Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of the Taneytown resident leaves no room for doubt on this point.

John T. Bowers, Taneytown, Md., says: "My business requires me to sit in a stooped position most of the time, and I believe that this was the cause of my kidney complaint. There was a constant, dull dragging pain across my kidneys that caused me much misery. I suffered from rheumatic pains and at times was stiff and lame. The kidney secretions were also irregular in passage and caused me much annoyance and inconvenience. I finally procured a box of Doan's Kidney Pills and they gave me almost immediate relief. My kidneys were soon restored to normal condition and I felt better in every way. I gladly testify to the great merit of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 2 28 2t.

PUBLIC SALE OF VALUABLE LEASEHOLD PROPERTY IN THE TOWN OF SYKESVILLE CARROLL, COUNTY, MD.

The undersigned, to whom was conveyed and assigned the following described leasehold property under a deed of conveyance or assignment, dated 15th day of August, 1911, from Walton Hood Grant, trustee, and recorded among the Land Records of Carroll county, in Liber O. D. G., No. 117, folio 546 &c., will offer the same at public sale in the town of Sykesville, Carroll county, Maryland, on the premises on

SATURDAY THE 22nd day of MARCH 1913

at two o'clock P. M. Being all that parcel of ground and premises situated on the west side of Main street in said town of Sykesville aggregating 8819 square feet of land, more or less, and fully described in the said deed hereinbefore referred to, and occupied in part at the present time by R. C. Gist and C. E. Brown. This property is improved by a large two and one-half story building comprising storehoom, harness shop and dwelling all attached. There is a well of water on the premises; and has the usual out-houses and conveniences upon it. The improvements thereon have been recently erected and made and are all in good repair. It adjoins the lands of Mrs. John Miller, R. W. Carter and L. H. Shultz.

TERMS OF SALE: One-third of the purchase money to be paid cash on the day of sale or thirty days thereafter; the balance or deferred payments in six and twelve months from the day of sale to be secured by the notes of the purchaser or purchasers to the satisfaction of the undersigned and bearing interest from the day of sale; or all cash at the option of the purchaser.

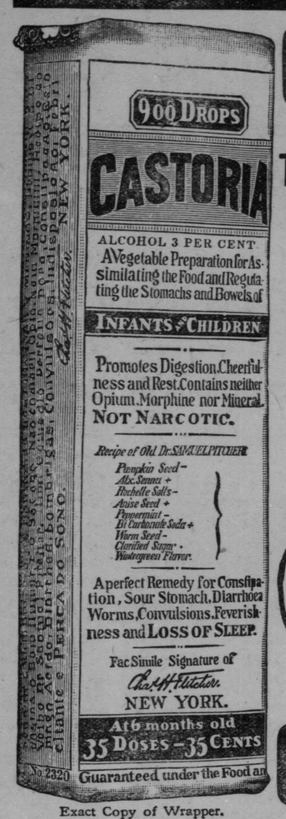

FRANK G. MERCERON

N. B.

Persons desiring to see the property and examine it may call at the First National Bank of Sykesville.

Red Cross Stoves and Ranges

Have The Reputation Behind Them

Handsome In Design

Finest Workmanship

Superior Quality

Every part in these stoves is fully guaranteed. If these stoves do not cook, bake, and in fact do everything that a high grade stove should do we will refund you your money.

Stoves have advanced since we got in our last carload, and as long as this carload lasts we will give our customers the benefit of the low price. Come in now as this carload will not last always.

Important

Remember we do not give any kitchen ware away with our stoves or ranges. WHEN A DEALER SAYS HE GIVES YOU WARE FOR NOTHING WITH YOUR STOVE, HE SIMPLY ADDS THE PRICE OF THE WARE TO THE PRICE OF THE STOVE AND THE TOTAL HE NAMES AS THE PRICE OF THE STOVE. When you get something for nothing the something will not be worth much to you.

Here Is What We Do .

We will give you a special price on all the utensils that you need. This is by far the better plan for then you do not have to take utensils that you already have.
JUST REMEMBER THIS, THAT WHEN A DEALER SAYS HE GIVES YOU WARE WITH YOUR STOVE YOU PAY FOR IT. FOR IF A MERCHANT WOULD DO THIS HE WOULD GIVE YOU HIS PROFIT ON THE STOVE, AS THE WARE WILL AMOUNT TO AS MUCH AND MORE THAN THE PROFIT. DOES A MERCHANT DO BUSINESS FOR NOTHING? FOR PLEASURE?

Remember the name "Red Cross" stands for quality. Every one sold fully guaranteed.

D. S. Gehr, The Hardware Man on the Corner, Westminster, Md.

What It Means

Many people do not know what a bank's Capital is for or the difference between a bank with a small Capital and a small Surplus, or a bank with a large Capital and a large Surplus.

A Bank's Capital and Surplus

is the fund that protects the depositors from loss, therefore the larger it is the greater protection the depositor has. This bank has a

Capital of	$50,000.00
Surplus fund of	80,000.00
Undivided profits of	40,000.00
Additional stockholder's liabilities of	50,000.00
A total of	$220,000.00

This means that this Bank must lose $220,000.00 before a depositor could lose one cent. This protection is for YOU. When you think "Bank" think
