MANCHESTER

Contractor George Reed, of Greenmount, was in town on Saturday evening, 23rd ult., and got a suit of dark blue from Lippy, the merchant tailor, and put the bundle under his buggy seat. Then he attended to some other business and when he was about to start home found the bundle missing. In the great crowd here that night he could not make a search. He advertised the loss, with a reward, and some days later he received a letter from a man at Pleasant Hill, Pa., stating that he had a suit in his possession corresponding to the missing one. Mr. Reed drove to the home on the 31st and found it to be his suit. He learned that three young fellows from that section had it in their possession and it is suspected they intended to sell it but for some reason they did not. One of the party is an employe of the man and no doubt had him to write to Mr. R. Those laddies better keep shy of Md. soil lest they fall into a trap.

Labor Day was pretty generally observed here. The stores and bank were closed and those interested in baseball were getting in readiness for the game in the afternoon. A team of the B. & O. Electric department of Baltimore arrived by the morning train and were entertained at the Washington House. Umpire Rob. M. Shower called the game at 2.30 with a good attendance present. The visitors soon showed that they came to play ball, but they did too much fanning of Saltsgiver's balls. The interest soon waxed warm and increased as the game advanced ending in a score of 5 to 1 in favor of the home team. The visitors were well pleased with their trip and left by the evening train. Capt. Charley is in High G with his team. Shouldn't wonder if he did not give them a trip abroad on the Imperator.

On Saturday the boys were up against the Sandyville team. It is said it was as good a played game as any this season on the home diamond. Umpire Shower rendered his decisions within the rules and did justice to both teams. The game ended with a score of 2 to 1 in favor of the home team.

The fete held on Saturday evening on the lawn of the Academy was in the interest of Saint Bartholomew's Catholic Church. The members had the grounds fitted up with a merry-go-round and seats and lighted with torches and colored lanterns. Suppers were furnished from 5 P. M., but the crowds did not congregate until 7.30 when everybody was kept busy to accommodate the patrons. Zepp was in his element giving the girls and boys their joy rides, while the ice cream stand was holding its end of the business. Midnight was fast approaching when it came to a close and the committee had $85.00 to pay to their treasurer as gross receipts.

Mr. Harvey Oursler, who has been spending several weeks here in his native town, took in trips to Hagerstown, Waynesboro and York, taking in the business condition of these towns. He is somewhat minded to change his location of business. The section of Suffolk, Va., in which is his home and shops, was a residential part of the town when he built, but now they are in the midst of manufactories and railroad tracks as six trunk lines center there. But the lots are valuable and have ready sale.

Mrs. A. E. B. Myers and daughters, Laura and Mary, and Mr. Ross Hoffacker enjoyed an auto trip on Wednesday evening of last week, driven by Mr. Edward Trump in his car to the home of Mr. Frank Cofiel, at Arcadia. TO MY DEMOCRATIC FRIENDS

There is pending in the County a contest for nomination of Democratic candidates for public office, and also a contest for the governing body of the Democratic party in the County and State.

I consider it the duty of every Democrat to go to the Primary election on September 8th, and vote according to the dictates of his conscience; and every man ought to be accorded the privilege of advocating the election of faithful public servants and the right to condemn corrupt methods in Primary and General elections.

In 1911, candidates for important offices were nominated by less than one fourth of the Democratic voters in the County.

Is it not a burning shame that after the people have secured the right and privilege of selecting their public servants that they quietly remain at home and permit selfish politicians to control nominations and elections.

Do not permit a few selfish political tricksters to deceive you by misrepresentation; do not give them the power to become your masters to your everlasting shame and regret.

Two years hence there will be nominated a Clerk of Court, Register of Wills, State Senator, three Judges of the Orphans' Court, a County Commissioner, State's Attorney, four Delegates, County Treasurer, and Sheriff as well as a Governor, Attorney General and Comptroller of the Treasury, and by all means do not permit by your vote or omission to vote any gang to get control of your party, which would prevent the nomination and election of faithful public servants whom the people may desire; every man should have a square deal.

Go to the Primary election and exercise your American manhood and see to it that such men as President Woodrow Wilson, Senator Blair Lee and Dr. Thomas J. Coonan are placed on guard, and see to it that the Wilson ticket as published in this paper receives your earnest support.

Respectfully,

MICHAEL E. WALSH.
