WESTMINSTER PUBLIC LIBRARY

The executive committee of the Westminster Free Library met at the library, in the Times building, on Monday evening, to arrange for the collection of dues for the coming year, which begins May 1st. A number of persons have subscribed from $5 to $10 each to the sustaining fund, and it is hoped that others will follow their example. A committee will have the roll book in charge, on the days of the week when the library is not opened, and all members are requested to have their dues ready when called upon; and all members are requested to reduce the work of the committee by calling in person at the library, on Monday evening, Thursday evening or Saturday afternoon, within the next few weeks, and pay their dues of one dollar to the librarian.

The library has continued popular and many have been its patrons during the past year. The committee believes that there are a number of persons who are not members, who have been in the past vouched for by members, who should become members for the coming year. Only by all, who are able to pay the dues of $1.00 per year, becoming members, can the library be kept up to the standard aimed at.

It was also determined by the committee that in the future no book placed in the library could be kept out for more than two weeks by renewal until after it had been in the library for a period of six months. The number of new books that can be bought is limited, and all members should have an opportunity to read them as promptly as possible without interfering with the rights of others.

W. L. Seabrook, President.

If the results justify it Dr. Wharton will remain during the week. Come and make a reason for him to stay.

Some people are so disposed to mortify the flesh during Lent that they are willing to dance the one-step in place of the tango.

BOY SCOUTS

A meeting of the Westminster Council of Boy Scouts of America was held at the Times building last evening, with a majority of the members of the Council present. Reports were received from Dr. Perlines, Scout Master and various committees, and a constitution adopted. A fine troop of boys has been enrolled, and the outlook is more than favorable, with the promise of great good to the boys of Westminster. Every citizen, who has any interest in the future of the rising generation, should give every possible moral and material aid to the movement.

Governor Goldsborough is being strongly urged to veto the bill passed at this session of the Legislature providing for the reduction of the age limit for the employment of children in canneries from 12 to 10 years. The passage of this bill is a backward step and the Governor will do a wise act to veto it. Doubtless there are canneries and conditions under which the employment of children of the minimum age might be justified, but the law cannot undertake the distinction. To safeguard all the children against the ill effects of such under-age employment would be impossible. The bill should be vetoed.

It is said that United States Senator Smith has requested the Senate Committee on Finance and Commerce to hold the nominations of Mr. Miles, to be Internal Revenue Collector, and W. Mitchell Digges, to be naval officer at Baltimore, from action until further notice. Senator Smith wants a say in the patronage business. Apparently he is being entirely ignored by the President. His long service in the Senate may serve to prevent the confirmation of some of those who are expecting him to lie down before his enemies.

Additional Locals

Mr. and Mrs. J. T. Gillelan, of Baltimore, and Miss Ruth Gillelan, of Emmitsburg, were guests of Mr. and Mrs. Lawrence Gillelan, of E. Main street, this city, the past week.

Delegate Hopkins, of Harford, on Thursday introduced a bill in the House of Delegates to increase the pay of jurors in the courts of the counties from $2.50 to $3 a day.

The Governor has designated Friday, April 3rd as Arbor Day in Maryland. Arbor Day was first observed in this country by the school children of a Western State more than forty years ago. Much good can be accomplished in the right direction, and a valuable lesson conveyed to the children in the public schools, where it is properly observed.

The following bills were introduced Thursday in the House of Delegates:

By Mr. George, regulating the keeping of the road fund of this county.

By Mr. Sayers, regulating the licensing of auctioneers in this county, and sanctioning a bequest to Trinity German Evangelical Lutheran Church, Deer Park road, this county.

By Mr. Baker, authorizing the town of Manchester, this county, to levy for municipal improvements.

Those who have been attending the services conducted by Rev. Dr. H. W. Wharton, at the Methodist Protestant Church of this city, during the past week, have been richly repaid for the time thus spent, both in intellectual enjoyment and spiritual instruction. Dr. Wharton is a very forcible and effective speaker, earnest and intent upon doing good, without cant or sensationalism. His meetings and his work here should be of lasting benefit. He will speak to men only, at the Opera House on Sunday afternoon and should have an overflowing audience.

Some question seems to exist in relation to a statement, by the Advocate last week, to the effect that Congressman Talbott had sent in the name of Dr. Thomas J. Coonan, to Postmaster General Burleson, as his choice for the Westminster postmastership. Diligent inquiry has failed to positively confirm the report. There is, however, reason to expect such action on the part of the Congressman, if it has not yet occurred. The friends of Dr. Coonan are confident of his appointment. The date of the expiration of Postmaster Gorsuch's commission will be tomorrow, 28th inst.

The Just Government League of Carroll county met at the residence of Mrs. Luther Bare on Tuesday evening, the 20th inst. Dr. Feeman gave a most interesting talk on "Six reasons why I believe in Woman Suffrage." After the routine business of the evening the matter of joining in the nation wide demonstration on Maryland was discused, and it was decided to take into consideration a public meeting to be addressed by some good speaker, to be held at the Opera House. The final arrangements will be made at the meeting which will be held at the residence of Mrs. D. L. Farrar the third Tuesday in April, at 7.30 P. M. Delegates to the State Annual Convention which meets in Baltimore, Tuesday and Wednesday, April 14 and 15, were elected as follows: Mrs. Charles Billingslea, Mrs. S. K. Herr, Mrs. Carroll Albaugh, Mrs. D. L. Farrar, Mrs. O. D. Gilbert, Mrs. F. P. Fenby and Miss Lockwood. The league is growing in numbers and interest, numbering one hundred and twenty five active and enrolled members.

We regret very much that the crowding of our columns with other matter and the late hour at which we received the letters, the communications of two of our correspondents were omitted. They will appear in our next issue.

Attention is called to the advertisement in another column of the public sale of a most desirable farm, on April 9th, by W. L. Seabrook executor of Catharine Frick, deceased. This is one of the best small farms in Carroll, in a splendid neighborhood. It has growng on it sixteen acres of wheat. There are twelve acres in grass, a fine stand. Eight acres has been plowed ready for corn planting. Whoever purchases the property can take possession immediately upon complying with the terms of sale, on the very day of sale, if he desires to do so.

An interesting Masonic event in this city was the making of Mr. Rudolph Dieffenbach, of the United States Forestry Reserve, a Mason. Mr. Dieffenbach is a son of Mr. F. A. Dieffenbach of this city, the third of his sons, who has been honored by membership in this great fraternity. After the ceremonies at the lodge room of Door-to-Virtue Lodge, Mr. Dieffenbach, Sr., invited the members present to his home on Liberty street, where Mrs. Dieffenbach had prepared a splendid collation, in the serving of which she was assisted by Mesdames John H. Mitten, J. T. Anders, Jr., and O. M. Crouse. More than fifty members of the craft were present.

About twelve o'clock last night fire destroyed the house, barn and all the outbuildings except an ice house and barrick on the farm of Mr. George C. Shipley, near Gist, this county, together with three horses, three cows, all the furniture and clothing, farming implements, straw, some hay and $19.00 in money. One mule was so badly burned that it had to be killed. Mr. Chas. Grimes and family occupied the house with Mr. Shipley, and the little nine-year-old daughter of Mr. Grimes discovered the fire about midnight. She gave the alarm to the family and all escaped in their night clothing. Mr. Shipley received a slight burn on one foot. The barn was partly burned and the house was afire when the little girl discovered it. The house was a frame building, practically new. The loss has not been estimated. There was an insurance of $2000 on the buildings and a $100 apiece on the horses. The cause of the fire is not known.

MRS. MOLLIE K. GILL

Mrs. Mollie K. Gill, widow of Jno. George Gill and aunt of Roger T. Gill, died Wednesday night at the residence of her daughter, Mrs. Howard C. Parks, of Texas. She was confined to her bed only a few days from throat trouble and pneumonia. She is survived by her daughters, Mrs. Parks, Mrs. Baseman Kelley; three sons, John Gill, of Baltimore; A. Rufus Gill and Harry K. Gill, of Butler, and several grandchildren. Before her marriage she was Miss Hyde and sister of Mrs. William D. Eckenrode, of Baltimore, and Mrs. Thomas Haines, of New Windsor. For many years she was a member and steward of Dover Methodist Episcopal Church.

THOMAS G. SMILEY TO LEAVE WESTERN MARYLAND APRIL 1

Thomas G. Smiley, general freight agent of the Western Maryland Railway Company, has resigned, to take effect April 1. Mr. Smiley was in New York Monday, but the report came from his office and was confirmed by the higher officials. It is said that when Mr. Smiley leaves the position he has filled will be abolished and the duties will be distributed among the other officers in the freight department of the company.

It is believed to be in line with the policy of Carl R. Gray, the new president of the road, to effect economies in the service wherever this can be done without interfering with the prompt handling of the company's business. Mr. Gray has not announced that he intended to put such a policy into effect, but it is believed he will in view of the universal action of all railroad managements, in the East especially, to cut down expenses at every possible point.

Mr. Smiley has been with the Western Maryland for many years and has worked himself up from the ranks to the present responsible place he holds. He is regarded as one of the most alert and capable freight men in this section.

A state-wide Prohibition convention, in which the temperance forces all over the state will participate, will be held in Baltimore, May 13, 14, 15. Fuller announcement will be made later.
