"The Best Possible Newspaper"

What sort of a paper is it? In the first place, it must be a Home Paper —the Woman's Friend and a part of her daily life. And it must be a NECESSITY to the Business Man. It must not only tell what is happening in the world, but it must go farther and tell WHY it is happening and **what it means.**

The Best Possible Newspaper has a staff of correspondents covering the world field of the Associated and United Press, scouring the earth for vital human facts. It has fashion and art, books and music, literature and politics at its right hand. It has the markets for the farmer, the merchant, the broker.

The world has never seen an age of greater constructive significance in politics, in science, in society. Every move in the field of action is a topic for discussion in cities, villages, hamlets, at cross-roads. And the Best Possible Newspaper must equip its readers for intelligent understanding of all these things.

That is precisely why it is the simple truth that for your purposes, and for the purpose of the whole South, the BEST POSSIBLE NEWSPAPER is

It is touching to see the anxiety manifested in Europe for the good opinion of the uneducated, uncultivated and dollar grabbing American people.

As Elihu Root says that 62,014 laws have been passed in this country in the last five years, it would seem hardly necessary to put our legislators to work by the piece in order to get more work done.

APPLY SLOAN'S FREELY FOR LUMBAGO

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

The brainy war strategists of Europe are sending out bomb dropping aeroplanes, and thereby stirring up the other side to fight about twice as hard and long.

The censors of war dispatches let up on their usual rigor yesterday, by admitting that there had been fighting somewhere between the Atlantic ocean and the Russian frontier.

REMEMBER

that an attack upon the **CHARACTER** of a temperance worker is **NOT** an argument in favor of the saloon.
To resort to this method is an indication of the vicious character of the liquor business, that will try to blight and destroy whatever stands in its way.
It is also an admission that the liquor interests have no worthy argument to advance in **THEIR OWN BEHALF.**

REMEMBER

that a discrepancy between **LAST YEAR'S** expenses for jails, almshouses, courts etc., and this year's assessment is not a proof that the statements of the Temperance League about taxes are wrong.

REMEMBER

that any fault which may be found with the promises of the bill under which we are voting is insignificant in the light of the many evils of the licensed saloon.
Vote dry and close the saloons.
