MANCHESTER

The annual oyster supper and social of Daniel and Jacob Lodge No. 23, I. O. O. F., was held on Friday evening, 29th ult., and was fairly well attended. The suppers were served from 6 to 9 P. M. and as group after group was served they repaired to the lodge room and joined the social circle until 9 P. M., when chairman E. W. Gregory called the audience to order and called upon Dr. T. S. Land for an address as an introductory to the entertainment of the evening, followed by piano duet, Misses Ray Hoffacker and Mae Musselman; recitation, "The Odd Fellows' Goat," Gertrude Abken; vocal solo, Mrs. Edgar Nagle, with Miss Treva Burgoon at the piano; address, Rev. J. B. Lau; reading, Treva Burgoon; piano solo, Mrs. Emory A. Berwager; reading, Mrs. Smart Learning to Skate, by request. The chairman made a good hit in his reading the regrets of President Wilson for his absence.

Mrs. Cornelius Miller had a company of lady friends at her home on Wednesday evening, 26th ult., to a quilting party that was much enjoyed. Fine refreshments were served.

Mrs. J. H. Sherman had a large company at her home on Thursday evening, 27th ult., who were quite industrious while enjoying the pleasures of the social circle in making squares of silk for a quilt, and the hostess had the satisfaction to know that the 144 squares had been finished and in appreciation of the same invited the guests to the dining room where they found plates laid for all with the table appointments All and a supper of cream chicken, hot waffles with all the belongings to a fine supper that was much enjoyed and no doubt was a surprise to the guests. But perhaps the hostess followed a maxim of Benjamin Franklin, "Whatever is worth while doing at all is worth doing right." The Doctor got home in time to enjoy the repast with the company which pleasure he appreciated after being on the go for 24 hours. In his extensive practice it is a common matter for him to drive from thirty to forty miles a day.

We were shown the pictures of Mr. and Mrs. Edward L. Shaw on postal cards who were here a short time ago on their honeymoon trip, having started from Glen Falls on December 1st, 1914, to tour the borders of the United State within three years. If successful they are to have $10,000. The trip is to be made on the good will of those they come in contact with. They leave their postal wherever they call and generally are rewarded for the same with a donation. They do not travel on Sunday and reported that they have received the greatest of kindness and courtesy all along the way. Have always enjoyed good accommodations, both night and day, and during inclement weather have been royally entertained at farm homes. The card gives their height at 5 ft. 7 1|2 and weight 157 pounds. They claim the route mapped out will be 28000 miles but seemed to think if they keep well they can win the prize.

The "Pass it on Sunshine Society" held their monthly meeting at the home of Mrs. E. W. Gregory on York street on Monday evening, 1st inst. Although the evening was disagreeable yet quite a number of the members braved the storm and became factors in making the meeting interesting. During the business period committees were appointed to bring cheer to the sick by a distribution of fruits and flowers among them. On their ninth anniversary meeting at the home of Dr. L. Trump the social voted an anniversary gift of $5 that was sent to Miss Barnwells home for crippled children. Their next regular meeting will be held on March 1st at the home of Mrs. C. M. Masenhimer. During the social period that followed the business the hostess served refreshments of ham sandwiches, coffee, ice cream and cake.

EDUCATE THE DAIRY CALVES

Begin Early to Train and With Sole Reference to Future Services—Never Play With Them.

The cow and her owner must be friends. Kindness and sympathy must dominate every step.

Begin the education of the future cow by educating the dam.

Take the calf in hand at once upon birth and allow no fat to get a foothold and divert the dairy tendencies. Grow with sole reference to future services.

Begin early to handle and train and never play with the calves. Allow no caretaker to have charge unless he is in full sympathy with your purposes and has a large appreciation of the problem.

The channel of nerve force must be untrammeled and the seat of nerve force, the brain, undisturbed and under control, if the largest yield is to be forthcoming.

Dealing with the functions so abnormally developed and yet to be intensified, all conditions possible to affect the production should be taken into account.

The dairyman of today will fail tomorrow unless he feels growing within him a spirit of reverence for his dairy cows.

Improved Dairy Animals.

Leaning for his support on these material functions and seeking all the while to increase them, he should never forget that it is out of intelligence and unselfishness of his animals that he is being enriched.

So, every instinct of humanity should prompt recognition of the untiring services of these faithful servants whose only thought is to yield to the utmost in response to friendly invitation.

Increase of product and decrease of cost per pound is inevitable and no man has determined the limit.

He who succeeds along the line of milk-making machinery will be he who knows the machine most thoroughly, believes in it most firmly and respects it most truly.

Taking baby up at night is often the cause of bad colds. Use Dr. Fahrney's Teething Syrup and stay in bed. 25c. 1 1 2-m

JASONTOWN

The weather has been very changeable this winter. There is a great deal of sickness—many people have bad colds.

Mr. Burall is still on the sick list and does not improve very much. We hope he will soon be feeling better and able to get out.

Miss Mary Baleton is ill at present. Dr. Kemp, of Uniontown, is her physician.

A number of our neighbors visited Mr. and Mrs. Mahlon Lambert on Friday evening and spent a very pleasant time with music and singing. At nine o'clock the guests were invited to the dining room and served with refreshments, consisting of cakes, candies and lemonade.

Mrs. Samuel Robertson and daughter Elizabeth visited Mrs. Harry Mitten one evening during the past week. Mrs. Mitten has been a great sufferer and we are glad to see her improving.

Miss Elizabeth Robertson, daughter of Mr. and Mrs. Samuel Robertson, of this place, and Mr. Carroll Hively, son of Mr. and Mrs. John Hively, were married Thursday. This was quite a surprise to their parents and friends.
