MEDFORD BARGAIN STORE

J. DAVID BAILE and REX ANDERS, Managers.

MEDFORD, - - MARYLAND

SOME CHANGES WORTHY OF NOTE

The Old Conestoga Wagon was replaced by the Low-speed Wood-burning Engine. The Wood-burning Engine was replaced by the Express Train. The Express Train was replaced by the Limited, until the time has been reduced in crossing the country from three months to five days. The Old Sailing Vessel crossing the ocean in about three months has been replaced by the Ocean Greyhound making the trips in something over four days. In the cities the Old Horse Car replaced by the Cable Car, the Cable Car by the Surface Electric Car, and that replaced by the Fast Express Lines in the Subway or the Elevated.

Well just as great a change has taken place in Retail Merchandising at Medford.

You can now buy here at 25 PER CENT BETTER ADVANTAGE than any other store in this State.

Security For Your Live Stock

of every kind, and for your fields of growing crops, is what you want, and what you have a right to expect, when you buy fence. A fence that a bull can break through or break down is not worth paying good money for. You want **weight** in the fence you buy, weight enough to turn the heaviest Percheron or stop a "devil wagon." Now, it is a fact—and you should know it—that, per running rod, you obtain the most weight in wire that is given in any fence, in the celebrated

AMERICAN FENCE

It is made on purpose to be the heaviest, most durable and lasting of any fence at any price. It is made and sold in larger quantities than any other two fences in the world, solely on its merits.

The makers of **AMERICAN FENCE** own and operate their own iron mines and furnaces, their own wire mills and six immense fence factories. Their product is the acknowledged

STANDARD OF THE WORLD

We can show you this fence in our stock and explain its merits and superiority, not only in the roll but in the field. Come and see us and get our prices.

We have 2 Car Loads for Sale at Prices away below any other Store in the State
