April Term 1868

a place in Maryland. I was present with them both on several occasions both there and at my own house once when the subject of purchasing a farm was under consideration, a joint purchase I understood from both of them that they had purchased and purchased jointly, they were both present. I dont know from whose remarks I gathered the inference, I dont know that they ever did purchase a farm but I believe they did. I understood it in a conversation with both when they were together that the purchased of a farm in Bucks County was abandoned so that they could make a joint purchase. It was arranged to trade for a farm in Bucks County with a house in Eleventh Street above Girard Avenue East & two houses in Cap Street. The house in Eleventh Street was occupied by Mr Robert M. Chatterton, Mr John Chatterton I did not know of until after this transaction was made.

Cross Examined.

There was a written Contract for the for the farm. I believe it was signed by Robert Chatterton. I am not sure whether it was signed as agent or not. The farm was in Bucks County near Hagersville. The owners name was Robert Ash, he lived in Darby. It was jointly owned by Ash and Senill who were brothers in law. Ash now resides in Bucks County some few miles from Doylestown. I will correct what I said he may have then resided in Bucks County it is probable he did. I have looked for the written Contract, did not find it. It was a mere memorandum I do not positively recollect how it was signed. I think but I am not positive that it was signed D. or Daniel Chatterton, at that time I supposed

April Term 1868

Robert M. Chatterton was Daniel Chatterton. He never told me he was not. I did not see John Chatterton until after I had made this Contract. I first saw John at Robert establishment, cor 9th and Chesnut sts. I was introduced to John by Robert. Robert did not introduce him as the one for whom he was in treaty for the farm.

Question by Mr Juvenal. You have given us in your examination in chief your impressions as to the conversations between John and Robert please give me the words as near as you can recollect them.

Answer. It is impossible after this lapse of time to give the words. I can only say from the conversation between them. I have reached the conclusion I have. I think some were present at the conversations, dont remember who. It was in a place where business was done, people frequently coming in and out. I recollect a lady who was an operator in the sewing machine room being present, do not know her name. I think it was in 1858 or 59. I think in 1858. I have no knowledge of my own that John Chatterton went to that farm. I have understood he went. I think the Contract was abandoned after John saw the place. I have seen Robert and talked with him about this matter within the last two months three or four times. I have not seen John at all to have any conversation relative to it. I have not had any conversation with any one relative to this from the time of the original contract until Robert had these conversations with me

Re. Examined. Mr Robert M. Chatterton and I talked several times about a matter of litigation between John and him. He told me that his brother John wanted to dispossess him of his interest in the
