October Term, 1882.

Ans. I did not.

10. What were you doing the first time, at Mr. Bannon's house; what was the object of your visit there?

Ans. My wife asked me to go over there with her, to see you; my wife went in to see you about the assignment of this property; she went to see you, to see if there was not some show of getting this property back; that is what my wife told me she wanted to see Mr. Bannon for; she and I walked up from my father's; I did not hear the conversation that took place there; Mr. Bannon and she went in the parlor, and I remained in the dining-room.

11. When you first went to see Mrs. White, in Baltimore, did you tell her that Mr. Bannon told you that the conveyance to her was not legal?

Ans. I did not tell her so.

12. Did you mention Mr. Bannon's name to her at all?

Ans. I don't think I mentioned Mr. Bannon's name at all.

13. Did you say to Mrs. White, in the conversation you had with her, that you would prove her to be a rogue?

Ans. I did not say that I would prove her a rogue.

14. Did you not wait until the departure of her husband, and then very much abuse her in his absence?

Ans. I did not.

15. Who was present on that occasion?

Ans. I don't recollect that there was anyone present.

16. Was not Miss Augusta White, Dr. White's daughter, by a former wife, present all the time?

Ans. I don't recollect.

17. In answer to the 5th interrogatory in chief, you say Mrs. White said that she would see Mr. Bannon, and

October Term, 1882.

if he said so, she would convey back to your wife the property; was that an answer to your statement that you had seen Mr. Bannon, and that he had said the conveyance was not legal; if that is so, state all you said in that conversation?

Ans. I have no recollection of any other conversation, except that I detailed in that answer.

Whereupon, the deponent was examined by the complainants in rebuttal, as follows:

1. State whether, or not, (after the execution of the deed in question,) you and your wife called to see Mr. Bannon, in regard to the same; and if yes, state when and where it was, and what you heard Mr. Bannon say, if anything to your wife about the execution of the deed?

Ans. My wife wanted me to go with her to see Mr. Bannon, as an attorney, to consult him as to whether if they went to Court about this matter, whether she could not get the property back; she had an idea that if she explained to him how she understood that assignment, that is was for Mrs. White to have the trust in her name, that he would go and see Mrs. White, whether she would not compromise it, and if she would not compromise it, whether if she would take it to Court, she had any show of winning it.

2. Did you, or not, hear the testimony of Mrs. Isabel A. White examined under this commission; if yes, state whether, or not, any portion of her account of the interview between you her is incorrect; if yes, state what portion, and also state anything that occurred which more particularly recalls to your mind the manner in which you parted with Mrs. White and Mrs. Duvall?
