WOODEN OR STEEL TANKS AND TOWERS FOR THE HOME OR FARM

It is with much pleasure we note that the old and well known firm of Messrs. John Eppler Company, situate at 1210 and 1214 S. Sharp street, Baltimore, announces through our advertising columns that they are open to make contracts for Wooden or Steel Tanks and Towers of a high grade for the Home, Factory or Farm use, and Silos.

The Epplers have been engaged in cooperage work of all kinds for over a half century in Baltimore.

The product of their establishment in containers have ever found a ready market, at home and abroad. Owners of property, be it in town or country, should bear in mind the home or farm is incomplete until they are possessed of a Tank, thus insuring a plentiful supply of water when piped from the spring or well, which lightens the burden of the good housewife of the home, as well, as the farmer in watering his stock or irrigating the fields under cultivation during dry weather.

Give Messrs. Eppler Company the job of modernizing your home and farm—they guarantee to please their patrons. It may pay you to communicate with the firm regarding your requirements.

Medford Grange No. 188 met at Sister Martins with 30 members Present, and some friends invited in. Our regular routine of business was transacted. Our Worthy Lecturer then gave the subject for discussion: "Which would be the most profitable to raise the dairy cow or beef cow." This is a broad subject.

Then we had readings from other members of the Grange.

There was quite a difference of opinion on the subject. Our worthy Lecturer thinks by living so near the railroad is the reason we farmers are partial to the dairy cow.

Bro. Fritz doesn't see how we could dispense with the dairy cow and grow beef cows.

Bro. Dennis Smith thinks we can do without the beef cow, but the dairy cow is indispensable, for the babies must be fed on milk and there is more actual nourishment in one quart of milk at 9 cents than one pound of beef at 35 cents pound.

Sister David Snader read "Spring House Cleaning," which was well read and very appropriate.

Mary Devilbiss read "Green Mountain Justice," in her usual sweet manner.

"The Price of Success," was read by Mrs. H. Devilbiss which means a great deal to us all if it were practiced.

Mrs. Ralph Martin read "A Tampa Romance," which had reference to a soldier boy who was in service, came back and stole his sweet heart.

This completed our program and a most delightful social hour was spent.

Ices and delicious cake was served to which we all did justice. At a late hour we said good night and left for home with an invitation to meet at Sister Belt's, May 22. 1917.

FOREST AND STREAM CLUB

The regular annual meeting of the Forest and Stream Club was held at the Times Building last Monday evening. The meeting was well attended.

The following officers were elected for one year. President, J. Albert Mitten; vice persident, S. C. Stoner; secretary, H. L. Hobby; treasurer, J. Thomas Anders, assistant secretary and treasurer, Frank T. Butler; commissary, John J. Reese; quarter master, Dr. Glenn W. Horner; Camp Captain, James D. Mitchell; camp lieutenant, F. LaMotte Smith.

The annual camp will be held at our club house from August 3, to the 13th, inclusive.

The next meeting of the club will be held Monday evening, June 4th, and it is important that every member be present to vote on the amendments to the by-laws.

The meeting was addressed by Mr. W. H. Killian, Conservation Commissioner and Mr. J. P. Snyder of the U. S. Fish hatcheries.

These addresses were very instructive, especially along the lines of fish conservation. Our club is cooperating in every way possible to increase the supply of fish in our streams, also to conserve the supply that is already there. We are very much interested in having a fish hatchery located in Carroll Couney, and on Tuesday morning George R. Babylon, John J. Reese and H. L Hobby accompanied by these two gentlemen left Westminster early in the morning in an automobile to inspect the Monocacy River and the streams that empty into same. The first place inspected was Toms Creek. the location was all right but the temperature of the water was 63 degrees. Next we went to Piney Creek, the temperature there was 61; from there to the club house, and from there we went to Double Pipe Creek at Detour, the temperature there was 64. These gentlemen said that in order to locate a hatchery so that it could be operated on an economical basis it was neccessary to locate on some stream that would be suitable for the propagation of bass and trout. In order to be successful with trout it is necessary that the water does not go over 50; and as the temperature of our streams runs much higher we cannot holdout hopes for the hatchery to be located in our county;however one located in any part of Western Maryland will be a great benefit in stocking our streams.

Messrs. Killian and Snyder were elected honorary members of our club at our meeting.

The club has reports from several sections of our county that fish are being taken from our streams with traps and nets. This is unlawful and it is time the citizens realize that these laws are made for the good of all concerned, that this source of foodsupply should be protected, and the offenders punished.

REGISTRATION REGULATIONS

In a pamphlet of twenty-seven pages are given the registration regulations governing the selective draft, prescribed by the President of the United States under authority vested in him by an Act of Congress to increase temporarily the military establishment of the United States, approved May 18, 1917, and which may be modified by him at any time.

Persons required by the act to present themselves for registration is given in Section 5 of the Act of Congress and provides—

"That all male persons between the ages of twenty-one and thirty, both inclusive, shall be subject to registration in accordance with regulations to be prescribed by the President; and upon proclamation by the President or other public notice given by him or by his direction stating the time and place of such registration it shall be the duty of all persons of the designated ages, except officers and enlisted men of the Regular Army ,the Navy, and the National Guard and Naval Militia while in the service of the United States, to present themselves for and submit to registration under the provisions of this Act; and every such person shall be deemed to have notice of the requirements of this Act upon the publication of said proclamation or other notice as aforesaid given by the President or by his direction; and any person who shall willfully fail or refuse to present himself for registration or to submit thereto as herein provided, shall be guilty of a misdemeanor and shall upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, and shall thereupon be duly registered: Provided, That in the call of the docket precedence shall be given, in courts trying the same, to the trial of criminal proceedings under this Act: Provided further, That persons shall be subject to registration as herein provided who shall have attained their twenty-first birthday and who shall not have attained their thirty-first birthday on or before the day set for the registration, and all persons so registered shall be and remain subject to draft into the forces hereby authorized, unless exempted or excused therefrom as in this Act provided: Provided further, That in the case of temporary absence from actual place of legal residence of any person liable to registration as provided herein such registration may be made by mail under regulations to be prescribed by the President."

MEETING OF THE CARROLL COUNTY WOMAN'S COMMISSION ON PREPARED NESS AND SURVEY

On Thursday afternoon a meeting was held at the Opera House in the interest of the work of the Carroll County Commission on Preparedness and Survey. Mrs. S. K. Herr presided and gave a splendid and inspiring address. Mrs. Austin Gallagher, Chairman of the Carroll County Commission, spoke of the urgent need and the opportunity presented to every woman to render some service for her country in the present crisis and explained the purposes of the Commission and the different lines of work which have been proposed by the State Commission. The work has been divided into seven departments as follows:

No. 1. Social and Welfare Work; which includes the welfare of the families of the soldiers and sailors and providing for the comforts of the men in the service.

No. 2. Thrift Department; which will deal with the production and the conservation of fruits and vegetables by canning, drying, salting. etc.

No. 3. Education; along the lines of patriotism and Americanism and the preparation for employment such as stenography and typewriting, wireless and telegraphy, telephone operating, motor driving, home nursing, dieteties and household management and cooking.

No. 4. Employment Department; which will deal with problems of employment.

No. 5. Medical and Nursing Department; including nursing and nurse aids, hospitals and supplies, garments and surgical dressings.

No. 6. Volunteer Service, for census, co-ordination, emergency, messenger service, etc.

No. 7. Work of Colored Women.

Surely in this comprehensive plan women can find some particular work that she is best fitted for and Mrs. Gallagher requested the ladies present to advise the Commission what line of work they would take up. It is the purpose to establish an office in Westminster, from which the work can be directed, information secured and the monthly reports received. This is to be a county wide movement and women will be named in each district to organize and direct the work, and while it may mean some sacrifice of time and additional labor, how little it is in comparison to the service and sacrifice others will make.

There was an appeal made to aid our country at this time by subscribing for a "Liberty Loan" bond Revs. Mowbray and Wm. Seabrook, Esq., made short addresses, pledging their support and assistance. Several patriotic hymns were song by the audience with Miss Simpson at the piano. The stage was tastefully decorated with flags and flowers.

From Carrollton correspondent.

MISS R. T. HOUCK

Many hearts were made sad to hear the sad toll of the bell on the Bethel Church of God at Carrollton, for Ruth Thelma Houck, only child of Mr. George and Sadie Houck, who died on Sunday morning, aged 16 years, 8 months and 18 days. Ruth underwent an operation at the Maryland University Hospital, Baltimore in March for appendicitis. She seemed to recover nicely from the operation, but was taken with a severe attack of tonsilitis before she was able to be out of bed. After recovering from this she spent a few weeks with her aunt, Mrs. J. W. S Millar, of Baltimore. On returning home she was taken with another severe cold which caused adnoitis, absess in throat, and gathered ear. On Friday night she was taken with convulsions and died about 7.30 Sunday A. M. Nobody knows the suffering of this dear girl, but she was very patient. Her parents are heart-broken and have the deepest sympathy of their many friends. Funeral services at the Bethel on Tuesday morning. Rev. S. A. Craft, assisted by Rev. J. H. Gonso, conducted the services. Floral tributes were beautiful.

Ruth has been a member of the Church of God for about five years, and has always been a good, quiet and much thought of girl. She will be greatly missed

Pallbearers were: Carroll Taylor, Morril Green, Hayden Taylor, Clark Shaffer, Lawrence Long and George Cressler.

Mr. F. C. Sharrer was the funeral director.

Dear Ruth, how can I give you up?
The thought most breaks my heart;
You always have been so dear to me,
Oh, how the teardrops start.

We shall meet her some bright morning,
Resting by the waters clear;
She is waiting for our coming,
In God's beautiful garden. so bright and fair.

By her heartbroken aunt,
Gussie Blizzard.

For the Sentinel.

PAUL HODGES HOFFMAN

Paul H. Hoffman, aged 6 years, only child of Howard and Blanch Dehoff Hoffman, of Haddonfield, N. J., was struck and instantly killed by a limousine in front of his home, while returning from a store, with his aunt, Thursday morning, May 17. The mother, from the window, saw the distressing accident and was prostrated.

The lad was an unusually bright, attractive child, beloved by all, for his sunny disposition.

Funeral Saturday 2 P. M. at his late home , was largely attended by sympathizing friends.

Rev. McAllister in charge, assisted by Rev. Dr. Peters, Rev. Dr. Tyler, and Rev. Lott, conducted the service. The remains were shipped to Baltimore, Maryland, and viewed by relatives and friends Sunday. Monday morning the body was taken to Roonsboro, Maryland, and laid to rest beside his grandparents, the late Prof. Joseph B. and Isabella Naill Dehoff.

The flowers were many and of great beauty

MISS O. M. STRICKER

Miss Olive May Stricker, daughter of Mr. and Mrs. James Stricker, this city, died Tuesday, 22 nd, inst., aged 13 years, 10 months and 3 days.

This is the third child to die in this family in less than two weeks, two younger children having died last week.

The funeral service, conducted by Rev. J. H. Gonso, was held yesterday at Providenct Methodist Protestant Church, Mechanicsville, and the interment was made in the adjoining cemetery.

The pallbearers were: Messrs. Warner Shauck, William Stimax, Melvin Caltrider and Frank Brothers.

Mr. James M. Stoner was the funeral director.
