Hard to attend to household duties
With a constantly aching back.
A woman should not have a bad back,
And she seldom would if the kidneys were well.
Doan's Kidney Pills are endorsed by thousands.
Have been used in kidney trouble over 50 years.
Read what this Westminster woman says:

Mrs. Lewis A. Berman, 129 Pennsylvania avenue, Westminster, says: "My back pained me terribly as if pierced by some sharp instrument. The pains bothered me mostly when retiring at night and in the morning. Some times I couldn't get up to do my work. The kidney secretions were unnatural and my sight was so poor I had to wear glasses. The doctor didn't do me any good and when a friend advised me to try Doan's Kidney Pills, I did. They gave me great relief. I still use this medicine whenever I need it and I highly recommend it."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Berman had. Foster-Milburn Co., Props., Buffalo, N. Y.

Through a letter just issued, President Carl R. Gray, of the Western Maryland Railway Company, makes a patriotic appeal to the officials and empolyes of his company to aid their Government in its present crisis by subscription to the Liberty Loan bonds. Mr. Gray explains that in order to assist officers and employes of the company in paying for bonds subscribed for, the Western Maryland will arrange for each employe who may so desire to pay for the subscription in 25 squal semi—monthly installments to be deducted from his wages. He says that there can be no question about the bonds issued by the Government under this loan being a safe investment and explains that anyone purchasing them will be doing a patriotic act.

"All citizens are expected to do their part," says the letter, "to win the war. Railroad workers are needed at home to run the railroads as an indispensable part of the national defense. HIGH SCHOOL ALUMNI MEETING

The seventh annual meeting of the Westminster High School Alumni Association held Friday evening, May 25, 1917, in Assembly Hall was by far the largest meeting in the history of the Association, about one hundred and twenty-five members having been present. The principal feature of the occasion was a most excellent literary and musical program rendered entirely by graduates and former students of the High School. The program was preceded by a business meeting at which officers for the ensuing year were elected, and was followed by a collation.

At the conclusion of the business meeting short addresses were made by two of the invited guests, Mr. J. Pearre Wantz, President of The Board of Education, and Prof. M. S. H. Unger, County Superintendent of Schools. Both of these gentlemen emphasized the importance of Alumni Associations, and the assistance they can render the School System by the cultivation of the proper school spirit.

The following officers were elected: President, Clarence Aldridge; vice-president, Marie Kimmey; secretary treasurer, W. Byers Unger.

Instrumental music for the occasion was rendered by the High School Orchestra.

COAL PRICES TO TAKE DROP

Measures to force down authracite prices will be taken, the Federal Trade Commission announced Tuesday if producers and dealers do not adhere to their recent promise to cease extortionate practice. The commission issued this statement on the subject:

"In its interim report of May 4 to the United States Senate the Federal Trade Commission promised that its utmost effort would be used to assure fair distribution and fair prices of anthracite coal.

"The commission has sent agents into different parts of the country who will observe closely throughout the anthracite trade the operation of plans formulated at recent conferences of the commission with operators, jobbers and representative retailers for bringing down prices to moderate levels and keeping them there.

"These field agents will report promptly to the commission for appropriate action any renewal of the intolerable abuses that marked the activities of certain elements of the trade during recent months.

"The independent operators have realized that the situation calls for public-spirited action on their part and it is expected that they will reduce their present prices to moderate levels for the season and co-operate in every way with the commission.

However the man who growls at his taxes would better enlist and help advance the day when he won't have to pay them.

Don't discourage the boy who is going on to the farm to escape school, as in a few months he will go back to school to escape the farm.

The prices of grain has fallen; wheat $2.55; corn per barrel $7.00; bran, per hundred, $2.00.
