Information reached Hagerstown authorities Tuesday that peach picking was in full swing Sunday in a number of orchards around Hancock. In one orchard 80 pickers, were working to get the bumper crop to market. Some of the pickers hesitated at first about going into the orchards for fear of being held liable for violating the Sunday working law. It is said the authorities will not take any action under the circumstances. Fruit growers claim that if they are to get the fruit to market in good condition every available man must be put to work and not an hour lost. Ministers have advocated from the pulpit necessary Sunday work as a war measure.

THE JOHNS HOPKINS UNIVERSITY BALTIMORE ENTRANCE EXAMINATIONS

STATE SCHOLARSHIPS IN ENGINEERING COURSES

ENTRANCE EXAMINATION for the Department of Engineering, as well as for the College of Arts and and Science, will be hell in Gilman Hall, September 17-20, 1917, beginning at 9 A. M. each day.

APPLICATIONS FOR SCHOLARSHIPS IN THE DEPARTMENT OF ENGINEERING, established under the provisions of the Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, a competitive examination must be taken Friday, September 21, 1917, beginning at 9 A. M. Appointments will be made soon after.

Each Legislative District of Baltimore City and each County of the State, with the exeption of Caroline, and Somerset Counties, will be entitled to one or more scholarships for the year 1917-1918, in addition to those which have already been assigned. In the two counties mentioned above, all the available scholarships have been awarded.

Under the provisions of the Act of Assembly, the County and City Scholarships in the Department of Engineering are awarded only to deserving students whose financial circumstances are such that they are unable to obtain an education in Engineering unless free tuition be granted to them. The scholarships entitle the holders to free tuition, free use of text books, and exemption from all regular fees. The expense of attendance for those who do not receive scholarships is no greater than at other Maryland institutions.

Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, Maryland Agricultural College, Mt. St. Mary's College, Rock Hill College, and one scholarship will be awarded "At large".

Applicants should address the Registrar, The John's Hopkins University, for blank forms of application and for further information as to examinations, award of scholarships, and courses of instruction.

FRANK DIXON

One of the most interesting lecturers who will appear at the local Chautauqua is Frank Dixon of New York. He was born in North Carolina after the Civil War, of Scotch-Irish parents, and graduated from the University of his native state. He taught school a year, entered the ministry, held pastorates in West Virginia, California and Connecticut and about twelve years ago became a Chautauqua lecturer, where he at once achieved national distinction. Since that time he has

filled an average of more than 150 lecture engagements a year in every section of the United States, returning to many towns and cities again and again.

This is Mr. Dixon's fourth season with the Swarthmore Chautauqua, and he is returning for re-engagements in practically every town.

The value of a lecture to any community lies largely in its challenge to fixed custom and established modes of thought. The moment a people becomes content with its achievements it begins to lose the power of action. The moment it ceases to create it begins to decay. To move only along the grooves of familiar thought is to invite brain paralysis. The lecturer must be the aggressor and call all men to give a reason for the convictions that they hold or abandon them for better.

Frank Dixon does this and more. He so stirs up the communities in which he lectures that something has to be done.

This year his lecture, "Uncle Sam, M D.," turns to the health conditions of the town in which you are living. It is economic and constructive. It is educational without being academic. He is returned to the circuit this year because there is almost a unanimous request for him.

MRS AGNES BARRY BECK.

The part of Serpolette, the village vagabond and nuisance, in the "Chimes of Normandy," which will be produced at the coming Chautauqua, is a difficult one to play. Agnes Barry Beck has had a wide experience in comic operas, however, and made a great success in this part last season. Of the many other productions in which she has played leading parts the following are prominent: "Naughty Marietta," "Firefly," "Sweethearts" and "The Beauty Shop." In all she has a repertoire of about twenty operas and musical comedies

EDWARD BECK.

The part of Gaspard, the old miser in the "Chimes of Normandy" will be played by Edward Beck, who has had an interesting and varied career on the stage. He played one season at the New York Hippodrome and later was under the management of Arthur Hammerstein for three years. He was for two years in "Naughty Marietta," one year in "Firefly," one year with the Manhattan Opera company, one year in "Robin Hood" and one year in "Dolly Varden." In all he has a musical repertoire of sixty operas. This is Mr. Beck's second season playing the part of Gaspard in the present "Chimes of Normandy" production.

Says Phosphates Make Beautiful Women and Strong, Healthy Vigorous, Robust Men

Physicians all over the world are prescribing phosphates to build up run down enemic conditions and those who have treaed their patients with Argo-Phosphate are changing thin, women with toneless tissues, flabby flesh, into the most beautiful rosy cheeked and plump round formed women imaginable.

Atlanta, Ga. Dr. Jacobson said in a recent interview that 90 percent, of enemia comes from nervous breakdown which can only be corrected by supplying the necessary phosphates to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argo-Phosphate tablets after each meal, and at bed time. It will in many cases make a pale scrawney face the picture of health in a few days. I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

SPECIAL NOTICE. The Argo-Phosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Stomach trouble, Brain Fag, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. If your druggist will not supply you with Argo-Phosphate, send $1.00 for two weeks teratment, to Argo Laboratories, 10 Forsyth St., Atlanta, Ga.
