That of all the persons to whom such certificates were originally issued, and their heirs and assigns, there are at this time, so far as the complainants know, only five now claiming any of said burial lots, as paying members of the church, and their names are August Koen, Mrs. Dr. Wegner, — Kleibecker, — Bottman, and Mrs. A. Linz, claiming Lots Nos. 8, 9, 17, 18, 28 and 57.

That said lot having ceased for more than 30 years to be used for burial purposes, and being no longer fitted for that use, by reason of its situation and surroundings, and being also a charge on said church, without any corresponding benefit, by reason of heavy taxes and assessments for opening streets through it, it would now be for the interest and advantage of all parties interested that the ground should be sold and the proceeds of sale distributed according to the several interests of the parties: The trustees of the church claiming that all of said property has reverted to and is owned by the corporation, save only such burial lots as are held by parties who shall prove themselves to be either original owners, or their heirs and assigns, who continue to be paying members of said church.
