NOT DUE TO SEX ALONE

Westminster Women Have Learned The Cause of Many Mysterious Pains and Aches.

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disoroders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get, better. There is no other remedy so well-recommended by Westminster people. Read this case:

Mrs. Jennie Nagle, 92 Pennsylvania Ave., Westminster, says: "Many years ago I had trouble with my kidneys. My back pained me so much I couldn't do my work and my feet were so badly swellen I couldn't put my shoes on and my head ached constantly, my kidneys didn't act right at all, and annoyed me greatly. I tried different remedies but they didn't help me at all and when a friend told me about Doan's Kidney Pills I decided to give them a trial. They helped me immediately. I still use Doan's Kidney Pills occasionally, getting them at Boyle's Drug Store.

Don't Burn So Much Money!

How would you enjoy a furnace that saves a third or more of your fuel?

And how would you like to get more heat from the smaller quantity of fuel than you formerly did from the larger quantity?

Here's a furnace that will do just that thing—save fuel and give more heat for the fuel consumed. It's the

PIPELESS CALORIC FURNACE

The Original Patented Pipeless Furnace

It does away entirely with a complicated system of long pipes and many registers and sends heat directly up into the house through *one* centrally located register. Then, the heat circulates from room to room—displacing cooler air which is drawn down and reheated—till every nook and cranny is warm as toast. Yes, and this free, unhindered circulation takes place in an amazingly short time and gives an equal degree of warmth in all the rooms.

The Caloric Furnace is doing this in *thousands of happy homes.* Hundreds of delighted Caloric owners write letters of unstinted praise, telling how comfortable they are and how much less coal, coke or wood they burn than formerly.

The Caloric is a wonderfully efficient furnace. It may be installed in an old house as well as a new, and even where there is no cellar. You really ought to know about it. Come in, let us show you some of its many advantages—the patented triple casing that keeps the cellar cool, and its guaranteed firepot that has 500 square inches more radiating surface than other firepots.

Remember the Caloric is absolutely guaranteed to give you more and better heat, and to save 35% of fuel or no sale.
