TRADE SPRING GARDEN REG. U.S.A. MARK BRAND

DAIRY FEED

"Spring Garden" Dairy Feed is the result of a great many practical experiments with some of the best herds in the State of Maryland. The mixture contains nothing but good milk producers and water absorbers.

Digestible Protein is what you need in your Dairy Feed. "Spring Garden" Brand contains 20% protein, digestible protein, proven by test—a larger percentage than any other feed for the price. Agricultural Station tests prove its better feeding value.

Made from Hominy Feed, Corn Oil Meal, Flaked Oats, Peanut Meal and Dried Grains, blended by our special milling process. Scientifically prepared and always uniform. A succulent, bulky ration.

Its digestibility makes your cows give more milk than any other ration of same analysis. Consequently, "Spring Garden" Dairy Feed is the cheapest feed for milk production. This will be readily demonstrated to any dairyman who will carefully compare results.

Write for samples and prices if your dealer cannot supply you with "Spring Garden" Brand.

Sacramento County
California

Wouldn't you like to see "how the land lays" that will produce wheat and alfalfa, oranges and lemons, raisins and rice, hops and walnuts, almonds and peaches, figs and prunes? Wouldn't it seem peculiar to see oranges ripening while you were doing your winter plowing, or a strawberry patch yielding fruit eleven months out of the year.

You Can See This County Without Leaving Home

We have issued a beautiful illustrated booklet telling of Sacramento County and of the opportunities there for YOU. Send us ten cents for a copy of this booklet and a sample of Sunset Magazine—the one big National Magazine telling of the life and development of the West. Address,

TOO MUCH FOR DAVE

Poohed Former Senator Borne's Suggestion of Roosevelt as a delgate to the Allied war conference, cannot swallow the mixture of mediocrity which President Wilson has served to Europe as representative of American purpose and ability. Mr. Lawrence says: "The risk to the American people whose sons are fighting the war may be incalculably greater if second-rate men are sent to represent the United States at the most important conference of the war."

After a few days in a quiet sector of the front, the American soldiers will never complain of a noisy July Fourth celebration.

From the way the Russians drink in the representations of the German spies, it is evident that the green goods and shell game men's own place has been located at last.

Some one asks us to define what the Russian Bolsheviki are trying to do. As nearly as the outside world can make out, they are doing their best to interfere and prevent the things they want to get done.

U. acknowledging a donation of vegetables and fruits sent to the mission the past week. Miss Hinchcliff, the superintendent, said: "It is with sincere gratitude we acknowledge your splendid donation. You do not know how hard it is to keep going in these high cost of living times without an increased allowance for our expenses and these donations from our friends of the county help so much."

She is survived by four children. Mrs. Howard B. Shettle, of Baltimore; John Thomas Sinnott and Gloyd Sinnott, of Brunswick, and James Sinnott, of Union Bridge.

She is also survived by a number of grandchildren.

Mrs. Sinnott was an aunt of the late Mr. Thomas Sinnott, of this city.

CITY WELCOMES USAACS

A large part of Baltimore got a chance to see Tuesday afternoon a big ambulance service section completely fitted out as it passed through on its way from Allentown, Pa., to Fort Myer, near Washington. The trip, about 300 miles, was in the nature of a practice tour and at the same time gives the members a chance to attend the football game in Washington which is to determine the championship of the men in the United States service.

The corps came into the city by the Belair road. At North avenue Capt. Allen Clark and Adjt. Joseph H. Sayer, who were in charge, divided the corps into four sections and dispatched each section by a different route to Fulton and Wilkens Ave. This was done so that the gasoline tanks of the ambulances could be replenished in various sections of the city and not be a drain upon any one district where the fluid could be bought.

The men were chilled to the bone because of the long ride in the cold morning air, but many looked comfortable in the sweaters and head mufflers that some kind friends had knit for them.

H. Walter Johenning, chief of the city's Bureau of Minor Privileges, met the Usaacs on the Belair road and welcomed them to the city on behalf of Mayor Preston, who is absent.

A halt was made early in the afternoon at various places for dinner and the men, about 1,000 strong, assembled at 4 o'clock at Fulton and Wilkens avenues and started on the last lap of their journey.

The coldest snap of the season is being followed by snow throughout the territory of Cumberland. The Potomac river and Georges creek are frozen nearly all the way over. The temperature at Fairfax and Thomas, W. Va., on the Western Maryland Railway, dropped to 10 degrees above. Telegraph and telephone wires are reported to have broken at some points as the result of the cold. Boys have been skating along the banks on the Potomac.

MANCHESTER

The friends here of Miss Eve Elizabeth Krantz were notified of her unexpected death on Saturday morning at the home of her brother-in-law, William B. Osborn, 1904 Edmondson avenue, Baltimore, in her 87th year. She was born here April 14th, 1831, and in early girlhood she became a member of the Reformed church and was always among the foremost in all things that tended to the good of her zion. In 1865 she moved with the family to Baltimore where she more fully developed her activity in church work until frail nature and a failing of eyesight caused a halt, but even then she remained in touch with the best interest of the work and ready at all times to give advice from her long experience. Her remains were laid to rest on Monday. She is survived by five sisters.

The supper of the Willing Workers Aid Society in the Firemen's Hall on Saturday evening was a success financially and socially. From 5 to 10 P. M. they served about 200 suppers. The menu was chicken and plenty of gravy, mashed potatoes, sauce, slaw, corn, hot biscuit, bread, pickles, beets all nicely served for 25 cents. The ice cream and sweets did an ample business while the fancy table added quite a share to the receipts that left a balance for the heating plant fund of $60. That is worthy of note that during the week through the churches $183 was collected for the Red Cross Society. This added to the supper fund makes $243 for the week that is quite creditable for Manchester.

Through notices the teachers of the High School sent invitations to the patrons and friends to attend a meeting in the school building on Friday evening that brought out a fine audience to consider matters for the good of the schools. The meeting was called to order by Prof. Saeta and all arose and sang the Star Spangled Banner. Howard Wink was called and read a paper on current events. Recitation, The brighter day, Gertrude Abkins; victrola record; Mr. Marks, of York, rendered the Rosary, that brought the Prof to his feet to explain to the audience that they had had a victrola for several weeks, but found it was wanting for school purposes, and that Mr. Marks had kindly brought a Sterling piano that had a five year guarantee. It created an interest and led to a discussion and finally to a unanimous vote to buy the piano and Mrs. H. S. Musselman, J. H. Sherman, E. W. Gregory were appointed a committee to canvass the patrons and friends of the school for subscriptions to the piano fund. Miss Miller, head teacher of a large school at Locust Point, Baltimore, gave a practical talk on the Parent Teachers' Association that brought about a motion to organize an association, followed by an election of officers for the same resulted in electing Mrs. T. S. Land, president, Prof. Saeta, vice president; Miss Julia D. Roeder, secretary, Mr. Clinton V. Lippy, treasurer. At this period the girls of the domestic science class served refreshments of cake and coffee that were enjoyed by all. The class includes the girls in the 6th, 7th, 8th and 9th grades. From our view point we think the Prof. is the right man in the right place for the upbuild of the schools. He is energetic and gives evidence that he has the good of the schools at heart and no doubt is desirous that the organization may become a unit and work for the success of the Manchester High School.

Mrs. Aaron Hoffman suffered an attack of paralysis of the right side early on Monday morning. Her face and one arm seem the most affected.

Harry Shaffer, of Chester, Pa., visited his father, Mr. Wesley Shaffer, last week circulating among friends. He was an employe in the munition plant when they had the explosion.

Morris Wolf, son of Mr. Amos Wolf, west of town, was brought home on Saturday from the hospital where he was operated on for appendicitis and is doing well.

Miss Lizzie Trump packed a barrel with groceries and vegetables on Friday evening that was sent to an orphanage in Baltimore.

Mrs. Cornelius Miller, of Baltimore, was a guest of Mrs. H. T. J. Lamotte during the week end.

Mr. and Mrs. Edgar Nagle entertained their father, Mr. George H. Ritte, of Baltimore, during the week Mr. R is an old veteran and in July 1863 he was a member of Sedgewick's Division that was encamped on Parr's Ridge, West of town, and made the march to Gettysburg and turned the tide of battle.

Mr Clinton V. Lippy sold his double house on Germantown avenue on Saturday last at public sale to Elmer Leese for the sum of $1575. Mr. Harry E. Sullivan who was a tenant in the home sold his personal effects at the same time preparatory to his moving to Baltimore.

The butchering season is on and some fine porkers were killed during the week, making Pon Hoss and sausage trumps.

PLEASANT VALLEY

We are glad to learn tha Mrs. Elmer Myers, who had been sick, is improving.

The apple butter establishment of Mr. Daniel Leister closed on Thursday for the season and the amount boiled was four thousand gallons. Just think how much bread that will spread!

The beautiful weather has given the farmers a chance to husk their corn and a number of them have finished and they will soon say:

Corn in the crib,
Money in the pocket,
Baby in the cradle
And a pretty wife to rock it.
