NOT DUE TO SEX ALONE

Westminster Women Have Learned The Cause of Many Mysterious Pains and Aches.

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disoroders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get, better. There is no other remedy so well-recommended by Westminster people. Read this case:

Mrs. Jennie Nagle, 92 Pennsylvania Ave., Westminster, says: "Many years ago I had trouble with my kidneys. My back pained me so much I couldn't do my work and my feet were so badly swellen I couldn't put my shoes on and my head ached constantly, my kidneys didn't act right at all, and annoyed me greatly. I tried different remedies but they didn't help me at all and when a friend told me about Doan's Kidney Pills I decided to give them a trial. They helped me immediately. I still use Doan's Kidney Pills occasionally, getting them at Boyle's Drug Store.

Teeth Frozen.

This all happened when zero weather prevailed and the victim was Clifford Allbands, county recorder of Clark county. When he woke up one of those cold mornings, his teeth were certainly not chattering with cold, he says, for they were frozen tight and he could not move them until they had been thawed out. You see he placed them in a glass of water and the water was a solid cake of ice.—Indianapolis News.

Turkey Takes Census.

For the first time in the history of Turkey, says an Amsterdam dispatch, a complete census of the whole empire is to be taken. A German statistician has been appointed to superintend the preliminary formalities. The Turkish newspaper, Sabah, says: "We are the only nation in Europe, not excluding even the Balkan states, which possesses no official statistics of our population." The estimated population of Turkey before the war was roughly 21,000,000, of which 7,000,000 were Turks, 9,000,000 Arabs, 1,500,000 Armenians, 1,500,000 Greeks, 1,500,000 Kurds, and the remainder Druses, Jews and the smaller tribes. The Turkish newspapers have recently shown some anxiety as to the large decrease in population lately caused by the war and the prevalence of disease and have urged the government to take steps to decrease mortality and increase the birth rate.

Greatest in the World.

The New York Connecting Railway bridge, which is better known as the Hell Gate bridge, with its three miles of elevated approaches, constitutes one of the greatest engineering projects of the world, overshadowed only by its importance as a trade route and public utility for passenger and freight traffic.

It is the world's heaviest bridge, of steel arch construction, accommodating four tracks. It is ready to bear the live load of 12 tons per linear foot while sustaining 26 tons of structure per linear foot. It is calculated that this live load may be likened to the weight of 45 of the biggest and heaviest of modern locomotives in motion.
