COUNCIL OF DEFENSE NOTES

Carroll County Must Get Busy with W. S. S.—Big Meeting At Armory, Westminster, June 3rd.—Campaign For "Better Babies" Soon To Begin.

Carroll County must keep up the wonderful reputation she has won in the Liberty Bond Drive, the Red Cross Fund, and the other war work by coming to the front in the W. S. S. Drive. The Secretary of the Treasury has said he must have $600,000,000 by July 1st from war Savings Stamps, and Maryland will have to hustle to supply its share, for she is behind. The Women's Committee for Carroll County, of which Mrs. John H. Cunningham is Chairman, is already on the job and meetings are being arranged for in every District, and a house to house canvass is planned.

A big meeting will be held at Taneytown on the 4th, with Mr. Edward J. Colgan, Assistant City Solicitor, as the principal speaker. Another will be held at Mechanicsville on the 7th, at which Mr. Duncan, a prominent lawyer of Baltimore and son Judge Duncan of Towson, will speak.

Mrs. James Pearre Wantz, Chairman for Westminster District held a meeting of her committee at the residence of Mrs. O. D. Gilbert, May 24th and a drive out in the District will be made Tuesday, June 4th. Mrs. S. Luther Bare was appointed Chairman of a committe to construct a booth to be placed in a prominent place in the shopping district of Westminster, where members of the committee will sell stamps Saturday nights, for the convenience of those coming in town after the banks and Post Office are closed.

A special appeal is made to the women purchasing W. S. S. to get them through some member of the women's Committee. Every woman should take pride in the record made by the women of her district, but they cannot pile up a big total unless each and every one helps. When you or a member of your family wishes to purchase a Thrift Stamp, go to some member of the Women's Committee or the young girls at Post Office and stores and buy from her then it goes in the record of women's work.

Mr. John H. Cunningham, Director for Carroll County, has arranged for a big meeting to be held in the Armory at Westminster, Md., June 3rd, at 8 o'clock, with speakers of national importance, and a regimental band. The Committee from each District is specially asked to be present. The inspiration gathered at these big meetings has been a big factor in the success of our drives.

Carroll does not want to be behind in the "Better Baby Movement". We must help to save our share of the babies. Thousands of babies under six years of age die each year from preventable causes, a large per cent in the hot weather. It is planned to weigh and measure all children under school age, as the height and weight of a child is an index to its health. As this is a Government project, it is expected that all patriotic mothers will co-operate. Mrs. Maurice S. H. Unger is Chairman of the Child Welfare Section of the Council of Defense and has charge of this campaign. Mrs. D. F. Shipley is Chairman for Westminster District.

The following is a list of those serving on the Westminster District Committee for the Liberty Loan, and the Chairman requests each one of them to serve on the Thrift Stamp Committee, and makes an appeal for more women. If you can help with this work, please notify Mrs. Wantz.

DAVID M. TALHELM

David M. Talhelm, son of Mr. and Mrs. McKibbon Talhelm, of Baltimore, died on Saturday, May 25th, 1918, after an illness of about two weeks, and was buried with impressive ceremony, from St. Gregory's Catholic Church, on Tuesday, May 28th, and was interred in the New Cathedral Cemetery.

Besides his parents he is survived by one sister, Miss Bessie Talhelm, of Baltimore, Maryland.

The deceased, a former resident of Westminster, was well-known throughout this city and vicinity.

SPECIAL SERVICE IN ST. JOHN'S CHURCH

In compliance with the proclamation of the President and Cardinal Gibbons' recommendation to the clergy of his diocese, a special service was held at St. John's Catholic Churhch on Thursday morning. There was a general attendance of the congregation and many received Holy Communion. During the Mass the President's proclamation was read and Father McGuigan commeted upon the significance of the occasion. Prayers were recited for the early victory of our army and the restoration of a just peace and Benediction of the Blessed Sacrament was given. The American flag was draped in the sanctuary. Special hymns were rendered by the choir and the congregation.

Father McGuigan took his text from the Book of Ecclesiastics: "The Prayer of him that humbleth himself shall pierce the clouds." He said in part:- "Our Chief Executive asks us to make this day not merely one of the hero worship and of indulgence in the inspiring memories of the past, but one of "Public humiliation, prayer and fasting." It is meet and just that we as a people should recognize with the psalmist that: "God hath not done in like manner to every nation, "but that he has preserved us from the extreme secourage of war. To look over the landscape in Carroll County to see the rich fields promising of abundant harvest, to admire the variety and perfection of scenery, to look upon the works of man progressing and persevering, is to experience a sense of rest and security. Let us cast our eyes across the seas to the lands once as verdant as ours, once as productive, to the lands whose charm drew thousands annually over ocean and continent for recreation and health, and let us witness the barren waste, the destruction of a civilization that has advanced through the centuries. We shall instinctively contrast this bleak and harrowing picture with our sunkissed hills and our valleys shimmering with refreshing steram and brooklet. There every hill is the chosen spot of merciless battle and every valley a darksome trench for the living or a common grave for the dead.

In imagination we turn from one scene to the other, from the one impressive satisfying fact, to the fact that saddens and terrifies.

Do we not say with grateful hearts truly: "God hath not done in like manner to every nation." We humbly acknowledge that God's mercies have surpassed our deserts, we bow down in contribution for our sincere personal and our public sins, and we pray for a continuance of heaven's benediction with a submission and a fervor to "pierce the clouds."

The annual public procession will take place on Sunday afternoon through the grounds surrounding St. John's Church. Both children and adults will participate and it is expected to have an even larger crowd than last year.

The service will begin at 3.30

CHURCH NOTES

Immanuel Lutheran, Manchester

The most pleasing news we have to offer (in Lutheran circles) this week is the return of our pastor.

Rev. Leatherman and his family have just returned from a very delightful motor trip of ten days, among friends and former parishioners in Johnstown and Vandergrift, Pa.

Dr. L. B. Wolf, a missionary in India, for 25 years and now Secretary of Foreign Missions had charge of the services during the absence of the pastor.

Dr. Wolf has a very pleasing personality and is an interesting sincere talker. He was here in behalf of the Reformation Diamond Jubilee Fund for the enlargement of Lutheran mission work in foreign fields.

After explaining the plan to the Sunday School the classes were called upon to subscribe to the cause. In a short time $400 was pledged by the various classes.

The regular monthly meeting of the L. A. S. was held Monday evening. A good program was rendered. The society voted to donate $25 to the Red Cross, the same to be raised by voluntary contributions.

It was also decided to celebrate the third anniversary of the dedication of the church in August, by a congregational roll call and the placing of Jehodias' chest upon the altar for a free will offering toward the church debt.

Old Folks' Day Sunday A. M., June 2, will be a special service for the aged members. All old people will be brought to and from the church in cars. Your part in this plan is to offer the use of your car or notify the church council if you know of any person not provided with transportation. They will see that ways are provided.

Children's Day services and infant's baptism in the evening.

OBITUARY

MRS. JOSEPHINE FOOTE FAIRFAX

Mrs. Josephine Foote Fairfax died at her residence in Westminster, Maryland, after a long illnes of heart trouble, in her eighty-first year. Mrs. Fairfax was a daughter of Rear Admiral Andrew Hull Foote, U. S. N., and Caroline Flagg, his first wife, and was born in Cheshire, Connecticut, in which State the family had resided for many generations, her grandfather being the Honorable Samuel Augustus Foote, one time Governor of Connecticut, and also United States Seator from that State. He was the author of the resolutions which brought about the celebrated debate between Daniel Webster and Hayne of South Carolina. She was a woman of unusually strong christian character, exact and exacting in her every relation in life, and yet of the most kindly and lovable disposition.

She was twice married, her first husband being George S. Reese, of Westminster, Maryland, and later a banker of Baltimore City, who died in 1872. By this marriage she leaves surviving her four daughters, the Misses Josephine M. and Lina Foote Reese, and Mrs. John Milton Reifsnider, of Westminster, Maryland, and Mrs. Philip A. Small, of Grantly, York, Pennsylvania. She married, secondly, the late Rear Admiral Donald McNeil Fairfax, U. S. N., of which carriage there are no surviving children. Her stepson, William McNeil Fairfax, Esquire, resides in Washington, D. C. Mrs. Fairfax also leaves surviving her eight grandchildren, Lieut. Lawrence F. Reifsnider. U. S. N.; Mrs. Robins, wife of Col. Thomas M. Robins, U. S. A.; Mrs. Clarke, wife of Capt. Thomas S. Clarke, U. S. M. C.; John Milton Reifsnider, Jr.,; Miss Josephine F. Reifsnider, and Miss Josephine and Masters Philip and Latimer Small) and five great grandchildren.

Her funeral took place from Ascension Episcopal Church on Monday morning, Rt. Rev. John Gardner Murray, Bishop of Maryland and Rev. Charles S. Shaw, Rector of the Church officiating.

Her pallbearers were Hon Cabell Bruce, and Herbert M. Brune, of Baltimore; James M. Shellman, of near Uniontown; Judge Wm. H. Thomas, Messrs. F. Neal Parke, John L. Reifsnider, Jr., George R. Gehr, and Dr. Lewis K. Woodward.

The floral tributes were numerous and beautiful.

Two favorite hymns, "Peace, Perfect Peace," and "O for a Closer Walk with God," were sung during the service, at the close of which the Bishop read most impressively, the beautiful hymn, "Now the Laborer's Work is Done."

The body, accompanied by the members of her family, was taken to Hagerstown, where it was laid to rest by the side of her husband the late Rear Admiral Fairfax, U. S. N., Rev S. Hilton Orrick, Rector of the Episcopal Church, Hagerstown, officiating at the grave, and the vestry of the church serving as pallbearers.

MR. S. R. SENSENEY DIED IN BROOKLYN

Mr. Ezra Senseney, of Union Bride, this county, received a telegram Monday night stating that his son, Samuel Raymond Senseney, had died in Brooklyn, New York.

The young man was a former resident of Union Bridge and was connected with the Union Bridge Banking and Trust Company for several years. At the time of his death he was with the National City Bank of Brooklyn. He had been in Brooklyn for a year and a half.

He was aged about 37 years.

Besides his parents, Mr. and Mrs. Ezra Senseney, he is survived by the following brothers and sister: Private Earl Senseney, of Camp Meade; Marshall Senseney, near Union Bridge, and Mrs. Herman Snader, of Baltimore.

The body was brought to the home of his parents from where the funeral service was held this morning at ten o'clock and the interment was made in Pipe Creek Cemetery.

MRS. L. BENEDICT

Mrs. Lavina Benedict, widow of the late Mr. John T. Benedict, died Tuesday, 28th inst., at the home of her daughter, Mrs. Foster Warehime, Union Bridge, aged 86 years, 11 months and 6 days.

She is survived by the following children: Mrs. David A. Ebaugh, if Upperco, Baltimore county; Mrs. Grant Hollenberry, of Westminster; Mrs. Foster Warehime, of Union Bridge; Samuel Benedict, of New Windsor; John P. Benedict, of Kansas; Harvey P. Benedict, of Illinois, and Arthur Benedict, of Manchester.

She is also survived by two sisters: Mrs. C. E. McAlister, of Woodsboro, and Mrs. Nannie Kemp, of Washington, D. C.

The funeral service conducted by Rev. Paul D. Yoder, assisted by Elder Philip Englar, will be held Saturday morning (meeting at the house at ten o'clock) in Baust Church, and the interment will be made in the adjoining cemetery.

Messrs. Harvey Bankard and Son will be the funeral directors.

FARM STOCK

CHEAPER RATIONS FOR SHEEP

Corn Stover and Oat Straw Form Important and Economical Part of Animals' Feed.

(Prepared by the United States Department of Agriculture.)

Breeding ewes consume comparatively large quantities of roughage and need but little grain. Of this roughage corn stover and oat straw may well form an important and economical part, but they should be supplemented by other feeds containing more protein. Sheep will eat about 25 to 35 per cent of the total weight of the stover, leaving the stalks. Wheat straw is not so valuable for sheep feeding as oat straw, while rye straw has practically no value in sheep rations.

This type of roughage should be used as a supplement to leguminous hay, and the whole ration would be improved by the addition of a succulent feed such as well-kept silage or roots. If but little leguminous hay is available the use of some protein-rich concentrate such as meal from cottonseed, linseed, soy beans, or velvet beans will usually be economical and profitable. Cottonseed meal may well be used to balance up a ration lacking in protein either for breeding ewes or for fattening lambs or wethers. It has been fed to breeding ewes up to one-half pound per head per day without apparent injury, but four ounces a day will usually be found sufficient. Care should be taken to see that it is of good quality and free from mold.

The following rations should give good results when supplemented by

Mutton and Wool in This Flock.

whatever small quantities of grain may be necessary for the health and thrift of the flock:

Ration 1:
Corn stover 2 pounds (amount eate not amount fed).
Legume hay, 2 pounds.
Ration 2:
Oat straw, 2 pounds.
Legume hay, 2 pounds.
Ration 3:
Oat straw or corn stover, 1 pound.
Silage, 1½ pounds.
Legume hay, 2 pounds.

Coffey, at the Illinois experiment station, found that when fed to yearling wethers with corn and corn silage, corn stover and oat straw gave practically the same daily gains per head. A third lot getting alfalfa as the dry roughage gained slightly more.

Satisfactory gains have never been made in fattening lambs when corn stover or oat straw has formed the sole roughage. When used with leguminous hay (or leguminous hay and silage) and the usual grain ration, the gains have been slightly smaller than those obtained when nothing but leguminous hay was used, while the cost of the ration has been considerably decreased.

SHEEP FIT IN WITH FARMING

Produced More Economically Than Any Other Live Stock—Graze on Noxious Weeds.

Sheep, in proportion to the value of their products, are produced more economically on the farm than any other live stock; the feed and labor requirements are less. They fit in with practically every kind of farming; get much of their subsistence from forage, from grazing weeds and grass that would not support other stock. They eat almost no feed that has a value as human food, and need less grain than other animals. They add materially to the farm revenue, but add very little, relatively, to the farm expense.

BEST FOR BUSINESS FARMER

Fact Remains That Purebred Animal Is Best Suited for Utility Purposes on Farm.

Farmers used to think that purebred animals excelled common stock only in show qualities, and that for utility purposes they had no additional value. But it has been proved that every show point has a vital connection with utility qualities, and after all is said about the uselessness of fancy points, the folly of fine pedigrees, and the absurdity of high priced ancestors, the fact remains that the pure-bred animal is the common-sense animal for the business farmer.
