WEST END GARAGE
AND SERVICE STATION

PHONE 24-M

WESTMINSTER, MARYLAND

As we have the agency for the entire Carroll County it matters not in what part of the County you live we will be only too glad to call to see you and demonstrate our cars to you, or better still if you are in Westminster at any time stop and see us. If you have a car don't forget we sell all makes of tires and a full line of Accessories, and our prices are right. Our aim is to have one price to everybody.

I am sure if you buy a six cylinder car you will be pleased as so many are, for if you will stop to think or ask a man or lady who drives a six cylinder car and they will soon tell you that they would not think of trading it off for a four cylinder. But you will find hundreds of four cylinder cars traded in on six cylinder cars all over the country, as we have traded something like twenty four cylinder cars on six cylinder cars in the last six month. Asked a man who has had some other make of car and traded for one of our cars if he would go back to driving a four cylinder and he will soon tell you no. Don't forget we have been selling six cylinder cars in Carroll County for the past three years and we do not know of any other dealer having traded any of our cars yet. This looks as though the people we have sold have been satisfied with our goods. And do not forget we guarantee on the Oakland Sensible Six cylinder cars twenty miles on the gallon of gas after you have learned to drive the car and the car is well broken in. Prices on car as follows F. O. B. Factory.

DO YOU REALIZE

The advantage of Service? And what it really means to you to deal with those who are in a position to supply your demands?

In these times especially, Efficiency, Service and Saving are the Watchwords.

We are the owners of the only automobile hearse in the City, always ready for our patrons' use. That is service.
As the oldest established undertaking business in the City we deem it our duty to give attention to to the very smallest details, and assume every burden of responsibility which our patrons choose to impose on us. That is Efficiency.

We have no extra charge for automobile funerals, and we are the only house in the City in a position to do this. That is Saving.

OFFICE 114 EAST MAIN STREET
Opposite Union National Bank,
jan 1-19

The workingmen in the cities can't work for any less because the farmers charge so much for food, and the farmers can't sell food for any less because the workingmen's high wage raise prices of farm supplies.

There has been no loud protest against the high cost of tombstones, as most people feel that their relatives are the ones who should worry.

Remarkable Results

DR. GREENWOOD

Invites you to call. Consult him free of charge. Know where you stand. You owe it to yourself.

To Have Perfect Health.
ONLY

The latest and most approved methods used; results that are remarkable in the most severe cases of **Liver, Stomach, Skin, Blood, and Nervous Diseases of Men, Women and Children. Goitre, Piles, Rheumatism, Throat, Liver, Heart, Stomach Lungs,** Kidney or Bladder trouble treated by **up-to-date and wonderful methods.**

When you consult Dr. Greenwood you can rest assured you are getting the advice of a specialist of knowledge and long and vast experience

Had This Trouble Eight Years

For 8 years I suffered agonizing pains in my hands, feet and legs. I had been treated a great deal but not anything seemed to reach my case, have even gone to the trouble and expense of sending to Europe for certain medicines that had been thought would help me. Following medical advice I went to Philadelphia to consult a specialist who after examination informed me he could not do anything for me. I have since taken treatment with Dr Greenwood and I am happy to say the trouble I suffered so many years has passed away. I also had been severely troubled with headaches and backache and I no longer have these.

Mrs. Walter J. Elliott,
Easton, Md.
R. F. D.

Rheumatism 14 Years

I had Rheumatism for 14 years and for the past 3 months before going to Dr. Greenwood I had not been able to work as it got so bad and affected my back and legs. I took treatment with Dr. Greenwood and the Rheumatism has gone and I feel so good I can do the heaviest kind of work.

James Hill,
Thomas, Md.

RHEUMATIC CASE

I had been troubled for a long time with Rheumatism. After taking a course of treatment with Dr. Greenwood I am now feeling good.

EMILY L. WAGNER
R F D 5 Westminster, Md.

Now Able To Work

I had been sick since last spring not able to work. I took up treatment with Dr. Greenwood and am now feeling well and working hard at the oystering business.

CHARLES W. DEAN,
Wingate, Md.

Glad He Is Better

I had been troubled for a long time with a skin disease besides felt bad all over. I took up treatment with Dr. Greenwood and am now alright.

STORE CLOSES AT 7 O'CLOCK

MEDFORD GROCERY COMPANY
Medford, Maryland.

For the first time in the history of Michigan politics a woman was chosen candidate for a state elective office, when Mrs. Dora E. Stockman, of Lansing was nominated by the Republican State Convention at Lansing as one of the party's candidates for member of the state board of agriculture in the election of April 7. The convention gave women one-third of the representation on the state central committee. In its platform the convention declared for more strict immigration laws; deportation of interned alien enemies and exclusion of those who returned to Europe to bear arms for enemy countries.

Mr. John E. Stonesifer, of near this city, is at Springfield State Hospital, Sykesville, for treatment for a nervous trouble.

A survey made by the Agriculture Department as of February 1 shows commercial stocks of whea amounted to 223,874,560 bushels. These holdings, reported by 11,529 firms—elevators, warehouses, grain mills and wholesale dealers—were nearly three times as large as the stocks held by the same firms a year ago, the actual percentage being 289.6 per cent. of the 1918 stocks. These figures refer to stocks actually reported and so not represent the total commercial stocks of the country nor do they include stocks on farms.

Messrs George N. Hunter, H. P. Gorsuch and Jesse C. Sharrer have purchased the large Wantz building on E. Main street, this city, from Mr. Chas. V. Wantz on private terms.

POULTRY FACTS

ISOLATE ALL AILING FOWLS

Some Common Poultry Diseases and Treatment—Use Potassium Permanganate for Colds.

(Prepared by the United States Department of Agriculture.)

All diseased birds should be isolated.

Colds and Roup.—Disinfect the drinking water as follows: To each gallon of water add the quantity of potassium permanganate that will remain on the surface of a dime.

Canker.—Sprinkle a little flowers of sulphur in the mouth and throat of the bird and put some chlorate of potash in the water. Also carefully remove the exudate with the aid of warm water and paint with iodine or apply a good disinfectant to the diseased tissue.

A Case of Scaly Legs.

Chicken Pox.—Apply a touch of iodine to each sore and then cover with carbolated vaseline. If the diseased parts are kept well covered with the vaseline it will usually effect a cure.

Gapes.—New ground and vigorous cultivation will often remedy this trouble. A liberal sprinkling of lime around the coops and runs is quite often an effective remedy.

Scaly Legs.—Apply vaseline containing a disinfectant to the affected parts, and after 24 hours soak in warm soapy water. Repeat treatment until cured.

Diarrhea in Hens. — Low-grade wheat flour or middlings are good for this trouble. Also give each fowl a teaspoonful of castor oil containing five drops of oil of turpentine.

Bowel Trouble in Chicks.—Well-boiled rice mixed with a little charcoal will often check this complaint. Dissolve 15 grains of crude catechu in each gallon of drinking water.

MORE POULTRY IS REQUIRED

Standard-Bred Fowls Increase Production and Improve Quality—Hatch Chicks Early.

(Prepared by the United States Department of Agriculture.)

Keep better poultry: Standard-bred poultry increases production and improves the quality.

Select vigorous breeders: Healthy, vigorous breeders produce strong chicks.

Hatch the chicks early: Early hatched pullets produce fall and winter eggs.

Preserve eggs for home use: Preserve when cheap for use when high in price.

Produce infertile eggs: They keep better. Fertile eggs are necessary for hatching only.

Cull the flocks: Eliminate unprofitable producers and reduce the feed bill.

Keep a back-yard flock: A small flock in the back yard will supply the family table.

Grow your poultry feed: Home-grown feed insures an available and economical supply.

Eat more poultry and eggs: By eating poultry and eggs more freely you will conserve the meat supply.

WHEAT FOR EGG PRODUCTION

Better Food Than Corn in Ration for Laying Hens—Barley is Good Substitute.

Wheat is a better food for egg production than is corn. A grain ration of wheat, oats and corn is conducive to the manufacture of eggs. Barley may be profitably substituted for the wheat during these days of wheat conservation.

HOPPER IS BIG LABOR SAVER

Satisfactory Growth Secured by Giving Fowls Access to Balanced Ration of Grain.

A hopper capable of holding a large quantity of feed is a great labor saver. By allowing the birds access to its contents a satisfactory growth is obtained, and an opportunity is given them to balance the grain rations fed. This hopper should be large enough to hold several bushels of feed, sufficient for one or two weeks.
