AFTER YEARS OF TORTURE TONALL GAVE HER RELIEF.

"I have had chronic indigestion for years," says Mrs. Reuben Geiker, of 145 Pear St., Reading, Pa.

"The tortures I have gone through nobody but myself knows. At times I could not drink water without gas forming, and my stomach would swell up and the pain would have around my heart was most unbearable.

"I had tried many different remedies to gain relief, but without obtaining good results, until I tried Tonall. I am feeling better now than I have for a long long time. I certainly recommend Tonall; in fact, I have told my neighbors of the good results I have obtained in so short a time."

This testimonial was given Feb. 13, 1919.

Tonall is sold at Chas. W. Moore's Westminster, and McKinney's Drug Store, Taneytown.

REPUBLICAN HARMONY NOW REIGNS SUPREME

Differences Ironed Out in Both House and Senate and Congress gets to Work.

Washington, June 3. With all differences ironed out and perfect harmony reigning i both the House and Senate, the Republicans of the 66th Congress have perfected their program and gotten down to business with a celerity and efficiency which has stupefied their opponents, who had counted on Republican dissention as their chief hope of future party success.

After more than twenty-two years of service in the Senate, having been elected the last time by the people of Pennsylvania by a majority of 260,000 votes, Senator Penrose, regarded as the ablest authority on custom duties and taxation in either House, was chosen chairman of the Finance Committee, which will frame the new revenue and tariff laws during Republican control. Senator Borah, of Idaho, deferred to the great majority of his colleagues when he said that "we have nothing against Senator Penrose personally, but have differed with him as to certain methods and theories of taxation. The people very definitely stated at the polls last November that they wanted the Democratic party turned out of power, we mean to see that their mandate is obeyed." Senator Gronna, another Professive, pointed out that in his opinion it made no dfference as to any theories the new chairman might have and that he voted for Penrose in the interest of better legislation.

Senator Cummins, of Iowa, long classed as a Progressive, was made president protem of the Senate, and the entire list of chairmanships was made up acording to the rule of seniority long followed by the Democrats, which is the rule which has been found to bring about the greatest amount of efficiency.

In the House no difficulty has been found in maintaining the best good feeling among Republican members. Factionalism, which was the natural momentary result of a brisk contest for Speaker, has disappeared entirely, and the contention of Representative Longworth, of Ohio, that the membership of the Steering Committee should be increased from five to nine members in order to include a representative of the South, one of labor, and two of the Western agricultural section, has been agreed to by all those interested. The committees started their work immediately upon the convening of Congress, and two days later the first Republican House in eight years passed the woman suffrage amendment to the constitution and began the passing of appropriation bills delayed by the President's refusal to call Congress in extra session earlier.

COURT-MARTIAL PROBE PROVIDED BY JOHNSON

Soldier Congressman Introduced Bill to Change Entire Present System of Justice in Army

Washington, June 4. Sweeping investigation of the system of courts martial which has been practiced during the war against the German autocracy is provided in a resolution introduced in the House by Representative Royal Johnson, of South Dakota, who enlisted as a private and won the rank of first lieutenant and the distinguished service medal.

Johnson has prepared statistics to show the colossal injustice done the private soldier during the conflict. Four hundred thousand of them have been court-martialed. This he considers more appalling in view of the fact that the largest number of men enlisted just before the Armistice last November was 3,760,000, but the biggest number of those in the service long enough to have come thoroughly under its discipline amounted to about 2,000,000. The Board of Clemency, which was appointed in the face of public clamor, as the result of the revelations, has already recommended 20,000 cases for reduced sentences. Of all the cases examined by the Board ninety-six per cent have been found to carry excessive and unjust sentences.

As an example of this Representative Johnson says that in one case a man was fined three days pay for willful murder, while another man was given twenty years for absence without leave. In other cases sentences were forwarded to the commanding officer by the courts-martial and were returned by that officer with the curt instruction that they were not sufficiently severe." In no court of justice would such a procedure be countenanced for a moment," said Johnson. In a case just published by the War Department, orders a second lieutenant obtained $100 under false pretences and absenting himself without leave, was given a sentence of twenty-five years in prison.

In explanaton of the unheard of number of courts-martial, members of Congress point out Secretary Baker's statement that there is nothing wrong with the system of dispensing justice in the Army, and his backing up the Prussian ideas of many offices in the regular army. It is understood that Colonel Ansell is to be assigned to service from Washington and the seat of his reforming activities, just as General Leonard Wood was at the beginning of the war removed to Charleston, S. C., from New York, where he had been commander of the Department of the East, and prevented from crossing to France where, while on an inspection tour, he was the only general officer wounded in action.

FOR ROOSEVELT HOLIDAY

Washington, June 3. Observance of the birthday of the late Theodore Roosevelt on the 27th day of October of each year as a national holiday is provided in a bill introduced in the House by Representatve Bacharach, of New York, a Republican.

It is stipulated in the measure that all commercial paper be considered as on Sunday and that when the 27th falls on Sunday the following day shall be celebrated throughout the United States as the birthday of one of the very greatest of American Chief Executives.

This is largely the outcome of patriotic movement started in New York by John T. King, Republican National Committeeman from Connecticut, who at the time of his death was closer politically to Mr. Roosevelt than any other person, for the building of a fitting memorial. He was at that time appointed by Chairman Will Hays as one of the honorary vce-presidents of the work of creating the memorial. With a Republican Congress in power, it is anticipated here that both memorial and birthday observance will be brought about in the near future.

DANGER OF A COLD

Westminster People Will Do Well to Heed Them.

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Westminster resident's example:

G. L. Bowers, retired sergeant, U. S. Army, 78 Liberty St., says: "Nearly every spring and fall I have a slight attack of kidney trouble. A cold usually settles on my kidneys and I have pains through the small of my back which are so bad I cannot bend over. Many times during the night I have to get up to pass the kidney secretions and at times they are scanty and then again profuse. Whenever these spells come on, I use Doan's Kidney Pills and am immediately relieved."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bowers had. Foster-Milburn Co., Mfgrs, N. Y.
