The most important committee appointed was the committee on prize money. In order to award prizes for the best products and to the Boys and Girls' Clubs $400 will be necessary. This amount will have to be raised by subscriptions from the business men of the county and towns. As the most popular counties of the country are voted for their fairs and exhibits it is up to every Carroll Countian to help make the Carroll County Exihibit this year a success. CHILD'S WELFARE CONFERENCE TO BE HELD AT TANEYTOWN FAIR AUGUST 12 TO 15.

This is a conference of physicians and mothers to determine the development and present condition of children brought by their mothers for examination. The child will be weighed and measured and compared with the normal child in order that the mother may know where she is succeeding, where failing and how she may secure better results. It is not a contest or a clinic. it is intended, neither for the child with exceptional ability nor for the sick child. but rather for the great mass of children who though apparently well are rarely found free from defect. The discovery of such defects at an early age when they may be easily remedied by proper hygiene or medical care, is the chief aim of the conference. It will be held in connection with the Child Welfare Exhibit on the care of babies and young children. Bring the children to the tent for examination, starting at 1 P. M. on Tuesday. In connection with this, Wednesday's program which has been devoted to woman's interests, are included two noted speakers of national repute: Miss Julia Lathrop chief of the Children's Bureau and Department of Labor at Washington and now on the Chautauqua platform, will give a lecture of interest everyone, and Mr. Dr. J. M. Knox, one of the most noted Child's Specialist who will also appear on the program on Wednesday afternoon. Dr. Fulton, secretary of the State Board of Health, will also be present. The program will be varied by a talk by Miss Ola Day, of the State College, on "What the 20th Century Demands of the Home". Readings will be given by Miss Margaret Snader of New Windsor. Miss Venia Keller, State Home Demonstration Agent, will preside over the meeting.

On Tuesday, Thursday and Friday special talks of interest to women will be given by Miss Day. Tuesday, on Home Conveniences; and Thursday on Home Decoration. The meetings in the tent will be held at 2 P. M., with the exception of Wednesday, which will be held at 4 P. M. and be in charge of Miss Garner who will give a demonstration on bedmaking and a talk on the Home Care of the sick. Although Wednesday is known as Woman's Day the program will be enjoyed by any man who is interested in home and children. This program has been arranged by the Home Demonstration Agent in co-operation with Dr. Wm. Stone. of the State Board of Health.

We hope the women will plan to visit the tent attend the demonstrations. There will be separate meetings for women every afternoon except Wednesday when a joint meeting will be held from 2 to 4 P. M. After that the demonstration by Miss Garner will be given at the tent.

Shrubbery which long has beautified the approaches to Seminary Ridge, Gettysburg, is being removed in order to provide safer turns for motor tourists. One of the most dangerous points on the battlefield was at the junction of Springs avenue and West Confederate avenue. Here the theological seminary authorities decided to give up the vines which added much to their property. Farther east, where the avenue joins the Lincoln Highway, it is regarded as likely that the National Park commission will take similar action. The two junctions have been the scenes of many narrow escapes and several serious accidents.
