An admittance fee in the form of potatoes, any number acceptable is asked which will be deposited in barrels at the church door. These will be shipped next day to the Gospel Mission, and will help feed the poor at their Thanksgiving Dinner.

COMMUNITY SHOWS

Community Shows will be held next week in the following localities: Tuesday, November 11th New Windsor school, program at 2:30 P. M.; Wednesday, November 12, Finksburg Church, program at 8 P. M.; Gamber school, program at 2:30 P. M.; Thursday, November 13th, Union Bridge school, judging in the afternoon and program at 8 P. M.; Friday November 14th, Mt. Airy School, afternoon and evening program; Saturday, November 15th, Union Mills, afternoon program.

These exhibits are held through the joint co-operation of the school and community, with the County and Home Demonstration Agents. Where these were held last year much interest was shown by the pupils men and women in the community. Local pride in community products is fostered and greater discrimination will be shown this year in the selection of products as the pupils were much interested in the judges' talks on points of judging. This year we do not expect the largest potatoes or the biggest ears of corn, for some boys have already selected a uniform exhibit with a great deal of care. The girls too have learned points on judging and know that it is not always the most elaborate wor kwhich takes the prize, but simplicity, good taste and neatness of work are the points emphasized in fancy work.

We should be proud of the labor of our hands and be glad to bring the products of our efforts, for never before in the history of the world has real labor counted for so much as it does now. Children should be taught the dignity of labor and the power to do; make things grow in the garden; raise chickens, pigs, calves, etc, to can fruits and vegetables and to make practical garments, all of which are a part of education. Only a small per cent of what we know should come through books. Just now at the close of the first year of peace it is fitting that we bring into our Community Shows the products of the labor of our own hands. Next week will be armistice week. Therefore many of the programs held in connection will be of patriotic nature, and it is well that we commemorate peace by such an exhibit showing something of our attempt to meet the world's need for food.

The exhibits will be held afternoon and in most cases have been arranged for the evening. New Windsor will celebrate armistice day with an afternoon program beginning at 2:30 P. M. after the judging is completed. Gamber will have an afternoon meeting at 2:30, while Finksburg will have an exhibit in the afternoon and no program until night. Finksburg Grange, a young and active organization, will take charge. They have arranged for a fine program for the evening. Ice cream and cake will be sold. November 13th the Union Bridge Parent-Teachers' Association will take charge. Last year they had the largest exhibit in the county, and the plans made look as though they will have still a larger one this year. Friday, November 14th Mt. Airy school will have their exhibit and program. Mt. Airy was pioneer in this work in the county and in the quality of the products she was ranked first by the judges. Saturday, November 15th Union Mills will have an exhibit and an afternoon program. Last year this was held at Silver Run and it was a good one. Can you beat it at Union Mills? Program at 2:30 P. M. See Miss Nusbaum or Mr. Penn for particulars. Everybody help your community. Look over the lists and see what you can bring. Not so much for pride in your own work as for pride in your school and community. If you want a Community Show in your town notify County Demonstration Agents' office, Times Building. Perhaps we can be of assistance. This office has the distribution of $100 in prize money for Community Shows. This was given by the Maryland Agricultural Association. We expect all the best products whether prize winners or not, in each locality to be taken to Westminster for the final judging at the County Exhibit.

THE LUTHERAN CAMPAIGN FOR BENEVOLENCE

The Every Member Canvass Campaign for Benevolence, with its slogan "Double the apportionment," to be held Thanksgiving week, November 23 to 30, in congregations of the United Lutheran Church in America, is well under way, and judging from reports from over the country will be one of the greatest efforts the Lutherans have ever made.

The Executive committee of the church has made out a budget of $1,345,500 which is the minimum amount needed by the church with which to carry on the Benevolent Work of the church in these times of high prices and unprecedented opportunities. If the church is to cope with the situation confronting her, she must be enabled to do so by the willingness of each and every member to render better and more conscrated service of every kind.

While the campaiagn is primarily for the Benevolent Work of the Church, and this should be the object in mind, the canvassers will also be instructed to urge better and more regular church attendance, more faithfulness upon the means of grace and an enlistment into some definite kind, of service in one or more of the church organization. The campaign will be in fact a revival and quickening of the churches' life, and who will say that the christian church everywhere does not need it particularly at this time following the great world war with its demoralizing effects and astonding revelations?

Regular weekly contributions, through the Duplex Envelopes for Benevolence, from every man, woman and child who is a member of the Lutheran church will be aimed at by the canvassers. We pay double and treble for the necessities of life and for pleasure, why not also to the Lord's work? Every good Lutheran will be ready for this campaiagn and will not be found wanting.

AMERICAN LEGION IDEALS

Sermon Subjects

Clergyman in this County as well as in every part of the United States will be requested in their sermons to speak of the ideals for which the American Legion stands, on Sunday November the 9th. The National executive committee has asked that the day preceding the opening of the National Convention in Minneapolis be observed as American Legion Sunday.

The approaching convention is unique in the history of the Country. It will be the first time in the history that the great body of men and women who have participated in the uniformed service of the nation, during the great war, will assemble to form an orgonization with 100 per cent Americanism as its guiding light.

The Officers selected at this convention and the policies determined upon will be the result of the thought of the members of the legion throughout the country and therefore when it concludes, the principles that it will enunciate can be accepted as the delineation of the thoughts for better government and betterment of conditions that have been evolved by the soldiers, sailors and marines as a consequence of the broadening experience of the war.

The local post of the American Legion known as Carroll Post No. 31 has launched a drive for members throughout the County. Men who served during the war either in France or at home should at once send their names to D. Eugene Walsh, Westminster Md., the Post Adjutant and be enrolled in the Legion.

Babies don't mind cold or take cold if kept well with Dr. Fahrney's Teething Syrup. Get it anywhere. Sample free.

The aviators talk much about "tail spins". Many of the after dinner orators need one back into their chairs.

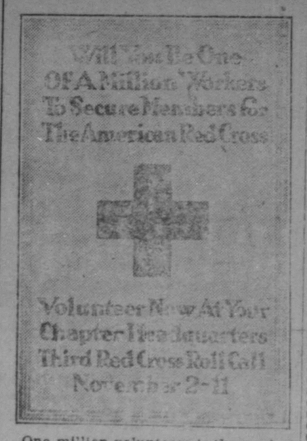

An Old Clothes League has been formed. If they buy their old clothes of home town dealaers who advertise and back up their goods, they can no doubt wear them a long time.

Anyway the whole country will gladly give financial assistance to the "Reds" by providing them with free steamship tickets to the most distant points on earth.

After the coal miners raise the cost of living for the railroad workers by going on a strike, then the railroad workers will proceed to raise the cost of living for the coal miners by going out. Meanwhile where does the public get off?

PLEDGE YOURSELF NOW

One million volunteers is the goal of the American Red Cross by November 2. This number, more than ten times that called for by President Lincoln in the Civil War, will be required to enroll the millions of members of the greatest humane organization in the world in the forthcoming drive. The peace time program of the American Red Cross is based on combatting a more disastrous annual menace, as far as loss of life is involved, than the late war, namely the scourge of disease. Enlist now in the nation's greatest army at your local Red Cross Headquarters.

THE FLAG OF HUMANITY

The 1920 Red Cross Service Flag differs from the flag given last year in each person enrolling in the organization, in that it has two white lines in the blue border, signifying the third year's membership. The large cross in center represents one member, the smaller ones denote additional members in the same family. It is the aim of the American Red Cross to have a service flag displayed in a window of every home, where it is to be kept throughout the year. Every person enrolling in the third Red Cross Roll Call, November 2-11, is entitled to this emblem. Enlist now at your local Red Cross Headquarters.

THE SPIRIT OF 1920

Above is a reproduction of Howard Chandler Christy's latest poster for the American Red Cross, which no doubt will become as famous as the other similar works of art of this well known illustrator. In its portrayal of budding womanhood, upholding the flag, it typifies not only the spirit of America, but of the Red Cross in its nation wide peace program for the health of the United States. This poster forms one of the striking appeals for members in the Third Red Cross Roll Call, November 2-11. Enlist now at your local Red Cross Headquarters.
