means that a house has extra good lumber put into it. That when it settles there will be few if any cracks in the walls and plaster, that it will have good, firm floors, that will retain their good appearance, that the doors and trim and window sash will stay true with little shrinkage, making a warm home in Winter. If you would have such a house see to it that the lumber contract is given to Lumber, Coal & Supply Co., whose reputation for fair and square dealing cannot be questioned.

Echoes from the distant Battlefield

BY L. M. ZIMMERMAN, D. D.
Baltimore, Md.

The book contains scores of messages written by boys overseas, together with letters of cheer and comfort to them and to their families from the author.

These bits of letters, which are the essence of boyish frankness and idealism, cover a broad range of subjects, from the humorous to the tragic. This close-up view of thoughts of the boys—homesick, scared, but dauntless and full of fun withal—makes us realize as nothing else just how they were thinking and feeling in the midst of the horrors of war.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY

THIS IS WORTH READING

The experience of Mr. E. J. Toupalik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. aCtarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MANCHESTER

Mrs. Theodore Fridinger, teacher in the intermediate department of Trinity Reformed Sunday School, gave a social to her class on Saturday afternoon, from 2 to 5 P. M., at her home on North Main street that was quite an enjoyment for the little Misses. They received a cheerful welcome on their coming and soon were in the height of their games and amusement with fun alive until the halt was called, and ice cream, cake, confectionery, pop-corn balls and fruit were served to which all did full justice. Those present were Aldie Zumbrum, Ida Brilhart, Mable and Isabel Wentz, Annie Bendig and Vesta Fridinger.

A large congregation was present at the Sunday evening service in Trinity Reformed Church. After the opening service by Rev. Freeman he introduced Rev. Hauser D. D. of Philadelphia, who preached the sermon from Exodus 14 chp. 15 verse, and held the closest attention of his hearers to his forcible discourse for the forward movement of the churches.

Mrs. L. C. Turner is doing as well as can be expected.

Dr. J. H. Preston of Hampstead, who with his son, Dr. H. C. Preston has a fine practice in this section is now at the Church Home Hospital where he was operated on and an abscess removed from the gallduct. He is doing quite well.

Mr. Cornelius Gonder was laid to rest, on Friday last, in Baltimore, aged 87 years. He was a native of this place and for a number of years a resident here. After moving to the city he became an employee of Griffith and Turner whom he served for forty years when he was retired on pension. He and Mrs. were guests at one time at the home of Mr. Edward Kneller.

The sale of T. D. Hare on South Main St., on Saturday, was largely attended and fair prices realized for farming implements. Mr. H. and family will leave here for Hanover, about the first of April. A farming lot of 2 1-2 acres on New Street extended was knocked down to Edgar Nagle for $310.00.

While the above sale was going on Auctioneer, Henry Gentzler was selling stock and farming implements for George Rusk at his home one mile north of town, a fairly good crowd was present but good prices were realized. A ten year old horse brought $251.50, a cow $130.00, chickens sold for 35 and 40 cents a pound. J. B. Lynerd was clerk.

Rev. Knipple and Mrs. were confined to bed last week with bad colds that developed liver trouble for the Rev. Although improving, yet is still kept from his school duties.

Although we are now writing a spring month yet looking out upon the landscape it has the appearance of mid-winter with roads at places full of drifts under which is a coating of solid ice; at others deep ruts so that travel is anything but pleasant, large moving bans have had quite an experience getting through on the Macadam road near the Pa. line.

Mrs. Gertie Gonder who passed through several weeks of intense suffering from inflammatory rheumatism is now improving and able to set up a little

Mr. W. C. Stick has reconsidered the closing of his hotel to boarders; only to run it as a restaurant with accommodations for traveling men, but at the instance of friends and factory men he has decided to continue full accommodation to boarders as well as travelers giving fine home like accommodations and entertainment.

Messrs. H. C. Frankforter and Lamar Hoffman, of Hagerstown spent Sunday here with their parents, with the hope that they may be transferred to Baltimore in their duties with the W. Md. railroad.

Mr. Henry E. Musselman spent Sunday here with his parents Mr. and Mrs. J. E. Musselman. He is an employee, since home from over sea, of a refrigerator firm of York, Pa. He had just returned from Rockland, Maine, where he was foreman and with a number of helpers installed a large plant.

Mrs. H. C. Frankforter is spending week with friends in Hagerstown.

Mr. and Mrs. Wm. Simpson and son, of Baltimore, are here with their parents, Mr and Mrs. H. M. Loats on Foundry Avenue. Mr. S. is convalescing from double pneumonia and left the hospital on this visit.

A thousand dollars for a cow seems an exorbitant price; but not so to a practical dairyman. Mr. Walter Garrett one mile south of town on the Macadam road had such an offer for a Holstein cow of his herd, but she is an exception as a milk producer and requires to be milked three times day in the morning at noon and at 9 P. M. Mr. G. takes pride in the Holstein stock and fully understands how to feed and what to do at all times to have good returns for his time and labor. Comparing the dairy business of to-day with that of twenty-five years ago we find the improvement is almost unbelievable. Farmers then depended mostly on their crops and dairying was a second consideration; but now combined with the poultry it is leading and farmers have, weekly returns from their products with a market at their doors and it is common for hucksters to leave 30-40 and even more dollars every week at their homes.
