Will Not be One Day Without

PE-RU-NA

This Lady TELLS Her FRIENDS

MRS. MARY FRICKE

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and Influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, sooth the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

A strange man that stayed at Carrollton mill dam on Tuesday night was bitten, also several dogs. The dog was in Carroll Magee's, among his cows. It is reported there was one at this distillery on Tuesday of this week, and one on Bethel Heights early Wednesday morning. It is scarcely safe for anyone to be out. It seems that some people don't realize the seriousness of a mad dog and continues to let their dogs run loose. One having the experience that your correspondent has had six years ago, when her three children had to take the Pasteur treatment" for a mad dog bite, can fully realize what it means. Let us be more careful.
