You don't buy coal for ornamental purposes.

You buy it for the heat that's in it. There's more heat in a ton of the Lumber, Coal & Supply Co's. Coal than in a ton and a half of most other kinds. You can easily prove this for yourself. Try a ton of our coal and observe the big difference in heat-giving results. We sell it.

.... GREAT MASS OF PROOF

Reports of 50,000 Cases of Kidney Trouble, Some of Them Westminster Cases

Each of some 6,000 newspapers of the United States is publishing from week to week, names of people in its particular neighborhood, who have used and recommended Doan's Kidney Pills for kidney backache, weak kidneys, bladder troubles and urinary disorders. This mass of proof includes over 50,000 recommendations. Westminster is no exception. Here is one of the Westminster cases.

Mrs. Oliver Myers, 33 Liberty St., says: "I had a bad case of kidney trouble and my back gave me no end of annoyance. It seemed as if a knife was being thrust through my back. My feet swelled and my sight was poor. I didn't know what to do. My kidneys caused me annoyance by acting irregularly. After using one box of Doan's Kidney Pills, I was relieved and I kept on taking them until I had finished three boxes. Now I am entirely cured of kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Myers had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MANCHESTER

We have had an object lesson during the past week of what advertising will do. The buyer of the George M. Hoffman store had large sheets of advertising and price lists scattered broad cast saying that all the goods would be offered for fifteen days at a heavy discount; it was a hit and brought the crowds both day and night that went away loaded down with bundles so that at this writing the stock is showing the onslaught. It also said that all goods not sold in the limited time would be sent to Philadelphia. Such being the case the store will be continued by Mr Edward Carr, an employee of G. M. Hoffman, with a new stock of goods. Eddie should benefit by the object lesson and make good use of the printer's ink.

The hauling of the Shriver corn in this section which it is said is grown on 450 acres at the begining, by detouring, was a disadvantage to haulers, and the contractors were appealed to to open up the first section on N. Main street which they did to the El Dallo Factory where the travel can use the alley to the scales or to Baltimore or Westminster. The section is a fine driveway.

The concreting is down on S. Main street to the Morelock and Crouse store where the grading is very heavy on which the full force is at work. On Thursday of last week they put down 329 feet, with the grading done and material on hand they can finish the concrete in a week.

A great deal of sympathy was expressed for Lamar Townshend who met with a painful accident at Greenmount while operating the loading machine that hoists the stone from the car and puts it on the truck. His arm was caught the flesh and ligaments were torn from the bone. He was a faithful employee of the contractors, always cheerful and pleasant.

Mrs. Robert M. Shower and Mrs. Clayton Black, who sympathize with the convicts who are doing faithful work on our street, on account of the saminess of their menu day after day, showed their sympathy by having them partake of a dinner on the 26th inst., on the lawn under the shadow of the arbor where they had plates laid for thirty to enjoy, which consisted of roast beef, warm slaw, tomatoes, corn, potatoes, with apple pie and coffee, for dessert, that was heartily enjoyed by all.

Mrs. Brockley and grandson, of Hanover, were guests of Mrs. B's sisters, the Misses Dela and Laura Lippy, during the week-end.

The members of the Bixler church, Bachman's valley, held a festival on the lawn at the U. B. parsonage on S. Main street, that was well attended and a good social time enjoyed.

Dr. Harry C. Preston had a hurried call to the home of Clinton Fridinger, at the mill, and found him suffering from an acute attack of appendicitis He was taken to the hospital and operated on at once. At this writing he is doing quite well.

George J. Lorringer bought the building lot on York street from George M. Hoffman, on which is the hay scales, and where Mr. L. is weighing the Shriver corn said to be growing on 450 acres in this section. After the weighing it is taken to the large crib west of town near the state road and unloaded from which the trucks carry it to the factory.

Mr. Reuben Kuhns has had his home on N. Main street painted which adds much to its appearance Wm Kelbaugh did the work.

Mrs. J. E. Musselman, Mrs. H. S. Musselman, Grandma Musselman, Miss Mae Musselman and Captain Walters motored to Frederick on Saturday and enjoyed a pleasant visit returning on Sunday evening.

Mr. H. A. Myers and Mr. and Mrs. Alcorn, of Baltimore, spent Sunday at the Fuhrman home on York St.

Dr. J. H. Sherman made a fine selection of paint for his home and out buildings all uniform in paint and trimmings, quite attractive.

Messrs. Geo. L. Maurath and Chester Rinedollar left on Thursday morning in a roadster to motor to Cincinnati. Mrs. Maurath and Mrs. Rinedollar left by train, in the evening for their future home.

The next reunion of the Brilharts will be held in Michigan. A band of twenty five pieces, all Brilharts furnished the music. Mr. and Mrs Chas. Brilhart, south of town, entertained twenty-one western relatives from Ohio and Michigan, during the week end.

SILVER RUN

Notwithstanding the rather inclement weather, last Sunday morning, a very large congregation assembled in the Reformed church, to hear the recital on the new pipe organ, rendered by Prof. Carl Anstine, of Hanover, Pa., who handled the instrument most skilfully and to the great pleasure of his large audience.

On Sunday September 12, when an all day service, will be held, a program of which will be published later, the organ will be formally dedicated. Miss Sarah Willet is the regular organist of the congregation.

On Saturday, August 28, Emanuel Forney, while working at the packing factory of C. Irving Kroh, had his right arm accidentally caught in the corn drag and terribly crushed. In Mr. Kroh's automobile he was at once rushed to the Maryland University hospital, Baltimore, where skilled surgeons adjusted the broken bones which were also reinforced by the use of nickel plates. Mr. Forney is a sufferer from diabetes, and the shock of the accident aggravated that trouble and brought on other complications from the effects of which, at last reports, it was thought he would not recover. He only recently moved to Silver Run from Baltimore.

While Mr. and Mrs. Robert Eckard of Finksburg, Md., were typhoid fever patients in St. Joseph's hospital, Baltimore, Mrs. Eckard gave birth to a male child which lived but a short while. On Tuesday last its remains were brought to this place for interment in the cemetery here. The burial service was conducted by Rev. John S. Adam, of the Reformed church. Milton F. Little, grandfather of the child, and a few others accompanied the remains to their last resting place. Mr. and Mrs. Eckard are still in the hospital.

The Christian Endeavor Society of the Reformed church held an open air service on the parsonage lawn, last Sunday evening, which was attended by a large audience. Mrs. S. Adam was the leader on the occasion and she handled with ability the topic under discussion. The musical part of the program was augmented by several appropriate selections from the victrola.
