Catarrh Can Be Cured

Catarrh is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

THOSE SUDDEN TWINGES

Bring Suffering to Many a Westminster Reader.

Pain is nature's signal of distress.
A warning not to be ignored.
Those sharp twinges in the back—
Those sudden, stab-like pains when stooping
Are frequent signs of kidney trouble.
To remove kidney pains, you must assist the kidneys.
Use a tested and proven kidney remedy.
None more highly endorsed than Doan's Kidney Pills. Ask your neighbor.
Endorsed abroad—endorsed at home.
Read Westminster testimony.

Mrs. Chas. Helderbridle, Carroll St., says: 'Some time ago I had a very bad case of backache. Sharp pains shot through the small of my back like the thrust of a knife. My kidneys acted too often and I was in a terrible condition. A friend told me of Doan's Kidney Pills and I procured a box. After using them I found great relief. Doan's are a fine kidney remedy and should be used by all kidney sufferers. I still use them whenever I need them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Helderbridle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

What Do You Say

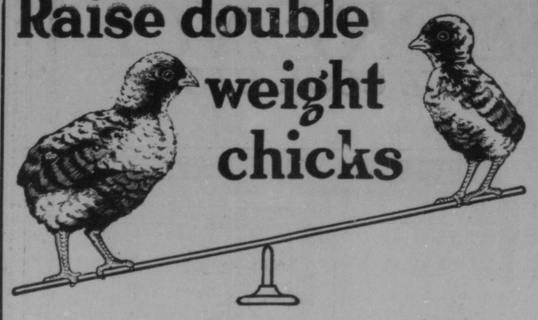

to our sending you a sample ton of our well-known soft coal, the finest burning, greatest heat retaining coal that comes from the mines? If you are not entirely satisfied with it after you have given it a fair trial; if you do not agree with us that it throws out more heat, lasts longer, and is cleaner and more economical than any other coal you have used, we'll take it back at our expense and you won't owe us a cent. Fair enough, isn't it? Send us word to deliver that sample ton to-day.

Raise double weight chicks

Chick growth depends partly on natural vigor due to mating stock and normal incubation, and largely on

Balanced Feed

which perfectly nourishes every part of the growing chick,—flesh, blood, bones and feathers. Grain alone is not balanced since it is largely lacking in proteins—the blood, flesh and feather forming elements. Grain fed chicks frequently grow slowly and feather out poorly. Balance the ideal grain ration, Purina Chick Feed with

Purina Chicken Chowder

and chicks will develop twice as fast. If Purina Chicken Chowder fed as directed doesn't produce this result at six weeks, your money will be refunded. Such a guarantee merits a further investigation and a fair trial. Call today for your checkerboard sack.
