You'll Save Money By Remodeling Now

You who have been waiting for lower prices before you laid that hardwood floor, renewed those old walls and ceilings, re-roofed the house or barn, or built the garage—this message is directed to you.

Do you know that lumber and building material prices are down forty per cent?

Do you know that you can repair or remodel cheaper than at any time in the past five years?

Do you realize that every day you wait not only inconveniences you but costs you real money?

Building material prices may come down more—we think not—but every day you delay in getting the new garage deprives you of the use of it, and causes you to pay out money for garage rent.

Every day you delay roofing the barn and the home, makes your property more liable to damage from storm. Every day you put off inside repairs the trouble increases and the total expense becomes greater.

Do your repairing and remodeling at the present bargain prices and get the benefit now. We are running a special builders' sale, offering materials at unusual prices.

Come in today and let us figure your job. Begin getting the benefit now.
