Coal Facts -- 1921

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15,20 or even 25 cents after next July 1.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered no hardship of consequence during the big bituminous coal strike.

We are simply appealing to your commonsense.

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case a fire loss occurs. The best insurance you can buy now is fuel insurance--you don't know what's coming next winter.

The Real Estate interests of New York City recently had a survey made, with a resulting recommendation that coal be bought **now,** and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says:
"Protect yourself at once for all family and factory coal needs."

We say: **"Buy your coal now--**take reasonable quantities throughout the spring and summer. In this way, you will avoid an excessive demand (like last fall), and a shortage with high prices next winter. Then, if unusual conditions arise in the winter, **who can measure the value of the coal already in your cellar?"**

Call us up--we'll work with you.

Feel Like Giving Up?

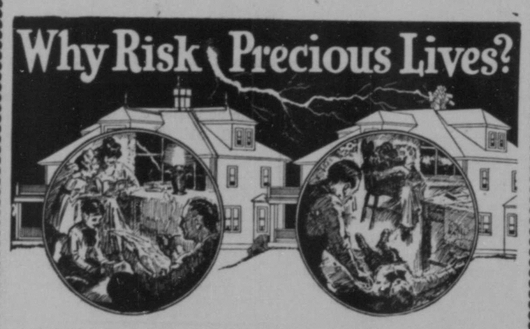

Many Westminster People On the Verge of Collapse.

A bad back makes you miserable all the time—
Lame every morning; sore all day.
It hurts to stoop—it hurts to straighten.
What with headache, dizzy spells, urinary weakness,
No wonder people are discouraged,
Who do not know the kidneys may be the cause of it all.
Give the weakened kidneys needful help.
Use a tested and proven kidney remedy.
None endorsed like Doan's Kidney Pills. Ask your neighbor!

Mrs. Joseph Gilbert, 77 W. Main St., Westminster, says: "I am glad to endorse Doan's Kidney Pills. I have often used them when my kidneys were weak and out of order. I felt dull and run down and my back often ached considerably. Headaches made me miserable and my kidneys acted irregularly. I used Doan's Kidney Pills as directed and they soon relieved all the symptoms of the trouble and strengthened my back and kidneys."

Why Risk Precious Lives?

HUNDREDS of people are needlessly killed every year, for want of proper lightning protection. You can never tell when your turn will come. Neither good intentions nor opinions about lightning offer any protection.

The U. S. Government, insurance companies, fire marshals, and electrical engineers, all say good lightning rods, properly installed, give absolute protection against lightning.

There is one way to know that your family, property and stock are protected—install
