Republican Candidate For County Commissioner

John H. Repp is the Republican Candidate for Election November 8th to the office of County Commissioner for the one and only purpose of desiring to give to that Board the benefit of his assistance to the end that it may perform its functions in a COMPETANT FAIR and BUSINESSLIKE manner. This regardless of any misleading statements to the contrary which the Democratic press has seen fit to publish.

Mr. Repp's business experience and resultant reputation makes him a most desirable type of man for the office his friends have prevailed upon him seeking, and he solicits your support at the coming election if you feel that the Board of County Commissioners should consist of men who are capable of performing their duties with the highest type of business efficiency, having in mind at all times the sole and impartial interests of the County and its tax payers.

Mr. Repp has ABSOLUTELY REFUSED to make any SO-CALLED "POLITICAL CAMPAIGN PROMISES" to any individual or district, regarding ROADS, SCHOOLS, or other improvements, for the simple reason that he is not a man who will lightly promise something at a time when he cannot possibly be certain of its fulfillment. This attitude of the candidate clearly denotes the caliber of man it is your privilege to vote for November 8th, 1921.

W. C. THOMPSON, Political Agent.
