August 9, 1945

Mr. Morris L. Radoff, Archivist
Hall of Records
Annapolis, Maryland

Dear Mr. Radoff:

Your kind letter of July 31st was brought to my attention upon my return yesterday from a week's vacation. May I say as my assistant, Miss Pitcher, has already said, to you, that the Huntington Library will be very glad indeed to accept the deposit of a set of microfilm positives of your major colonial archival series. We feel honored that out of all the research libraries in the United States you have seen fit to make this Library the depository of your important film records.

Cordially yours,

LEB:mm
