A jury of inquest was summoned and a number of witnesses were examined, after which the jury retired to another room where they deliberated on the evidence and were unanimous in rendering a verdict that Charles L. Geiman committed suicide by firing a ball through his heart. His remains were taken to the home of his parents, a mile north of Melrose, from where they were taken and laid to rest in the new cemetery, surrounded by a large concourse of friends. William L. F. Bergman was the undertaker.

The members of Lebanon Lodge No. 175, A. F. and A. M., held their annual supper to which the ladies were invited to attend the festivity. The chefs, Messrs. J. E. The table appointments were first-class and attractive, and everything was served in fine style from the turkey to the ice cream, with plenty of extras belonging to a first class menu. No. 57 had ladies night on the 5th for the members and their families.

Wednesday of last week a call from Dr. Sherman that a chimney was on fire brought out the engine with a complement of members to the home but the fire was put out without putting the machine in action. The wind was blowing a cold gale.

Miss Fannie G. Ross is on her winter vacation among friends in Baltimore and vicinity for two weeks. George S. is having a good time playing the bachelor.

We are called upon to announce the death of an old citizen and friend in the person of Jacob Buchman, who past his 89th mile stone in October last. BASKETBALL SEASON CLOSES TO-NIGHT

Western Maryland College played its last home game when they met and defeated Blue Ridge College, Tuesday evening by the close score 18-16.

Tonight Westminster High will also close the season when they meet the fast Maryland State Normal team.

Last Friday evening a game was played at Towson between the Normal and High School teams. Due to automobile trouble two of the High school players did not get into the game. As a result the team was badly patched up and Normal had an easy victory 32-15. With the team intact for the game to-night, a good game is assured and the High school boys are bending effort to win this game.

Before the boys' game, the girls' team will play a team composed of alumni of the High school. First game will be called at 7:30.

Last night Western Maryland College was defeated by Blue Ridge College, on the latter's ground by a score of 32-20.

Tomorrow night Western Maryland College will play Washington College at Chestertown, Md.

RAILROAD IMPROVES FARM POULTRY

Distributes High Class Baby Chicks To Farm Boys and Girls.

Continuing its policy of improving farm poultry flocks in this state, the Baltimore & Ohio Railroad announces that it will distribute high quality baby chicks to ten farm boys and girls in five of the twelve counties traversed by its lines.

The project requires that each poultry club member raise his chicks under the direction of a County Club Leader, and per instructions furnished him by the University of Maryland Agricultural Extension Service. It will be necessary that each club member enter his best pen of birds in the county poultry exhibit, and the winners in each county exhibit are required to enter their pens in the Tri-State Poultry Exhibit which the Baltimore & Ohio Railroad will conduct, and which will be the outstanding feature of the Baltimore Poultry Show, next December.

Prize pens and some attractive cash prizes will be awarded the winners by the Baltimore & Ohio Railroad.

During the past four years, over 900 farm boys and girls have been enrolled in Baltimore & Ohio Poultry Clubs, some of whom have since developed into professional poultrymen, selling their birds, eggs and chicks commercially, while others have been able to keep themselves in high school and college as a result of the profit derived from their poultry flocks. It is obvious that the Baltimore & Ohio Poultry Clubs have been instrumental in influencing or improving the quality of farm flocks in those communities in which these clubs are located.

This work is being done by the Commercial Development Department of the Railroad, and in close cooperation with the Maryland Agricultural Extension Service and the local County Farm Bureaus.

Some of these people who are suffering from lack of exercise may think it is very funny that President Coolidge keeps in good condition by riding his gymnastic horse.

At a meeting of the M. P. Quarterly Conference held here last Saturday, Alfred Zollickoffer was elected delegate and Scott Bollinger an alternate to the Annual Conference held in Baltimore in April.
