W. M. C. CAMPAIGN TO BEGIN MONDAY

Beginning Monday next and continuing until November 26, the friends of Western Maryland College will put on an intensive drive to raise $75,000, the amount necessary to complete a fund of $375,000 which the college must raise to get the benefit of a $500,000 endowment fund. $125,000 of which will be paid by the State of Maryland, $250,000 by the General Education Board (the Rockefeller Foundation), leaving $250,000 to be raised by the college.

Some months ago the college made an effort to raise all of its amount and, considering the time and the condition of business generally a great success was made. Now that the time is more propitious, business conditions are better, and the friends of the college have had more time to give the matter a more careful consideration it is hoped the present efforts of the college will result in complete success.

During the past few years Western Maryland College has grown rapidly. To-day it is rated A1 among the Association of Colleges of the Middle States and Maryland and the citizens of this city and county should be proud of the fact.

Westminster and Carroll county never had a better advertisement, and this applies especially to Westminster. Without the college Westminster, perhaps, would not have been any better known than many small towns whose names one seldom hears.

By helping the college to grow and thereby cease to be one of the State's dependencies you are helping your community, many young women, and young men to realize their life's dream of an education, and, at the same time, giving Westminster and Carroll county the best kind of advertising which will eventually return to you in the matter of increased values of land etc. But, better than all, you are "doing it unto the least of these."

Meet the solicitors with a smile and gladly subscribe the amount which you feel you should give toward this meritorious, commendable, and statewide effort of the college.

MEETING OF THE WOMAN'S LITERARY CLUB

Mrs. Sidwell was hostess for the Westminster Woman's Literary Club meeting, Monday afternoon, November 9th, when the study of the home, which began with the first meeting of the year was continued. Interior decorating was the subject for the afternoon. Mrs. Shroyer's paper was on lighting and hangings. Mrs. Reese wrote about pictures and floors, and Mrs. Ward took a general survey of the interior of the home. All three papers were excellent and showed careful study of their subjects. Miss Thompson, an art instructor, who has been a frequent guest of the club but who was out of town for the day, upon request of one of the members, sent hints and suggestions for the interior of the home, which if carried out would be most attractive. These suggestions were read by Mrs. Reese. A piano solo, Nocturn in G. Major, by Karganoff, played by Miss Virginia Wright, a student of Western Maryland College, was greatly enjoyed Miss Wright responded to an encore.

At the business session it was unanimously decided to have Miss Adams return to Westminster for an address, January 18. Miss Adams will be remembered by those who braved the blizzard storm to hear her, as the young lady who spoke on World Peace, in Alumni Hall last winter. With the singing of "America, The Beautiful," the meeting closed.

BOARD OF EDUCATION MEETS

The regular monthly meeting of the Board of Education was called to order at 3:55 o'clock on Monday afternoon, November 9th, in the office of the board. All commissioners were present.

The minutes of the previous meeting were approved as read.

The list of bills presented to the board was approved and ordered paid.

As the application of the Parent-Teacher Association of the Charles Carroll school requesting the Board of Education of Carroll County to construct an annex to the school for the purpose of increasing the number of class rooms to accommodate an ever increasing number of pupils, has been laid before the board for its consideration, and

Whereas plans and specifications have been drawn up by the architect to the Board of Education, the Superintendent has received bids amounting to about $7,000.00 for the construction of the same, and

Whereas the board has no funds with which to construct such an annex at this time and the County Commissioners have refused in the budget of 1925-1926 to grant funds for a portable and have indicated their inability to finance this proposition except by means of warrants, therefore, it is the decision of the board that it is unable to construct such a building at this time, and

Furthermore it will place the necessary amounts for the construction of such a building in the budget for the year 1926-1927 and if granted, the building will be constructed at that time.

The proposition of increasing the capacity of the Union street school to properly house the high school department came up for consideration but as the board was unable to lease the necessary land on a rental basis and as it has no funds with which to purchase land, the matter was laid on the table for further consideration at a later date.

The Superintendent reported to the board that William Umbaugh accepted the contract to haul the Strawbridge orphan children but the orphanage refused to be transported on account of the early hour. Not having any authority to make a contract with the Strawbridge home and as no funds have been specifically designated for this purpose, the matter was closed.

It was decided advisable to advertise for sale the old Pleasant Gap property, to be sold on the premises, as the new school building will be ready for occupancy December 1st.

The application of Mrs. Conrad Blum, of Finksburg, Maryland, to allow her daughter to return to the seventh grade in the Westminster school was refused in view of the fact that this was her first year in attendance in the Westminster school.

The Superintendent was authorized to give ten ($10) dollars to the Maryland State Colored Teachers' Association.

The board made application for further funds to continue the construction of the Taneytown building. The County Commissioners informed the board that the amount of money provided for in the five cents special levy for the Taneytown structure had now been paid over and it would be necessary to offer the board a warrant. The Board of Education has refused to accept this warrant on the ground that the County Commissioners in authorizing the construction of the Taneytown building made the following statement in the budget:

"They, the County Commissioners, will provide the means for procuring the necessary $45,000.00, they will levy 5c additional to the .9403 specified, making the rate of the levy for school purposes for the coming year .8903 on the $100.00, and for the balance of said sum of $45,000.00 will make provision for its payment."

By offering the Board of Education a warrant it will devolve upon the Board of Education to provide the method of financing which the Board of Education declines to do.

Requests for contributions to local funds raised for purposes indicated, were presented to the board which contributed ten dollars to the amount already raised in each case, with the understanding that the same is to be paid when the necessary funds are available.

The following trustees were appointed: Uniontown, Mr. D. Myers Englar vs. Dr. Kemp, deceased; Mr. Walter Rentzel vs. Mr. Guy Cookson.

The meeting adjourned at 5:30 P. M.
