July the first P.M. found 15 of the
of my Chrometer about 24 Mile
to the westward of the Ship By
the land which I seed this day the
Ship is in the Long 187.85 West
by the Chrometer the Long 189.80 West
Difference Betwen the 1.33 Long
Lunar and Chrometer 93 Mile
all A Hambley
Chrometer all Rea
Robert Hood Rate
Lat. 55 Long 154 Long
June July August September
Capt. Smith Jeffersin
Saw plenty of Whales all
July Saw all of August Lat
34 11 93 Lunar
Capt. Smith says that Capt
Fitzhum in the Ship Byard
Was any Luck of Whale from
the White Rock Down to the
Bay got then the first of May
Left the 18 of June
