WORLD'S ONLY FIVE RING CIRCUS COMING

Yoo-ho! Skinnay! Lookit, lookit!

World's first and only five ring circus coming this way! A hundred double-length railroad cars loaded with the ten thousand wonders of the Ringling Brothers and Barnum & Bailey's Combined Shows that will give performances at

BALTIMORE
MAY 12 AND 13

Never has there been more than three rings in the past. Now the famous brother showmen have fixed it so folks at the ends of the tent can see just as much as those who sit near the middle. Imagine five big circus rings in a row with stages set in between. That means that five companies of performing horses, twenty-four in a group, are presented at one time. The same is true with the elephant actors—five herds all performing stunts at one time.

Big acts are the rule in the great new circus of 1926. Aside from the five troupes of liberty horses, two hundred others, each ridden by an expert in costume execute drills and splendid maneuvers on the mammoth hippodrome track. Thirty additional ones are of the high-school type, while a score of superb thoroughbreds leap hurdles and barriers of record height. The number of trained horses alone carried for this season's program reaches the astounding total of three hundred and fifty.

The equines but share honors in the twenty-two displays. In addition to them are the eight hundred aerialists, bareback champions, gymnasts and high-wire artists. These embrace the world's foremost men and women stars including a host of recently imported foreign features. Some of these number families of nine, eleven and fifteen in an act. A hundred of the world's funniest clowns enliven the more than two hours of circus program. The tournament is the most dazzling yet devised. The menagerie has been increased to more than a thousand rare animals. The tent which houses them is almost as large as the big top of other seasons. The 1926 main-tent seats over 15,000 people.

"Spring fever" is now the style, but in former days this phrase was simply spelled L-a-z-i-n-e-s-s.
