HERE'S WHY 1926 CIRCUS IS BIGGEST

Ringling Bros. Enlarge Greatest Show On Earth To Dedicate Mammoth New York Edifice.

A circus so big that it requires two added rings, eight stages, a wider hippodrome track and a 700-foot-long big top to display its marvels is now headed this way. It is the Ringling Brothers and Barnum & Bailey Combined Shows, to give performances at **Baltimore, May 12 and 13.**

The five rings now used have been made necessary to present the added attractions got together in the spring to celebrate the combined shows first appearance in New York's New Madison Square Garden. This edifice is the biggest ever built for circus purposes. To fittingly dedicate it the Ringling Brothers themselves spent months in Europe mobilizing the biggest circus in history. This same show that for weeks entertained New York's millions is now on tour under canvas.

The tournament is as brilliant as in the past but has been enlarged by the addition of such novelties as zebras and llamas broken to harness and hitched to gem-studded floats. Wee baby elephants ride at the tops of allegorical cars. The menagerie of more than a thousand animals embrace such features as thirteen elephant youngsters with the smallest stationed side by side with the largest pachyderms in captivity. Another importation is the largest and handsomest tiger of which there is record.

Performing horse acts are now presented in quintet—a troups in each of the five rings. Those elephants who are performers appear in similar formation—five herds at one time. The number of men and women aerialists, bareback riders, gymnasts and high-wire performers has been increased to eight hundred. There are three hundred and fifty trained horses, two hundred of which appear in a single display. One hundred double length cars are required to handle this gigantic amusement enterprise.

The speculators need not worry about their stock market losses, for if they had not lost it there, they probably would have dropped it somewhere else.

Be Neighborly!

If you are one of those who have written for The Charles William Stores' Catalog of big bargains and have not received it we are sorry. The reason is, an amazing demand for this book has exhausted our supply. We earnestly ask you to borrow a catalog from one of our customers—there are many in your community—and we are sure they will oblige you . . . and us.

Of our old customers we ask please help us and your less fortunate neighbors by loaning them your catalog for awhile.

We could not foresee how great the demand would be for this catalog and as our Special Midsummer Sale Catalog will be published so soon—May 15th, it seems hardly practicable to print a fresh supply of the big book before the special sale catalog is out.

We have all the big bargains that have made our catalog so popular and created the huge demand, but unfortunately we have no more books. However, if our old customers and new ones will co-operate with us they will render a real service to us and to their neighbors.

We thank you.
