April 1832 Ship Bengal Lying at the Port of Nukuheva

Thursday 3rd Moderate winds and light Baating to the Windward first part of the guns in order and
first 8 hours we each top and made all fast preparation
to meet those Cannibals that there is no Danger Comes
want there Enormous at about 4 P.M. Beat up about
of Mr Stewart Castle on low rapid Smoke and Stu
and the Butchah Streams of fresh water running
down of the mountains and lashed falling down
other pressures 4 or 5000 feet perpendicular and
Bore S E about 10 miles Is at his 3 pointed
Rocks on the top of the highest mountain
8000 to 9000 feet in height and run up to a
sharp point above the Clouds Beat up off
of the port and Sail'd Back through the night
and in the morning with Smart squall of
wind and rain and at 9 A.M. Came to anch
in 6 fathoms of water and about 200 of the
Natives on board of take make and female
and the grate many of them Entirely
Nuke as they were Born and have never
to Steam for neg them Cut good But new
those Lasses it would make your Eye
twich O think the most Butchah Like
people I Ever saw Squalls Blow fresh and
with at Mr Stewart Whitings Mr John
the Catherine left Chase and the Matilda
left Houlan and Cattering at Taboo Lying here
and there was an English Ship Lying off and
and sent a Boat in for News to Eno this day
