HIS MOTHER

was old and feeble and knew nothing about business. When he died he left her all he had. She had no one to look after her property and in a year's time it was all gone, and the poor mother went "over the hills to the poor house."

In countless cases women have been swindled out of what the head of the family left them. The one, sure certain way to protect the Women of the Home—and to see the Home is always theirs—is to name us as Trustee.

"I WON'T LOSE IT"

This phrase is spoken by every one over and over again.

As a boy, he says it to his mother as she starts him off to the store with a piece of silver for a loaf of bread.

As a youth, he makes this statement to his father, when he has persuaded Dad to back his first business venture.

As a man, he says it to himself whenever he puts his hand in his pocket and the feel of a roll of bills suggests that he give them better protection.

The amount of money lost annually by pilferage, carelessness or misplacement is so great as to be incalculable.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give *Doan's* signed endorsement. *Ask your neighbor!*
