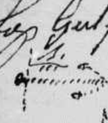
April 1834 Left the Bays of Albemarle

Saturday 5th First part low & Boat Cannot

Lat 0 0 0 Down the passage full of more Standing

Lon 0 0 0 for the Ship possibly there Boat Crew that



had been away from a Ship in the Lee

Bay and at 2 P.M. Opened in the sound

and let Standing Sails and royals and

hoist her on to get out the Southern and

Eastern Passage the wind came in

and saw a Sail far to Windward first Calm

Latter part a light Breeze and Stood out

Battling much Slight of the Islands and saw

Little Blackfish and porpoises and

Broach out in the after hold to stow down

oil to Land this Day where we should be

Sunday 6th First part finished stowing down

Lat 0 0 0 and washed of Decks and Stood up the Ship

in the morning & got out Clear of the

Lon 0 0 0 Land and Stood W. N. W. with a fine

Breeze from S. S. E. to Sunset this Day

Monday 7th Commences with Light winds from

Lat 0 0 0 S. S. E. to Stormy N. W. Latter part saw

Lon 0 0 0 2 Barques ahead to Windward Calm

Tuesday 8th First part a Boat Came on Board

Lat 0 0 0 from one of the Barques it was the Barque

Lon 0 0 0 Isabella 28 months out with 1400 lbs the Captain

came on Board and Spent the Greater part of the Day from

the Barque came home and some of the Barque

Crew that we saw in the Bays they had

made fires for the Barque to take them

off they had been away from a Ship Latter

part in with the Land and a thick fog to

the Land Winds saw nothing and it is dark

in sight as well as those we did 7 0 0 lbs

April 1834 About the Galloways Islands

Wednesday 9th Commences with Light winds from N. W.

Lat 0 0 0 Stormy by the wind at N. N. E. and saw

Lon 0 0 0 Blackfish and porpoises Killers and saw

the 2 Barques of the Southern Bay middle part

Calm Latter part a fine Breeze from W. N. W.

Stormy N. B. E. and got to the Northern

of Nuhra at Last and saw a Sail of the

Southern Beam Crossed the Lee Bays and

saw Boats Dunder the rock with we fished

of about 18 months since we have made

a great alteration in our Crew but not

in our oil since we saw this Boat before

to Ends of the North head of Albemarle

Thursday 10th Commences with Light winds from N. W. to

Lat 0 0 0 Stormy N. B. E. Latter part got up of the

Lon 0 0 0 Rock and saw Killers finbacks porpoises

to Ends this Day with a Strong Current Stood

to the Southward and we have no Islands here

Friday 11th first part Stormy winds N. E. B. E. at

Lat 0 0 0 Beating up the Eastern Ends of Albemarle to

Lon 0 0 0 get to James Island Middle part Calm and

dead what we got to windward Latter part the Sun

Saturday 12th Commences with moderate winds from

Lat 0 0 0 N. E. B. E. and Light Beating up against

Lon 0 0 0 about the wind and Strong Current to assist us

Lat 0 0 0 Stormy time and we now where we were 3 Days

Lon 0 0 0 Previous going towards to Rock Sunday

middle part A Ship passed about to Ships to the

Leeward of us on the opposite to the Rock

Sunday 13th Light Beating up for James Island and

Lat 1-00-15 saw a Ship in with the Land Latter part

Lon 91-21-45 Days we put away for Crocus Islands
