PONTIAC SIX
$825
SEDAN or COUPE

You need to drive a Pontiac Six for only thirty minutes to discover abilities and qualities absolutely unique at the price.

You experience a mastery of performance once undreamed of in any low-cost six—acceleration that borders on the sensational, lugging power and sustained high speed capacity that would be impossible save for the fact that the Pontiac Six engine is the largest six-cylinder power plant used in any car costing less than $1000.

Yet, unprecedented as they are, these performance results only typify the pronounced over-all superiority that has made Pontiac Six such a spectacular success from the day of its presentation.

In the beauty of its Fisher bodies, in its supreme roadability, in its economy of operation and its unfailing stamina, the Pontiac Six represents a decisive departure from the standards that once ruled in the field of low-cost sixes—

—a fact that you can prove to your own satisfaction by a thirty minute drive—at any time, under any condition.

Pontiac Six Landau Sedan, $895. Oakland Six, companion to Pontiac Six, $1025 to $1295. All prices at factory. Easy to pay on the liberal General Motors Time Payment Plan.

STONE CHAPEL

We will not have preaching at Stone Chapel Sunday afternon, October 31. All are expected to attend the annual Sunday school parade in Westminster at 1 P. M. at the Court House. The men's meeting will be in Alumni Hall, W. M. C., where the address will be made by Rev. Watson, Baltimore. Do not miss it, a fine talk you will hear. The women and children will hold a meeting also where you will be well entertained. A large delegation from every church in Carroll county is expected to be present making it the largest one we have had.

We have a number of children sick with tonsilitis, whooping cough, and bronchitis. They are all getting better under the skilful treatment of the doctors.

Come to the oyster supper to be held in the social hall, Stone Chapel, Thursday, November 4, from 5 to 11 P. M. A fine supper will be served to you by young ladies in their pleasant way.

More rain, frost and cold weather, the ground is frozen this (Wednesday) morning.

Are You "Toxic?"

It Is Well, Then, to Learn the Importance of Good Elimination.

FUNCTIONAL inactivity of the kidneys permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backache and dizziness. That the kidneys are not functioning as they should is often shown by scanty or burning passage of secretions. Many readers have learned the value of *Doan's Pills*, stimulant diuretic to the kidneys, in this condition. Users everywhere endorse *Doan's. Ask your neighbor!*
