Advocate's Statement Untrue.

Auditor Wooden Nails It.

The following letter of Auditor Wooden proves that the statement of Mr. George E. Benson that when he ceased to be a county commissioner in 1910 the county had no debt is not correct. In 1910 the county owed a debt for schools of $22,000.00, $6,000.00 of which amount is still a part of the county's indebtedness.

Mr. Wooden's Letter

Baltimore, Md., Oct. 20, 1926.

Mr. Charles W. Melville, President,
The County Commissioners of Carroll County,
Westminster, Md.
Dear Mr. Melville:-

My attention has been called to the advertisement appearing in the Democratic Advocate of October 15th, 1926, which purports to show the financial condition of Carroll county for the years 1917 to 1926 inclusive, which advertisement states that the 1926 figures were taken from my report of June 30th, 1926.

This statement on the part of those responsible for the advertisement is incorrect as I have not yet submitted my report. I have, however, submitted to you by letter a Preliminary Statement of certain liabilities, but the figures used in the advertisement are not in accordance with the letter submitted to you, and from the information in my possession I can say definitely that these figures are not correct.

The advertisement states that for the years 1918, 1919, and 1920, the county did not have any debt. This staement is incorrect as there has been outstanding since 1900 a school bond issue, a portion of which is still unpaid.

I will endeavor to complete the audit as soon as possible, and send you a complete report, so that the correct figures will be available to anyone who is entitled to same.

Very truly yours,

ERNEST E. WOODEN,
Certified Public Accountant,
Member American Institute of Accounts.

To The Public

As I have been prevented by the duties of my office from making an extensive personal canvass of the county I am using this method of soliciting the support of all the voters at the election on Tuesday next, and I promise that if elected I shall continue to give to the office the very best that is in me.

Theodore F. Brown,

Candidate for State's Attorney.

Democratic Advocate, Where Do Your Candidates Stand?

The Democratic Advocate is making a lot of noise but why does it not tell the people of Carroll County upon what principle of fair dealing a Democratic Legislature enacted a law under which a Democratic Board of County Commissioners passed a resolution under which two and one-half millions of dollars worth of the tools and machinery of manufacturers in Carroll County is wholly free of taxes?

WHY DOES IT NOT TELL THE PEOPLE THAT THE FARMERS AND OTHER TAXPAYERS IN CARROLL COUNTY ARE PAYING THE TAXES FOR THESE MANUFACTURERS?

Why does it not tell the people that unless the Senate and House of Delegates pass a law giving authority to the County Commissioners of Carroll County to repeal this exemption, and unless the County Commissioners, when such authority is granted, actually do repeal this exemption the tools and machinery of Manufacturers in Carroll County will continue to be free of taxes, and the farmers and other taxpayers will continue to pay the taxes for these manufacturers without regard to how many more million-dollar factories are started in Carroll County?

Why does it not tell the people where the Democratic Candidates for the State Senate, for the House of Delegates and for County Commissioners stand on this important issue?

George P. B. Englar, the Republican Candidate for the State Senate; C. Ray Barnes, Charles B. Kephart, Melvin W. Routson and Jesse P. Weybright, the Republican Candidates for the House of Delegates; Charles W. Melville, John H. Repp and Charles H. Spicer, the Republican Candidates for County Commissioners, all stand pledged to see to it that the factories pay taxes as well as the farmers.

WILLIAM L. SEABROOK, COUNTY COMMISSIONERS' ATTORNEY WRITES AN OPEN LETTER

Westminster, Md., October 26th, 1926.

To the Fair-minded Voters of
Manchester, Hampstead, Taneytown,
Uniontown and Middleburg districts:-

The Democratic Advocate of October 22nd asks a question, which demands a response, saying:-

> "The Attorney for the Board of County Commissioners of Carroll County prepared the record and achievements of that body, in which he stated that the present Board of County Commissioners was a unit in the management of the financial affairs of the county, * * * its members were representatives of all the people, administering all the county's affairs without partisan bias and with strictest impartiality to all sections. Are these statements correct?"

The Advocate then argues that, because 24¾ miles of McAdam roads have been built in Taneytown, Uniontown and Middleburg districts, these districts have been favored because they are large Republican districts.

The Advocate forgets that 13½ miles of **better roads, at greater cost** have been built in Manchester and Hampstead districts, and that nine miles of the roads in these Democratic districts were built under State specifications, taken over by the State, and are now maintained as State roads.

Will the voters of Taneytown, Uniontown and Middleburg districts vote against the men by whom they were favored, according to the Advocate's statement?

Will the voters of Manchester and Hampstead districts be so ungrateful as to vote against the men who gave them the splendid roads in their districts, which will never cost the county a penny for their maintenance?

I would respectfully urge every fairminded voter, Democrat and Republican, in the districts named, to rebuke the author of the misleading, unfair and partisan article in the Advocate, by voting for the Republican candidates for County Commissioners.

THE ATTORNEY FOR THE COUNTY COMMISSIONERS.
